	J
1	
2	**Reason**
3	Overtime needed to process checks to meet federal mandate
4	Computer operations require staffing on a 24 hour basis
5	Supports critical FIA applications,maintenance performed during off hours on nights and weekends
6	Change room to switch control rather than computer control
7	Area is staffed 24hrs/day, 6 days per week
8	Area is staffed 24hrs/day, 6 days per week
9	Client Service Center staff must be on-site every Saturday to provide technical support for the Dept. of State
10	Deputy Director Musette A. Michael regularly works beyond 8p during the week and is regularly in the office on weekends
11	Kristen McDonald-Stone frequently works irregular hours
12	Lights needed for individuals working 2nd shift
13	Lights needed for individuals working Saturdays for WIC onlines
14	Preparation of state budget requires work on weekends and after hours
15	Year-end closing and state of MI conprehensive annual financial report
16	Lynda Rossi is in the office working each weekend and needs lighting to accomplish her work
17	Permanent exemption to provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
18	To provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
19	CSA has evening staff as well as Saturday staff
20	Executive personnel often work late hours compiling info for Governor's Office and legislators
21	Federally Funded Overtime for the Social Security Administration
22	Additional hours required to effectively manage the assets of the Operations area of MDOT and to comply with the Executive Directives and ARRA funding.
23	Irregular and unscheduled work hours are often required
24	Deputy Director Barrie occasionally arrives at work as early as 4a and stays as late as 10p
25	Occasionally working early and late
26	Periodically the work area requires lighting beyond the normal hours due to the I ndividual's travel schedule, workload and job assignments.
27	Deputy Director Patrick Barrie sometimes comes to work on irregular hours
28	Operates Bridges Help desk on Saturday
29	Office opens at 6:00am daily
30	**Staff Overtime**
31	These are the hours of critical operation, deadlines will not permit work hours to be shifted in the morning - the period btwn 5a and 8a is intense
32	2nd shift Info. Tech. on duty year round to provide support for Treasury data entry systems
33	The systems and their efficient operation are critical to the state's computing infrastructure requirements, employee work and safety
34	Data Center Operations Production site staffed 24/7, 365 days/yr -- Treasury computer rm is Disaster Recovery & Development facility, staffed 7a-6p Mon-Fri
35	Provide in-house assistance to SOS branch offices open on Saturday mornings
36	2nd shift + overtime is necessary on 90% of Saturdays
37	Completion of the year end closing/audit of MHESLA and various bonding transactions for MHESLA

643	ORS is implementing legislation that requires 300,000 public school employees to make a selection on retirement benefits. The window for making the selection is open and ORS has regularly been having customers in the building beyond 5:00 p.m. It was determined today, 10/23/12, that to meet customer needs, for the next 3 days ORS would extend walk-in office hours until 7:00 p.m. each day.					
644	Extra working hours are required to complete federal reports. DHS will be cut off from receiving federal revenue if reports are not complete by the 10/30/12 due date.

814	The SSA has authorized the use of overtime, funded by 100% federal funds, to develop claims filed by the people of the State of Michigan claiming disability. The DDS office is under an emergency status to the end of the 2013 fiscal year due to backlogs of SSD claims. It is in the interest of the clients as well as the SSA to process the claims as timely as possible

	J
982	carpet cleaning
983	carpet cleaning
984	Scrub restrooms on all floors
985	Mandatory Overtime for Customer Service for tw Saturdays
986	We have 2nd & 3rd shift employees who leave via the elevators. The motion detectors do not turn on the lights until you make it around the corner & into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
987	Working on ERP projet and other OFM staff are here until 6pm
988	Material testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict time requirements may result in loss of Federal funding for construction projects.
989	Restroom Scrubbing
990	Lighting required for archives of Michigan after-hours event
991	SACWIS OT
992	Training
993	Vacuum all conference room furniture
994	Annual MAIN Disaster Recovery Test.
995	*Staff are working Tuesday, August 5, 2014 to conduct the August 5th primary election (8/5/2014). Election Staff will be working (24 hours) early and thru the next day to assist clerks with election problems and assist them with opening and closing the polls and reporting election results.*
996	After hours and exterior lighting for an after-hours event at the Museum which benefits the Michigan History Foundation.
997	SACWIS OT
998	A major MiCSES release will be happening over this weekend.
999	Staff is attending on-line university classes in our office. Class runs until after 9:00pm. Currenly this class is running on Monday night. This would be the only night we would need after hours lighting.
1000	We will be facilitating a foster parent training on the above dates.
1001	Staff are working Tuesday, Febuary 24th, 2014 to conduct the February 25th election (2/25/2014). Election staff will be working early and late tha that day to assit clerks with election problems and assit them with opening and closing the polls and reporting election results.
1002	Scrub restrooms
1003	Chair cleaning
1004	Lobby/Restroom scrub
1005	Material Testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict requirements may result in loss of federal funding for construction projects.
1006	Top strip and finish all floors
1007	carpet cleaning
1008	Scrub all restrooms and high traffic areas
1009	We have been given overtime on these days for cash assistance staff work.

	J
1054	Working on the CAFR and some staff are on AWS where they are here past six.
1055	Supreme court term starts next week. The justices and staff work on weekends during the team
1056	SOS hosting inaugural event
1057	Event for DNR
1058	These administrative law judges find it necessary to work past 5:00 pm on week days, work weekends as well holidays based on the cases they have and the extra work required. The dates and times are unpredictable. (See attached letter from Peter Plummer)
1059	Work overflow
1060	Extract carpet in elevators
1061	Staff Overtime
1062	Special Project
1063	Staff working until 7:30 p.m.
1064	Scrub all restrooms
1065	We have executive level staff in this area of the 4th floor who often return to work at or after 5pm from being in the field.
1066	Due to often overtime requests.
1067	Due to numerous, unscheduled, last minute deadlines from the State Budget Office, Governor's office, House of Fiscal Agency, and Senate Fiscal Agency, staff are required to work extra hours in order to meet required deadlines.
1068	Staff overtime
1069	The DNR has many employees with alternate work schedules and many managers who work on a regular basis past 6:00p.m. Leaving the lights on will create a safe environment for those employees working later hours.
1070	We Work 24/7/365 and lighting is crucial to our operations
1071	CPC and PGS night shifts
1072	The nature of our work often requires someone to be here after normal business hours and on weekends/holidays
1073	Treasury University classes
1074	The State Lab is a 247 day 365 days a year operation
1075	Chief Deputy and governmental need lights to be on
1076	Overtime
1077	AG in-charge is required to work nights and weekends as needed.
1078	Staff in need of lights
1079	High Traffic
1080	State Budget Office staff will be working all weekend getting ready for the budget presentation on February 11. It would be nice if all normal ventilation be left on as well. :-)
1081	carpet cleaning & conference room 122
1082	Hard floors, Kitchen

	J
1119	MDARD is hosting a meeting from 7:00 a.m. to 5:00 p.m. the meeting is Wild-Forged Mushroom Training and Certification. They have submitted an event application and will pay for necessary staffing.
1120	Training
1121	Clean all Blinds
1122	We need lights on for Satyrday due to overtime
1123	Foster Care Training every Tuesday evening from 5-9pm beginning 3/3/15-4/28/15 no training on March 31st due to spring break
1124	First Aid/CPR training for our foster parents
1125	Mandatory Overtime for Foster Care staff
1126	Lights are needed to be left on until 11:00pm on April 29. 2015. This will allow for Peckham cleaning crew to clean the conference room and DTMB to move tables, and chairs to the third floor rotunda
1127	Overtime
1128	Staff will be working Tuesday, May 6, 2014 to conduct the May 5h election)5/5/15. Election Staff will be working early and late that day to assist clerks with election problems problems and assist them with opening and closing the polls and reported election results
1129	
1130	Removing old carpet and installing new carpet
1131	Top Strip & Refinish
1132	Need lights to be on in order to work and function after hours preparing for our upcoming auction
1133	MDE project needing overtime
1134	Bridges scanning and indexing over time
1135	Scrub Bathrooms
1136	High Traffic
1137	Set up for Speaking Session June 1
1138	Clean air bars
1139	
1140	We are hoping to be authorized to work Saturdays at the operations center in Dimondale until we are finished with the project (starting this Saturday 5/16/15). Please see the attached request form.
1141	2nd and 3rd shift employees who leave via the elevators. The motion detectors on the 1st floor do not turn on the lights until you make it around the corner and into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
1142	Overtime
1143	High Traffic
1144	Scrub all restrooms
1145	Merging of divisions
1146	Supreme court justices and staff work on weekends during the term
1147	Staff are working Saturday, August 1, 2015 and Sunday, August 2, 2015 in preparation for the August 4th primary election. Election Staff will be working both days from 9 AM – 4 PM to assist clerks with election problems and assist them with getting ready for the election.
1148	Finishing term reports

4	Material testing must be performed as specfic times and dates to be in compliance with specfications. Failure to meet these strict time requirements may result in loss of federal funding for construction.	Kendra Barak
5	This is a carryover from AY15 that will expire Dec. 31, 2016, no changes needed. Executive Office staff work after hours and on weekends. The Exec office staff, often without notice, may have the need to do work in their office. Issues relating to the budget, revenues and tax policy may need to be addressed at any given day and/or time.	Ann Luepnitz
6	This is a carryover from AY15 that will expire on Dec. 31, 2016. Treasury staff may need to work after normal business hours and on weekends. Therefore, Treasury staff needs to have the ability to call central control to have the lights turned on.	Ann Luepnitz
7	This request is a carryover from AY15 that will expire on Dec. 31, 2016. there is no change to the existing lighting needed. Impentations of the new SAP tax system. Need lights and air 7 days a week from 6am-11:59 p.m., including weekends and holidays	Ann Luepnitz
8	Staff will be working Tuesday, March 8, 2016 to conduct the March 8th Presidential Primary Election (3/8/16). Election staff will be working early and late that day to assist them with opening and closing the polls and reporting election results. Time requested is from 6am-11pm on March 8th only for both lighting and HVAC.	Lucinda Sheltrown
9	Working on the Flint water crisis	Melissa Ball
10	Overtime	Deborah Christopher
11	An estimated 20 staff will be working after hours between the times of 7am and 1pm lighting and HVAC cwill be needed during this time	Chad Coffman

1	
2	**Reason**
3	Overtime needed to process checks to meet federal mandate
4	Computer operations require staffing on a 24 hour basis
5	Supports critical FIA applications,maintenance performed during off hours on nights and weekends
6	Change room to switch control rather than computer control
7	Area is staffed 24hrs/day, 6 days per week
8	Area is staffed 24hrs/day, 6 days per week
9	Client Service Center staff must be on-site every Saturday to provide technical support for the Dept. of State
10	Deputy Director Musette A. Michael regularly works beyond 8p during the week and is regularly in the office on weekends
11	Kristen McDonald-Stone frequently works irregular hours
12	Lights needed for individuals working 2nd shift
13	Lights needed for individuals working Saturdays for WIC onlines
14	Preparation of state budget requires work on weekends and after hours
15	Year-end closing and state of MI conprehensive annual financial report
16	Lynda Rossi is in the office working each weekend and needs lighting to accomplish her work
17	Permanent exemption to provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
18	To provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
19	CSA has evening staff as well as Saturday staff
20	Executive personnel often work late hours compiling info for Governor's Office and legislators
21	Federally Funded Overtime for the Social Security Administration
22	Additional hours required to effectively manage the assets of the Operations area of MDOT and to comply with the Executive Directives and ARRA funding.
23	Irregular and unscheduled work hours are often required
24	Deputy Director Barrie occasionally arrives at work as early as 4a and stays as late as 10p
25	Occasionally working early and late
26	Periodically the work area requires lighting beyond the normal hours due to the I ndividual's travel schedule, workload and job assignments.
27	Deputy Director Patrick Barrie sometimes comes to work on irregular hours
28	Operates Bridges Help desk on Saturday
29	Office opens at 6:00am daily
30	**Staff Overtime**
31	These are the hours of critical operation, deadlines will not permit work hours to be shifted in the morning - the period btwn 5a and 8a is intense
32	2nd shift Info. Tech. on duty year round to provide support for Treasury data entry systems
33	The systems and their efficient operation are critical to the state's computing infrastructure requirements, employee work and safety
34	Data Center Operations Production site staffed 24/7, 365 days/yr -- Treasury computer rm is Disaster Recovery & Development facility, staffed 7a-6p Mon-Fri
35	Provide in-house assistance to SOS branch offices open on Saturday mornings
36	2nd shift + overtime is necessary on 90% of Saturdays
37	Completion of the year end closing/audit of MHESLA and various bonding transactions for MHESLA

643	ORS is implementing legislation that requires 300,000 public school employees to make a selection on retirement benefits. The window for making the selection is open and ORS has regularly been having customers in the building beyond 5:00 p.m. It was determined today, 10/23/12, that to meet customer needs, for the next 3 days ORS would extend walk-in office hours until 7:00 p.m. each day.					
644	Extra working hours are required to complete federal reports. DHS will be cut off from receiving federal revenue if reports are not complete by the 10/30/12 due date.

982	carpet cleaning
983	carpet cleaning
984	Scrub restrooms on all floors
985	Mandatory Overtime for Customer Service for tw Saturdays
986	We have 2nd & 3rd shift employees who leave via the elevators. The motion detectors do not turn on the lights until you make it around the corner & into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
987	Working on ERP projet and other OFM staff are here until 6pm
988	Material testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict time requirements may result in loss of Federal funding for construction projects.
989	Restroom Scrubbing
990	Lighting required for archives of Michigan after-hours event
991	SACWIS OT
992	Training
993	Vacuum all conference room furniture
994	Annual MAIN Disaster Recovery Test.
995	*Staff are working Tuesday, August 5, 2014 to conduct the August 5th primary election (8/5/2014). Election Staff will be working (24 hours) early and thru the next day to assist clerks with election problems and assist them with opening and closing the polls and reporting election results.*
996	After hours and exterior lighting for an after-hours event at the Museum which benefits the Michigan History Foundation.
997	SACWIS OT
998	A major MiCSES release will be happening over this weekend.
999	Staff is attending on-line university classes in our office. Class runs until after 9:00pm. Currenly this class is running on Monday night. This would be the only night we would need after hours lighting.
1000	We will be facilitating a foster parent training on the above dates.
1001	Staff are working Tuesday, Febuary 24th, 2014 to conduct the February 25th election (2/25/2014). Election staff will be working early and late tha that day to assit clerks with election problems and assit them with opening and closing the polls and reporting election results.
1002	Scrub restrooms
1003	Chair cleaning
1004	Lobby/Restroom scrub
1005	Material Testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict requirements may result in loss of federal funding for construction projects.
1006	Top strip and finish all floors
1007	carpet cleaning
1008	Scrub all restrooms and high traffic areas
1009	We have been given overtime on these days for cash assistance staff work.

	J
1054	Working on the CAFR and some staff are on AWS where they are here past six.
1055	Supreme court term starts next week. The justices and staff work on weekends during the team
1056	SOS hosting inaugural event
1057	Event for DNR
1058	These administrative law judges find it necessary to work past 5:00 pm on week days, work weekends as well holidays based on the cases they have and the extra work required. The dates and times are unpredictable. (See attached letter from Peter Plummer)
1059	Work overflow
1060	Extract carpet in elevators
1061	Staff Overtime
1062	Special Project
1063	Staff working until 7:30 p.m.
1064	Scrub all restrooms
1065	We have executive level staff in this area of the 4th floor who often return to work at or after 5pm from being in the field.
1066	Due to often overtime requests.
1067	Due to numerous, unscheduled, last minute deadlines from the State Budget Office, Governor's office, House of Fiscal Agency, and Senate Fiscal Agency, staff are required to work extra hours in order to meet required deadlines.
1068	Staff overtime
1069	The DNR has many employees with alternate work schedules and many managers who work on a regular basis past 6:00p.m. Leaving the lights on will create a safe environment for those employees working later hours.
1070	We Work 24/7/365 and lighting is crucial to our operations
1071	CPC and PGS night shifts
1072	The nature of our work often requires someone to be here after normal business hours and on weekends/holidays
1073	Treasury University classes
1074	The State Lab is a 247 day 365 days a year operation
1075	Chief Deputy and governmental need lights to be on
1076	Overtime
1077	AG in-charge is required to work nights and weekends as needed.
1078	Staff in need of lights
1079	High Traffic
1080	State Budget Office staff will be working all weekend getting ready for the budget presentation on February 11. It would be nice if all normal ventilation be left on as well. :-)
1081	carpet cleaning & conference room 122
1082	Hard floors, Kitchen

1119	MDARD is hosting a meeting from 7:00 a.m. to 5:00 p.m. the meeting is Wild-Forged Mushroom Training and Certification. They have submitted an event application and will pay for necessary staffing.
1120	Training
1121	Clean all Blinds
1122	We need lights on for Satyrday due to overtime
1123	Foster Care Training every Tuesday evening from 5-9pm beginning 3/3/15-4/28/15 no training on March 31st due to spring break
1124	First Aid/CPR training for our foster parents
1125	Mandatory Overtime for Foster Care staff
1126	Lights are needed to be left on until 11:00pm on April 29. 2015. This will allow for Peckham cleaning crew to clean the conference room and DTMB to move tables, and chairs to the third floor rotunda
1127	Overtime
1128	Staff will be working Tuesday, May 6, 2014 to conduct the May 5h election)5/5/15. Election Staff will be working early and late that day to assist clerks with election problems problems and assist them with opening and closing the polls and reported election results
1129	
1130	Removing old carpet and installing new carpet
1131	Top Strip & Refinish
1132	Need lights to be on in order to work and function after hours preparing for our upcoming auction
1133	MDE project needing overtime
1134	Bridges scanning and indexing over time
1135	Scrub Bathrooms
1136	High Traffic
1137	Set up for Speaking Session June 1
1138	Clean air bars
1139	
1140	We are hoping to be authorized to work Saturdays at the operations center in Dimondale until we are finished with the project (starting this Saturday 5/16/15). Please see the attached request form.
1141	2nd and 3rd shift employees who leave via the elevators. The motion detectors on the 1st floor do not turn on the lights until you make it around the corner and into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
1142	Overtime
1143	High Traffic
1144	Scrub all restrooms
1145	Merging of divisions
1146	Supreme court justices and staff work on weekends during the term
1147	Staff are working Saturday, August 1, 2015 and Sunday, August 2, 2015 in preparation for the August 4th primary election. Election Staff will be working both days from 9 AM – 4 PM to assist clerks with election problems and assist them with getting ready for the election.
1148	Finishing term reports

4	Material testing must be performed as specfic times and dates to be in compliance with specfications. Failure to meet these strict time requirements may result in loss of federal funding for construction.	Kendra Barak
5	This is a carryover from AY15 that will expire Dec. 31, 2016, no changes needed. Executive Office staff work after hours and on weekends. The Exec office staff, often without notice, may have the need to do work in their office. Issues relating to the budget, revenues and tax policy may need to be addressed at any given day and/or time.	Ann Luepnitz
6	This is a carryover from AY15 that will expire on Dec. 31, 2016. Treasury staff may need to work after normal business hours and on weekends. Therefore, Treasury staff needs to have the ability to call central control to have the lights turned on.	Ann Luepnitz
7	This request is a carryover from AY15 that will expire on Dec. 31, 2016. there is no change to the existing lighting needed. Impentations of the new SAP tax system. Need lights and air 7 days a week from 6am-11:59 p.m., including weekends and holidays	Ann Luepnitz
8	Staff will be working Tuesday, March 8, 2016 to conduct the March 8th Presidential Primary Election (3/8/16). Election staff will be working early and late that day to assist them with opening and closing the polls and reporting election results. Time requested is from 6am-11pm on March 8th only for both lighting and HVAC.	Lucinda Sheltrown
9	Working on the Flint water crisis	Melissa Ball
10	An estimated 20 staff will be working after hours between the times of 7am and 1pm lighting and HVAC cwill be needed during this time	Chad Coffman
11	Strip and wax radio room	Scott Davis
12	All	Peggy Thacker

1	
2	**Reason**
3	Overtime needed to process checks to meet federal mandate
4	Computer operations require staffing on a 24 hour basis
5	Supports critical FIA applications,maintenance performed during off hours on nights and weekends
6	Change room to switch control rather than computer control
7	Area is staffed 24hrs/day, 6 days per week
8	Area is staffed 24hrs/day, 6 days per week
9	Client Service Center staff must be on-site every Saturday to provide technical support for the Dept. of State
10	Deputy Director Musette A. Michael regularly works beyond 8p during the week and is regularly in the office on weekends
11	Kristen McDonald-Stone frequently works irregular hours
12	Lights needed for individuals working 2nd shift
13	Lights needed for individuals working Saturdays for WIC onlines
14	Preparation of state budget requires work on weekends and after hours
15	Year-end closing and state of MI conprehensive annual financial report
16	Lynda Rossi is in the office working each weekend and needs lighting to accomplish her work
17	Permanent exemption to provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
18	To provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
19	CSA has evening staff as well as Saturday staff
20	Executive personnel often work late hours compiling info for Governor's Office and legislators
21	Federally Funded Overtime for the Social Security Administration
22	Additional hours required to effectively manage the assets of the Operations area of MDOT and to comply with the Executive Directives and ARRA funding.
23	Irregular and unscheduled work hours are often required
24	Deputy Director Barrie occasionally arrives at work as early as 4a and stays as late as 10p
25	Occasionally working early and late
26	Periodically the work area requires lighting beyond the normal hours due to the I ndividual's travel schedule, workload and job assignments.
27	Deputy Director Patrick Barrie sometimes comes to work on irregular hours
28	Operates Bridges Help desk on Saturday
29	Office opens at 6:00am daily
30	**Staff Overtime**
31	These are the hours of critical operation, deadlines will not permit work hours to be shifted in the morning - the period btwn 5a and 8a is intense
32	2nd shift Info. Tech. on duty year round to provide support for Treasury data entry systems
33	The systems and their efficient operation are critical to the state's computing infrastructure requirements, employee work and safety
34	Data Center Operations Production site staffed 24/7, 365 days/yr -- Treasury computer rm is Disaster Recovery & Development facility, staffed 7a-6p Mon-Fri
35	Provide in-house assistance to SOS branch offices open on Saturday mornings
36	2nd shift + overtime is necessary on 90% of Saturdays
37	Completion of the year end closing/audit of MHESLA and various bonding transactions for MHESLA

642	Scrub RR					
643	ORS is implementing legislation that requires 300,000 public school employees to make a selection on retirement benefits. The window for making the selection is open and ORS has regularly been having customers in the building beyond 5:00 p.m. It was determined today, 10/23/12, that to meet customer needs, for the next 3 days ORS would extend walk-in office hours until 7:00 p.m. each day.					
644	Extra working hours are required to complete federal reports. DHS will be cut off from receiving federal revenue if reports are not complete by the 10/30/12 due date.

814	The SSA has authorized the use of overtime, funded by 100% federal funds, to develop claims filed by the people of the State of Michigan claiming disability. The DDS office is under an emergency status to the end of the 2013 fiscal year due to backlogs of SSD claims. It is in the interest of the clients as well as the SSA to process the claims as timely as possible

	J
982	carpet cleaning
983	carpet cleaning
984	Scrub restrooms on all floors
985	Mandatory Overtime for Customer Service for tw Saturdays
986	We have 2nd & 3rd shift employees who leave via the elevators. The motion detectors do not turn on the lights until you make it around the corner & into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
987	Working on ERP projet and other OFM staff are here until 6pm
988	Material testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict time requirements may result in loss of Federal funding for construction projects.
989	Restroom Scrubbing
990	Lighting required for archives of Michigan after-hours event
991	SACWIS OT
992	Training
993	Vacuum all conference room furniture
994	Annual MAIN Disaster Recovery Test.
995	*Staff are working Tuesday, August 5, 2014 to conduct the August 5th primary election (8/5/2014). Election Staff will be working (24 hours) early and thru the next day to assist clerks with election problems and assist them with opening and closing the polls and reporting election results.*
996	After hours and exterior lighting for an after-hours event at the Museum which benefits the Michigan History Foundation.
997	SACWIS OT
998	A major MiCSES release will be happening over this weekend.
999	Staff is attending on-line university classes in our office. Class runs until after 9:00pm. Currenly this class is running on Monday night. This would be the only night we would need after hours lighting.
1000	We will be facilitating a foster parent training on the above dates.
1001	Staff are working Tuesday, Febuary 24th, 2014 to conduct the February 25th election (2/25/2014). Election staff will be working early and late tha that day to assit clerks with election problems and assit them with opening and closing the polls and reporting election results.
1002	Scrub restrooms
1003	Chair cleaning
1004	Lobby/Restroom scrub
1005	Material Testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict requirements may result in loss of federal funding for construction projects.
1006	Top strip and finish all floors
1007	carpet cleaning
1008	Scrub all restrooms and high traffic areas
1009	We have been given overtime on these days for cash assistance staff work.

	J
1054	Working on the CAFR and some staff are on AWS where they are here past six.
1055	Supreme court term starts next week. The justices and staff work on weekends during the team
1056	SOS hosting inaugural event
1057	Event for DNR
1058	These administrative law judges find it necessary to work past 5:00 pm on week days, work weekends as well holidays based on the cases they have and the extra work required. The dates and times are unpredictable. (See attached letter from Peter Plummer)
1059	Work overflow
1060	Extract carpet in elevators
1061	Staff Overtime
1062	Special Project
1063	Staff working until 7:30 p.m.
1064	Scrub all restrooms
1065	We have executive level staff in this area of the 4th floor who often return to work at or after 5pm from being in the field.
1066	Due to often overtime requests.
1067	Due to numerous, unscheduled, last minute deadlines from the State Budget Office, Governor's office, House of Fiscal Agency, and Senate Fiscal Agency, staff are required to work extra hours in order to meet required deadlines.
1068	Staff overtime
1069	The DNR has many employees with alternate work schedules and many managers who work on a regular basis past 6:00p.m. Leaving the lights on will create a safe environment for those employees working later hours.
1070	We Work 24/7/365 and lighting is crucial to our operations
1071	CPC and PGS night shifts
1072	The nature of our work often requires someone to be here after normal business hours and on weekends/holidays
1073	Treasury University classes
1074	The State Lab is a 247 day 365 days a year operation
1075	Chief Deputy and governmental need lights to be on
1076	Overtime
1077	AG in-charge is required to work nights and weekends as needed.
1078	Staff in need of lights
1079	High Traffic
1080	State Budget Office staff will be working all weekend getting ready for the budget presentation on February 11. It would be nice if all normal ventilation be left on as well. :-)
1081	carpet cleaning & conference room 122
1082	Hard floors, Kitchen

	J
1119	MDARD is hosting a meeting from 7:00 a.m. to 5:00 p.m. the meeting is Wild-Forged Mushroom Training and Certification. They have submitted an event application and will pay for necessary staffing.
1120	Training
1121	Clean all Blinds
1122	We need lights on for Satyrday due to overtime
1123	Foster Care Training every Tuesday evening from 5-9pm beginning 3/3/15-4/28/15 no training on March 31st due to spring break
1124	First Aid/CPR training for our foster parents
1125	Mandatory Overtime for Foster Care staff
1126	Lights are needed to be left on until 11:00pm on April 29. 2015. This will allow for Peckham cleaning crew to clean the conference room and DTMB to move tables, and chairs to the third floor rotunda
1127	Overtime
1128	Staff will be working Tuesday, May 6, 2014 to conduct the May 5h election)5/5/15. Election Staff will be working early and late that day to assist clerks with election problems problems and assist them with opening and closing the polls and reported election results
1129	
1130	Removing old carpet and installing new carpet
1131	Top Strip & Refinish
1132	Need lights to be on in order to work and function after hours preparing for our upcoming auction
1133	MDE project needing overtime
1134	Bridges scanning and indexing over time
1135	Scrub Bathrooms
1136	High Traffic
1137	Set up for Speaking Session June 1
1138	Clean air bars
1139	
1140	We are hoping to be authorized to work Saturdays at the operations center in Dimondale until we are finished with the project (starting this Saturday 5/16/15). Please see the attached request form.
1141	2nd and 3rd shift employees who leave via the elevators. The motion detectors on the 1st floor do not turn on the lights until you make it around the corner and into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
1142	Overtime
1143	High Traffic
1144	Scrub all restrooms
1145	Merging of divisions
1146	Supreme court justices and staff work on weekends during the term
1147	Staff are working Saturday, August 1, 2015 and Sunday, August 2, 2015 in preparation for the August 4th primary election. Election Staff will be working both days from 9 AM – 4 PM to assist clerks with election problems and assist them with getting ready for the election.
1148	Finishing term reports

3	Overtime	Dave Palazzolo
4	Material testing must be performed as specfic times and dates to be in compliance with specfications. Failure to meet these strict time requirements may result in loss of federal funding for construction.	Kendra Barak
5	This is a carryover from AY15 that will expire Dec. 31, 2016, no changes needed. Executive Office staff work after hours and on weekends. The Exec office staff, often without notice, may have the need to do work in their office. Issues relating to the budget, revenues and tax policy may need to be addressed at any given day and/or time.	Ann Luepnitz
6	This is a carryover from AY15 that will expire on Dec. 31, 2016. Treasury staff may need to work after normal business hours and on weekends. Therefore, Treasury staff needs to have the ability to call central control to have the lights turned on.	Ann Luepnitz
7	This request is a carryover from AY15 that will expire on Dec. 31, 2016. there is no change to the existing lighting needed. Impentations of the new SAP tax system. Need lights and air 7 days a week from 6am-11:59 p.m., including weekends and holidays	Ann Luepnitz
8	Staff will be working Tuesday, March 8, 2016 to conduct the March 8th Presidential Primary Election (3/8/16). Election staff will be working early and late that day to assist them with opening and closing the polls and reporting election results. Time requested is from 6am-11pm on March 8th only for both lighting and HVAC.	Lucinda Sheltrown
9	Working on the Flint water crisis	Melissa Ball
10	An estimated 20 staff will be working after hours between the times of 7am and 1pm lighting and HVAC cwill be needed during this time	Chad Coffman
11	Strip and wax radio room	Scott Davis
12	State Budget Office staff will be working all weekend preparing for the budget presentation on February 10.	Connie Minix

	J
1	
2	**Reason**
3	Overtime needed to process checks to meet federal mandate
4	Computer operations require staffing on a 24 hour basis
5	Supports critical FIA applications,maintenance performed during off hours on nights and weekends
6	Change room to switch control rather than computer control
7	Area is staffed 24hrs/day, 6 days per week
8	Area is staffed 24hrs/day, 6 days per week
9	Client Service Center staff must be on-site every Saturday to provide technical support for the Dept. of State
10	Deputy Director Musette A. Michael regularly works beyond 8p during the week and is regularly in the office on weekends
11	Kristen McDonald-Stone frequently works irregular hours
12	Lights needed for individuals working 2nd shift
13	Lights needed for individuals working Saturdays for WIC onlines
14	Preparation of state budget requires work on weekends and after hours
15	Year-end closing and state of MI conprehensive annual financial report
16	Lynda Rossi is in the office working each weekend and needs lighting to accomplish her work
17	Permanent exemption to provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
18	To provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
19	CSA has evening staff as well as Saturday staff
20	Executive personnel often work late hours compiling info for Governor's Office and legislators
21	Federally Funded Overtime for the Social Security Administration
22	Additional hours required to effectively manage the assets of the Operations area of MDOT and to comply with the Executive Directives and ARRA funding.
23	Irregular and unscheduled work hours are often required
24	Deputy Director Barrie occasionally arrives at work as early as 4a and stays as late as 10p
25	Occasionally working early and late
26	Periodically the work area requires lighting beyond the normal hours due to the I ndividual's travel schedule, workload and job assignments.
27	Deputy Director Patrick Barrie sometimes comes to work on irregular hours
28	Operates Bridges Help desk on Saturday
29	Office opens at 6:00am daily
30	**Staff Overtime**
31	These are the hours of critical operation, deadlines will not permit work hours to be shifted in the morning - the period btwn 5a and 8a is intense
32	2nd shift Info. Tech. on duty year round to provide support for Treasury data entry systems
33	The systems and their efficient operation are critical to the state's computing infrastructure requirements, employee work and safety
34	Data Center Operations Production site staffed 24/7, 365 days/yr -- Treasury computer rm is Disaster Recovery & Development facility, staffed 7a-6p Mon-Fri
35	Provide in-house assistance to SOS branch offices open on Saturday mornings
36	2nd shift + overtime is necessary on 90% of Saturdays
37	Completion of the year end closing/audit of MHESLA and various bonding transactions for MHESLA

643	ORS is implementing legislation that requires 300,000 public school employees to make a selection on retirement benefits. The window for making the selection is open and ORS has regularly been having customers in the building beyond 5:00 p.m. It was determined today, 10/23/12, that to meet customer needs, for the next 3 days ORS would extend walk-in office hours until 7:00 p.m. each day.					
644	Extra working hours are required to complete federal reports. DHS will be cut off from receiving federal revenue if reports are not complete by the 10/30/12 due date.

814	The SSA has authorized the use of overtime, funded by 100% federal funds, to develop claims filed by the people of the State of Michigan claiming disability. The DDS office is under an emergency status to the end of the 2013 fiscal year due to backlogs of SSD claims. It is in the interest of the clients as well as the SSA to process the claims as timely as possible

	J
982	carpet cleaning
983	carpet cleaning
984	Scrub restrooms on all floors
985	Mandatory Overtime for Customer Service for tw Saturdays
986	We have 2nd & 3rd shift employees who leave via the elevators. The motion detectors do not turn on the lights until you make it around the corner & into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
987	Working on ERP projet and other OFM staff are here until 6pm
988	Material testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict time requirements may result in loss of Federal funding for construction projects.
989	Restroom Scrubbing
990	Lighting required for archives of Michigan after-hours event
991	SACWIS OT
992	Training
993	Vacuum all conference room furniture
994	Annual MAIN Disaster Recovery Test.
995	*Staff are working Tuesday, August 5, 2014 to conduct the August 5th primary election (8/5/2014). Election Staff will be working (24 hours) early and thru the next day to assist clerks with election problems and assist them with opening and closing the polls and reporting election results.*
996	After hours and exterior lighting for an after-hours event at the Museum which benefits the Michigan History Foundation.
997	SACWIS OT
998	A major MiCSES release will be happening over this weekend.
999	Staff is attending on-line university classes in our office. Class runs until after 9:00pm. Currenly this class is running on Monday night. This would be the only night we would need after hours lighting.
1000	We will be facilitating a foster parent training on the above dates.
1001	Staff are working Tuesday, Febuary 24th, 2014 to conduct the February 25th election (2/25/2014). Election staff will be working early and late tha that day to assit clerks with election problems and assit them with opening and closing the polls and reporting election results.
1002	Scrub restrooms
1003	Chair cleaning
1004	Lobby/Restroom scrub
1005	Material Testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict requirements may result in loss of federal funding for construction projects.
1006	Top strip and finish all floors
1007	carpet cleaning
1008	Scrub all restrooms and high traffic areas
1009	We have been given overtime on these days for cash assistance staff work.

	J
1054	Working on the CAFR and some staff are on AWS where they are here past six.
1055	Supreme court term starts next week. The justices and staff work on weekends during the team
1056	SOS hosting inaugural event
1057	Event for DNR
1058	These administrative law judges find it necessary to work past 5:00 pm on week days, work weekends as well holidays based on the cases they have and the extra work required. The dates and times are unpredictable. (See attached letter from Peter Plummer)
1059	Work overflow
1060	Extract carpet in elevators
1061	Staff Overtime
1062	Special Project
1063	Staff working until 7:30 p.m.
1064	Scrub all restrooms
1065	We have executive level staff in this area of the 4th floor who often return to work at or after 5pm from being in the field.
1066	Due to often overtime requests.
1067	Due to numerous, unscheduled, last minute deadlines from the State Budget Office, Governor's office, House of Fiscal Agency, and Senate Fiscal Agency, staff are required to work extra hours in order to meet required deadlines.
1068	Staff overtime
1069	The DNR has many employees with alternate work schedules and many managers who work on a regular basis past 6:00p.m. Leaving the lights on will create a safe environment for those employees working later hours.
1070	We Work 24/7/365 and lighting is crucial to our operations
1071	CPC and PGS night shifts
1072	The nature of our work often requires someone to be here after normal business hours and on weekends/holidays
1073	Treasury University classes
1074	The State Lab is a 247 day 365 days a year operation
1075	Chief Deputy and governmental need lights to be on
1076	Overtime
1077	AG in-charge is required to work nights and weekends as needed.
1078	Staff in need of lights
1079	High Traffic
1080	State Budget Office staff will be working all weekend getting ready for the budget presentation on February 11. It would be nice if all normal ventilation be left on as well. :-)
1081	carpet cleaning & conference room 122
1082	Hard floors, Kitchen

1119	MDARD is hosting a meeting from 7:00 a.m. to 5:00 p.m. the meeting is Wild-Forged Mushroom Training and Certification. They have submitted an event application and will pay for necessary staffing.
1120	Training
1121	Clean all Blinds
1122	We need lights on for Satyrday due to overtime
1123	Foster Care Training every Tuesday evening from 5-9pm beginning 3/3/15-4/28/15 no training on March 31st due to spring break
1124	First Aid/CPR training for our foster parents
1125	Mandatory Overtime for Foster Care staff
1126	Lights are needed to be left on until 11:00pm on April 29. 2015. This will allow for Peckham cleaning crew to clean the conference room and DTMB to move tables, and chairs to the third floor rotunda
1127	Overtime
1128	Staff will be working Tuesday, May 6, 2014 to conduct the May 5h election)5/5/15. Election Staff will be working early and late that day to assist clerks with election problems problems and assist them with opening and closing the polls and reported election results
1129	
1130	Removing old carpet and installing new carpet
1131	Top Strip & Refinish
1132	Need lights to be on in order to work and function after hours preparing for our upcoming auction
1133	MDE project needing overtime
1134	Bridges scanning and indexing over time
1135	Scrub Bathrooms
1136	High Traffic
1137	Set up for Speaking Session June 1
1138	Clean air bars
1139	
1140	We are hoping to be authorized to work Saturdays at the operations center in Dimondale until we are finished with the project (starting this Saturday 5/16/15). Please see the attached request form.
1141	2nd and 3rd shift employees who leave via the elevators. The motion detectors on the 1st floor do not turn on the lights until you make it around the corner and into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
1142	Overtime
1143	High Traffic
1144	Scrub all restrooms
1145	Merging of divisions
1146	Supreme court justices and staff work on weekends during the term
1147	Staff are working Saturday, August 1, 2015 and Sunday, August 2, 2015 in preparation for the August 4th primary election. Election Staff will be working both days from 9 AM – 4 PM to assist clerks with election problems and assist them with getting ready for the election.
1148	Finishing term reports

3	Overtime	Dave Palazzolo
4	Material testing must be performed as specfic times and dates to be in compliance with specfications. Failure to meet these strict time requirements may result in loss of federal funding for construction.	Kendra Barak
5	This is a carryover from AY15 that will expire Dec. 31, 2016, no changes needed. Executive Office staff work after hours and on weekends. The Exec office staff, often without notice, may have the need to do work in their office. Issues relating to the budget, revenues and tax policy may need to be addressed at any given day and/or time.	Ann Luepnitz
6	This is a carryover from AY15 that will expire on Dec. 31, 2016. Treasury staff may need to work after normal business hours and on weekends. Therefore, Treasury staff needs to have the ability to call central control to have the lights turned on.	Ann Luepnitz
7	This request is a carryover from AY15 that will expire on Dec. 31, 2016. there is no change to the existing lighting needed. Impentations of the new SAP tax system. Need lights and air 7 days a week from 6am-11:59 p.m., including weekends and holidays	Ann Luepnitz
8	Staff will be working Tuesday, March 8, 2016 to conduct the March 8th Presidential Primary Election (3/8/16). Election staff will be working early and late that day to assist them with opening and closing the polls and reporting election results. Time requested is from 6am-11pm on March 8th only for both lighting and HVAC.	Lucinda Sheltrown
9	Working on the Flint water crisis	Melissa Ball
10	An estimated 20 staff will be working after hours between the times of 7am and 1pm lighting and HVAC cwill be needed during this time	Chad Coffman
11	State Budget Office staff will be working all weekend preparing for the budget presentation on February 10.	Connie Minix
12	A major MiCSES release will be happening over the weekend	Phyllis Skipper

1	
2	**Reason**
3	Overtime needed to process checks to meet federal mandate
4	Computer operations require staffing on a 24 hour basis
5	Supports critical FIA applications,maintenance performed during off hours on nights and weekends
6	Change room to switch control rather than computer control
7	Area is staffed 24hrs/day, 6 days per week
8	Area is staffed 24hrs/day, 6 days per week
9	Client Service Center staff must be on-site every Saturday to provide technical support for the Dept. of State
10	Deputy Director Musette A. Michael regularly works beyond 8p during the week and is regularly in the office on weekends
11	Kristen McDonald-Stone frequently works irregular hours
12	Lights needed for individuals working 2nd shift
13	Lights needed for individuals working Saturdays for WIC onlines
14	Preparation of state budget requires work on weekends and after hours
15	Year-end closing and state of MI conprehensive annual financial report
16	Lynda Rossi is in the office working each weekend and needs lighting to accomplish her work
17	Permanent exemption to provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
18	To provide appropriate lighting for staff who work after hours due to late-hour sessions of the Legislature
19	CSA has evening staff as well as Saturday staff
20	Executive personnel often work late hours compiling info for Governor's Office and legislators
21	Federally Funded Overtime for the Social Security Administration
22	Additional hours required to effectively manage the assets of the Operations area of MDOT and to comply with the Executive Directives and ARRA funding.
23	Irregular and unscheduled work hours are often required
24	Deputy Director Barrie occasionally arrives at work as early as 4a and stays as late as 10p
25	Occasionally working early and late
26	Periodically the work area requires lighting beyond the normal hours due to the I ndividual's travel schedule, workload and job assignments.
27	Deputy Director Patrick Barrie sometimes comes to work on irregular hours
28	Operates Bridges Help desk on Saturday
29	Office opens at 6:00am daily
30	**Staff Overtime**
31	These are the hours of critical operation, deadlines will not permit work hours to be shifted in the morning - the period btwn 5a and 8a is intense
32	2nd shift Info. Tech. on duty year round to provide support for Treasury data entry systems
33	The systems and their efficient operation are critical to the state's computing infrastructure requirements, employee work and safety
34	Data Center Operations Production site staffed 24/7, 365 days/yr -- Treasury computer rm is Disaster Recovery & Development facility, staffed 7a-6p Mon-Fri
35	Provide in-house assistance to SOS branch offices open on Saturday mornings
36	2nd shift + overtime is necessary on 90% of Saturdays
37	Completion of the year end closing/audit of MHESLA and various bonding transactions for MHESLA

642	Scrub RR					
643	ORS is implementing legislation that requires 300,000 public school employees to make a selection on retirement benefits. The window for making the selection is open and ORS has regularly been having customers in the building beyond 5:00 p.m. It was determined today, 10/23/12, that to meet customer needs, for the next 3 days ORS would extend walk-in office hours until 7:00 p.m. each day.					
644	Extra working hours are required to complete federal reports. DHS will be cut off from receiving federal revenue if reports are not complete by the 10/30/12 due date.

	J
982	carpet cleaning
983	carpet cleaning
984	Scrub restrooms on all floors
985	Mandatory Overtime for Customer Service for tw Saturdays
986	We have 2nd & 3rd shift employees who leave via the elevators. The motion detectors do not turn on the lights until you make it around the corner & into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
987	Working on ERP projet and other OFM staff are here until 6pm
988	Material testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict time requirements may result in loss of Federal funding for construction projects.
989	Restroom Scrubbing
990	Lighting required for archives of Michigan after-hours event
991	SACWIS OT
992	Training
993	Vacuum all conference room furniture
994	Annual MAIN Disaster Recovery Test.
995	*Staff are working Tuesday, August 5, 2014 to conduct the August 5th primary election (8/5/2014). Election Staff will be working (24 hours) early and thru the next day to assist clerks with election problems and assist them with opening and closing the polls and reporting election results.*
996	After hours and exterior lighting for an after-hours event at the Museum which benefits the Michigan History Foundation.
997	SACWIS OT
998	A major MiCSES release will be happening over this weekend.
999	Staff is attending on-line university classes in our office. Class runs until after 9:00pm. Currenly this class is running on Monday night. This would be the only night we would need after hours lighting.
1000	We will be facilitating a foster parent training on the above dates.
1001	Staff are working Tuesday, Febuary 24th, 2014 to conduct the February 25th election (2/25/2014). Election staff will be working early and late tha that day to assit clerks with election problems and assit them with opening and closing the polls and reporting election results.
1002	Scrub restrooms
1003	Chair cleaning
1004	Lobby/Restroom scrub
1005	Material Testing must be performed at specific times and dates to be in compliance with specifications. Failure to meet these strict requirements may result in loss of federal funding for construction projects.
1006	Top strip and finish all floors
1007	carpet cleaning
1008	Scrub all restrooms and high traffic areas
1009	We have been given overtime on these days for cash assistance staff work.

	J
1054	Working on the CAFR and some staff are on AWS where they are here past six.
1055	Supreme court term starts next week. The justices and staff work on weekends during the team
1056	SOS hosting inaugural event
1057	Event for DNR
1058	These administrative law judges find it necessary to work past 5:00 pm on week days, work weekends as well holidays based on the cases they have and the extra work required. The dates and times are unpredictable. (See attached letter from Peter Plummer)
1059	Work overflow
1060	Extract carpet in elevators
1061	Staff Overtime
1062	Special Project
1063	Staff working until 7:30 p.m.
1064	Scrub all restrooms
1065	We have executive level staff in this area of the 4th floor who often return to work at or after 5pm from being in the field.
1066	Due to often overtime requests.
1067	Due to numerous, unscheduled, last minute deadlines from the State Budget Office, Governor's office, House of Fiscal Agency, and Senate Fiscal Agency, staff are required to work extra hours in order to meet required deadlines.
1068	Staff overtime
1069	The DNR has many employees with alternate work schedules and many managers who work on a regular basis past 6:00p.m. Leaving the lights on will create a safe environment for those employees working later hours.
1070	We Work 24/7/365 and lighting is crucial to our operations
1071	CPC and PGS night shifts
1072	The nature of our work often requires someone to be here after normal business hours and on weekends/holidays
1073	Treasury University classes
1074	The State Lab is a 247 day 365 days a year operation
1075	Chief Deputy and governmental need lights to be on
1076	Overtime
1077	AG in-charge is required to work nights and weekends as needed.
1078	Staff in need of lights
1079	High Traffic
1080	State Budget Office staff will be working all weekend getting ready for the budget presentation on February 11. It would be nice if all normal ventilation be left on as well. :-)
1081	carpet cleaning & conference room 122
1082	Hard floors, Kitchen

1119	MDARD is hosting a meeting from 7:00 a.m. to 5:00 p.m. the meeting is Wild-Forged Mushroom Training and Certification. They have submitted an event application and will pay for necessary staffing.
1120	Training
1121	Clean all Blinds
1122	We need lights on for Satyrday due to overtime
1123	Foster Care Training every Tuesday evening from 5-9pm beginning 3/3/15-4/28/15 no training on March 31st due to spring break
1124	First Aid/CPR training for our foster parents
1125	Mandatory Overtime for Foster Care staff
1126	Lights are needed to be left on until 11:00pm on April 29. 2015. This will allow for Peckham cleaning crew to clean the conference room and DTMB to move tables, and chairs to the third floor rotunda
1127	Overtime
1128	Staff will be working Tuesday, May 6, 2014 to conduct the May 5h election)5/5/15. Election Staff will be working early and late that day to assist clerks with election problems problems and assist them with opening and closing the polls and reported election results
1129	
1130	Removing old carpet and installing new carpet
1131	Top Strip & Refinish
1132	Need lights to be on in order to work and function after hours preparing for our upcoming auction
1133	MDE project needing overtime
1134	Bridges scanning and indexing over time
1135	Scrub Bathrooms
1136	High Traffic
1137	Set up for Speaking Session June 1
1138	Clean air bars
1139	
1140	We are hoping to be authorized to work Saturdays at the operations center in Dimondale until we are finished with the project (starting this Saturday 5/16/15). Please see the attached request form.
1141	2nd and 3rd shift employees who leave via the elevators. The motion detectors on the 1st floor do not turn on the lights until you make it around the corner and into the hallway. Unless someone has just entered the building from that direction, that leaves staff fumbling in the dark & walking into things. We need at least minimal lighting in the elevator lobby. (The lights on the display case would suffice.)
1142	Overtime
1143	High Traffic
1144	Scrub all restrooms
1145	Merging of divisions
1146	Supreme court justices and staff work on weekends during the term
1147	Staff are working Saturday, August 1, 2015 and Sunday, August 2, 2015 in preparation for the August 4th primary election. Election Staff will be working both days from 9 AM – 4 PM to assist clerks with election problems and assist them with getting ready for the election.
1148	Finishing term reports

2	**Reason**	**Approval**
3	Overtime	Dave Palazzolo
4	Material testing must be performed as specfic times and dates to be in compliance with specfications. Failure to meet these strict time requirements may result in loss of federal funding for construction.	Kendra Barak
5	This is a carryover from AY15 that will expire Dec. 31, 2016, no changes needed. Executive Office staff work after hours and on weekends. The Exec office staff, often without notice, may have the need to do work in their office. Issues relating to the budget, revenues and tax policy may need to be addressed at any given day and/or time.	Ann Luepnitz
6	This is a carryover from AY15 that will expire on Dec. 31, 2016. Treasury staff may need to work after normal business hours and on weekends. Therefore, Treasury staff needs to have the ability to call central control to have the lights turned on.	Ann Luepnitz
7	This request is a carryover from AY15 that will expire on Dec. 31, 2016. there is no change to the existing lighting needed. Impentations of the new SAP tax system. Need lights and air 7 days a week from 6am-11:59 p.m., including weekends and holidays	Ann Luepnitz
8	Staff will be working Tuesday, March 8, 2016 to conduct the March 8th Presidential Primary Election (3/8/16). Election staff will be working early and late that day to assist them with opening and closing the polls and reporting election results. Time requested is from 6am-11pm on March 8th only for both lighting and HVAC.	Lucinda Sheltrown
9	Working on the Flint water crisis	Melissa Ball
10	An estimated 20 staff will be working after hours between the times of 7am and 1pm lighting and HVAC cwill be needed during this time	Chad Coffman
11	State Budget Office staff will be working all weekend preparing for the budget presentation on February 10.	Connie Minix
12	A major MiCSES release will be happening over the weekend	Phyllis Skipper

Subject: Flint Water Crisis Time Spent

Hi Kathy,

Here is what we have so far, not counting today. I did not put any time down for me, as it is probably only 1 hour, spent coordinating.

Burnett, Martin	4.5 hours
Green, Josh	3.5 hours
Davis, Joey	3.5 hours
Kingston, Claudia	2.5 hours
Mruzek, Brad	2 hours
Munro, Cody	3.5 hours

Thanks, Linda

Subject: RE: Flint Water Crisis Time Spent

Hi Kathy,

Here are the pay rates of the Staff that have assisted so far. I'm guessing you'll want me to break-down the hours showing how many regular hours and how many overtime hours each of the staff had. I'll get that to you by tomorrow.

Burnett, Martin	4.5 hours	$36.14
Green, Josh	3.5 hours	$18.28
Davis, Joey	3.5 hours	$13.63
Kingston, Claudia	2.5 hours	$33.53
Mruzek, Brad	2 hours	$21.66

Hi Kathy,

Here is what we have so far, not counting today. I did not put any time down for me, as it is probably only 1 hour, spent coordinating.

Burnett, Martin	4.5 hours
Green, Josh	3.5 hours
Davis, Joey	3.5 hours
Kingston, Claudia	2.5 hours
Mruzek, Brad	2 hours
Munro, Cody	3.5 hours

Thanks, Linda

AGENDAFlint Emergency Purchasing Procedures.pdf

Recent guidelines memo from CPO
Discuss how this memo may supersede the current SEOC protocol (where all purchases go through one person). Current protocols did not contemplate such a broad emergency of long duration
Discuss agency purchasing roles and responsibilities to support SEOC members
Discuss how funding source may play a role in which purchasing staff assist
Discuss who determines whether a purchase is an emergency

Jeff, Chris and Natalie

Jeff asked that I set up a meeting to discuss purchasing roles to support OIP/SEOC for Flint response. If this is not a convenient time, please let Diane or Kathy know, and they can assist in us scheduling at a more convenient time.

Chris – I see your calendar is blocked off. We can pick a meeting location close to where you'll be if that would be helpful.

Please contact me if you have questions.
Thank you.
Rebecca

Flint Emergency Purchasing Pro...

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 2, 2016

TO: State of Michigan Procurement Leadership

FROM: DTMB Procurement

SUBJECT: Genesee County Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Genesee County, City of Flint water emergency response.

Given the complexity and variety of the needs of this emergency effort, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, and meticulous tracking of expenditures is imperative.

The Michigan State Police (MSP) is the lead agency overseeing the situation and managing the State Emergency Operations Center (SEOC). Flint related purchases must first be routed through the appropriate SEOC contact (see attached for an agency roster) to include the SEOC State Director. This is required for all Flint- related purchases without exception. The SEOC financial team is responsible for tracking all expenditures in connection with the emergency efforts.

Each agency is responsible for its own purchasing transactions. This includes p-card transactions and purchase orders, the tracking of all such transactions, and reporting of those transactions to the appropriate SEOC representative. Failure to properly inform the SEOC financial team of any transaction may result in a forfeiture of any potential reimbursement anticipated by the agency.

Agency purchasing managers are responsible to supply their agency's SEOC representative with a 24/7 phone number for agency purchasing staff support and request that the SEOC representative involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week at this time.)

Emergency Purchasing Procedure:
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.

Questions, concerns, or comments should be directed to:

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Amy –

I inadvertently used Jeff's ID for Jeanette's ID – my apologies.

The org chart lists Ryan as a 10; I wasn't aware he is an 11.

Currently Jeanette and Ryan are working on the Flint Water Crisis but there is always potential for another emergency in the future so we would like a year-long exemption as we have done in the past.

A current memo is attached.

Kathy

Ryan –

I spoke with Craig and here are the updated costs based on 650 IDs:

Labor
4 hours CSC (REG): $178.04
3 hours Access Control (REG): $157.47
6 hours Access Control (OT/On Call): $389.22
Labor Total: $724.73

Materials
650 ID cards: $65
650 Lanyards: $286
650 Clips: $149.50
650 Security Holograms: $52
1 color printer ribbon: $338
1 printer retransfer film: $72
Materials Total: $962.50

Grand Total Cost: $1,687.23

FYI – I am using loaded labor rates…

Jeanette and Ryan --

It's my understanding that we need to track internal costs related to Flint emergency activities. Here are the costs related to the 300 Flint Volunteer Cards that we provided last week:

Labor
4 hours CSC: $178.04
3 hours Access Control: $157.47
Labor Total: $335.51

Materials
300 ID cards: $30
300 Lanyards: $132
300 Clips: $69
300 Security Holograms: $24
1 color printer ribbon: $338
1 printer retransfer film: $72
Materials Total: $665.00

Grand Total Cost: $1,000.51

I was also told that we supplied an additional 350 lanyards for use in Flint. If that's the case, we need to add an additional $154 to the grand total.

Thanks.

Brandon

The ladies and Craig worked to create 300 volunteer ID cards today in support of the Flint State of emergency. Typically We need to provide accounting data for services and supplies we provide in such cases. This being said I would suggest provide Jeanette with the costs related to this effort

Labor
4 hours CSC Ladies
3 hours Craig B

Consumables
300 ID cards
300 Lanyards
300 Security Holograms
1 color printer ribbon
1 printer retransfer film

Thanks,
Jeff

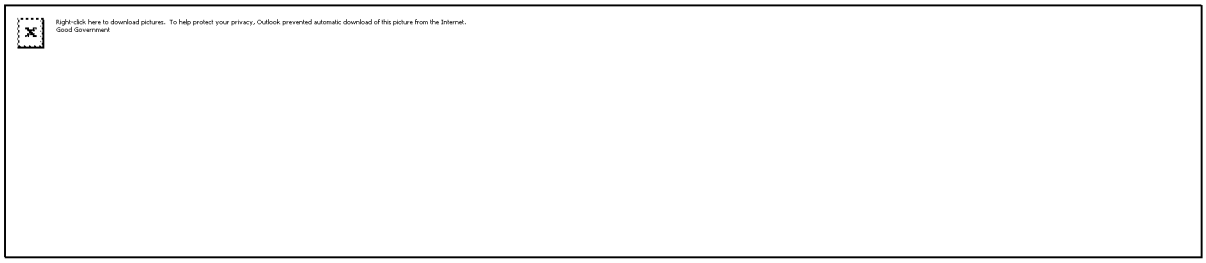
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

Attachments: Water Drive Event Application.pdf

Hi Kathy,

Please the attached event application and let us know if the event is approved

The City Income Tax Division within the Department of Treasury would like to host a water collection drive for the citizens located within the City of Flint during the week of February 1st through February 5th. The water collection site will be located on the 2nd floor of the Operations Center during normal business hours. Depending on the volume of water collected water may be stored in one of Mail Operations storage rooms located on the 1st floor until it is transported to Art Van Furniture.

Please contact me with any questions.

Thanks for your consideration.

Alaina,

Again, what a great idea that your team came up with.

We should be able to provide storage for you, if needed for the water.

I spoke with the Building Manager and he indicated that the attached event form does need to be completed. Please complete the form and attach to your reply to this email.

Thanks
Barb

Hi Kathy- thank you so much for sending over the proposal. I've attached our signed copy.

Please let me know what time would be best for the DTMB team to meet with us tomorrow to learn about the current social monitoring operations and specific search requirements.

Specific topics that we will want to discuss with the DTMB team include:

-How are you currently monitoring with Radian6?

-What other social software are you currently using?

-What keywords and terms are you searching for?

-What are the important topics and individuals to monitor?

-What are you currently reporting on?

-Who are you making the reports for?

We would want to meet with all of the appropriate individuals to make sure that we get an accurate understanding of all of your social objectives.

Also, is there a conference space that our team can use for the day?

Thanks again and looking forward!

Karley Hall

Hi Chris- Thanks for taking the time to meet with the Digital Roots team regarding the potential trial partnership with us.

Attached we have provided an overview of our proposal for the Flint Water Crisis Emergency Response program. We spoke with Jeff and gave him a verbal overview of the attached document and wanted to send this along to you for your review as well.

We look forward to hearing from you and if you have any questions.

Thanks,

Karley Hall

DTMB/Digital Roots: Questions for Meeting

1. Is this initiative all related to the Flint Water Crisis? If not, what else will you be searching for?
2. What are the keywords and terms that you have been collecting and searching for?
3. What other social software are you using?
4. What are some examples of serious or imperative posts that need to be tagged or analyzed (i.e., people who address Governor Snyder or other officials/agencies in a negative manner)?
5. Once you find data that is interesting, what are you doing with that data?
6. Please provide an example of what you are currently reporting on. In what ways will this social information that is found be shared?
7. How many users? What type of people will be using the system?
8. What is the ultimate objective for this monitoring?
9. Please prepare any examples of key information discovered from social listening in the last week?
10. Will any findings need to be shared outside of the everyday users of the software?
11. What is working for social monitoring, and what is not working? What have you tried?
12. What types of social sites (Facebook, Reddit, Twitter, etc.) did you find to be useful and not useful?
13. Are you looking for groups or individuals?
14. What are the pro's and con's of tools you have tried?
15. Do you perform any deep dives on the individual's posting? How are you validating the people that are posting?

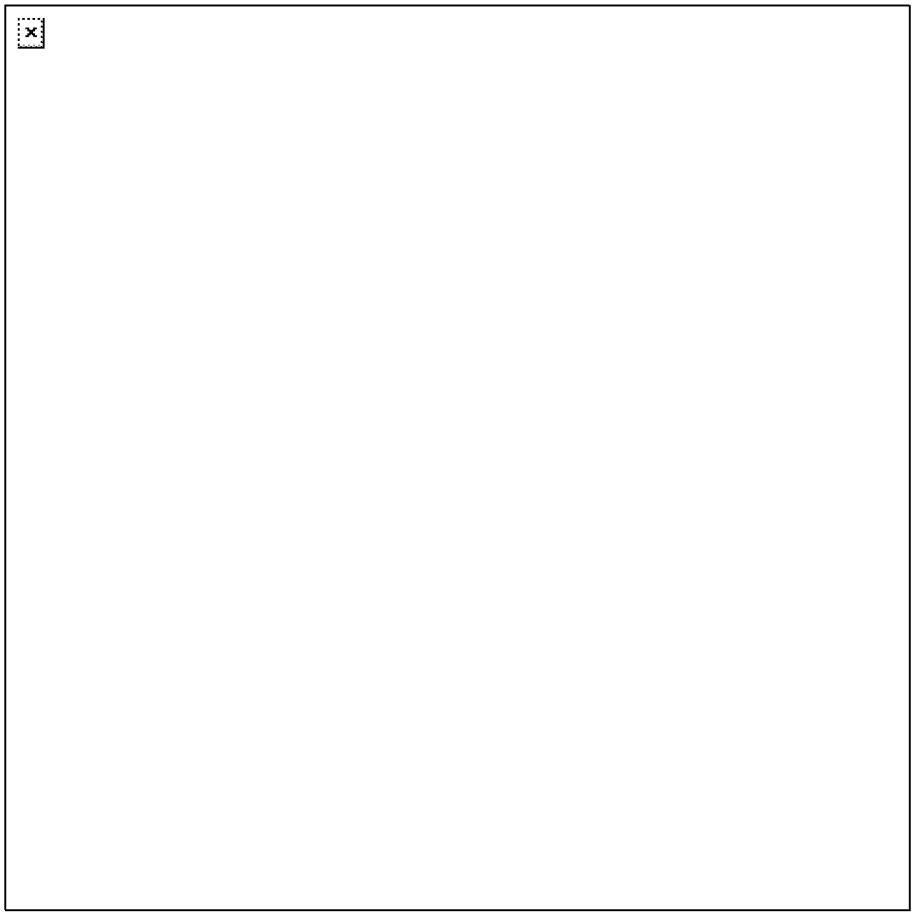
Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

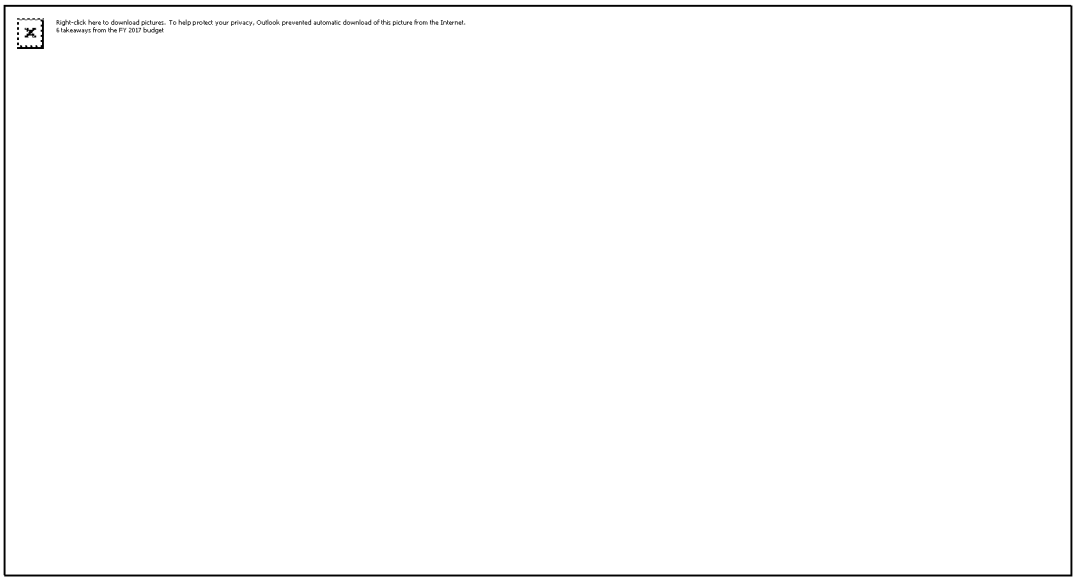
VIDEO: What Governor Snyder's FY17 budget means for Michigan



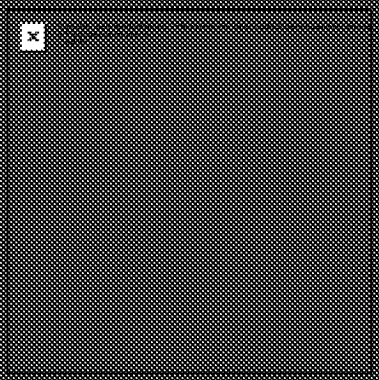
Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. Click here to learn more about the top 6 takeaways from the

Governor's FY 2017 state budget.

Click a tweet to tweet it out:



The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now --> www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

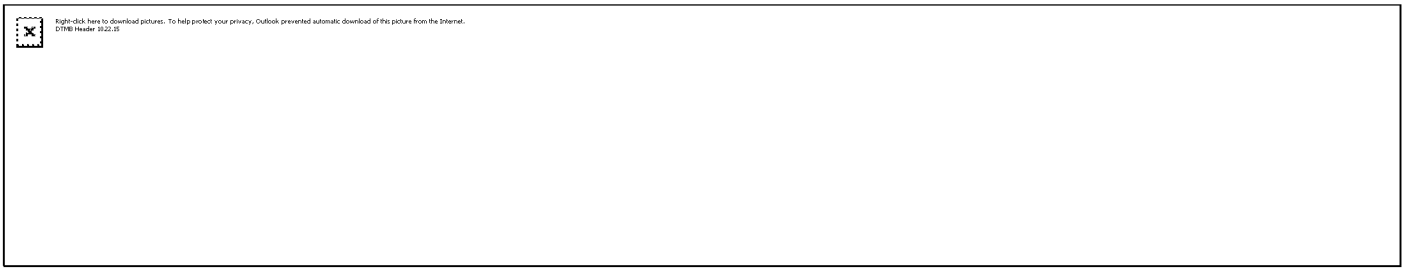
Sent: Wednesday, February 17, 2016 10:10 AM
To: Knapp, Kathy (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

I wanted to see if you have time Thursday to discuss CenturyLink's Enhanced Cybersecurity Solution (ECS). It looks like FEME might be providing grant money and the SOM should take advantage. See attached email string….read from the bottom up.

We can offer a free 60 trial for our ECS service. This seems like a no brainer being able to trial the service and then possibly receiving a FEME grant to implement it at no cost to the SOM.

I will also attach some ECS info to help you socialize it.

Maybe we could do an early dinner meeting Thursday. Let me know.

Subject: MICWRAP-SBCP Theme-Project kick-off Meeting- Invitees' names - Regarding

Chris:

This has reference to the meeting we had today (***2/12/2016***) morning in ***DTMB Cass Second Floor Large Conference Room***.

I have the following personnel listed as names of resources against the **MICWRAP - Statewide Business Continuity Planning (SBCP) Theme** project**:**

- Executive Sponsor: Rod Davenport
- Business Owner: Chris Christensen

Team members:

- Project Manager - – Anand Narimetla
- Emergency Manager Coordinator - Jeanette Doll – will be unable to attend meetings right now due to her role at the SEOC in responding to the Flint Water Crisis
- Office of Infrastructure Protection – Kathy Knapp (please remove Jeff Pratt)
- MCS – Rock Rakowski
- Agency Services – Gene White (he is our Agency Services rep)
- DCO - Matt Caterino
- Technical Services (O/S) – Timothy Scott
- NTSD (Network/Telecom) – David Wilson
- DD – John McQuaid
- EA -
- ICCO Advisor - John Juarez
- Internal Audit Advisor – Rick Lowe

Following are the ones who attended the meeting today i.e., on 02/12/2016 including self:

1. Chooi, Patricia (DTMB) ChooiP@michigan.gov
2. Gilliland, Michael (DTMB) gillilandm@michigan.gov
3. Jacokes, Paul (DTMB) JacokesP@michigan.gov
4. Jennings, Brian (DTMB) jenningsb@michigan.gov
5. Juarez, John (DTMB) juarezj@michigan.gov
6. Kinnamon, Mark (DTMB) KinnamonM@michigan.gov
7. Knapp, Kathy (DTMB) knappk1@michigan.gov
8. Slagle, Neil (DTMB) slaglen@michigan.gov
9. Narimetla, Anand (DTMB) NarimetlaA1@michigan.gov

For the project kick-off meeting that I would like to schedule sometime during the next week, I would greatly appreciate, if you could please let me know all those who need to be invited for the meeting, if possible by the close of business hours on **Tuesday, the 16th of February, 2016**.

THIS WEEK IN POLITICS

Flint Fallout, Corruption in Court and One State's New Supermajority

BY ALAN GREENBLATT

This was a busy week in politics -- but then, practically every week is. That's why *Governing* is offering this new weekly newsletter.

We won't cover the presidential campaign -- you can find plenty of that elsewhere. Instead, we aim to share with you the most interesting and important developments in state and local politics each week.

You can sign up for a free subscription here.

ADVERTISEMENT ... Content continues below

Flint Curbs Snyder's Future

Although it's premature to call him a lame duck, Michigan Gov. Rick Snyder's political capital has clearly been diminished by the Flint water crisis. During his State of the State address on Tuesday, Snyder offered lots of apologies: "You did not create this crisis;" "Government failed you;" and, "I'm sorry."

Since winning re-election in 2014, Snyder had been mentioned as a potential presidential or vice presidential pick on the Republican side. That kind of talk, however, has abruptly ended. "Even some Michigan Republicans concede that Snyder's national prospects are toast, at least in the short term," reports *Politico*. **KEEP READING >>**

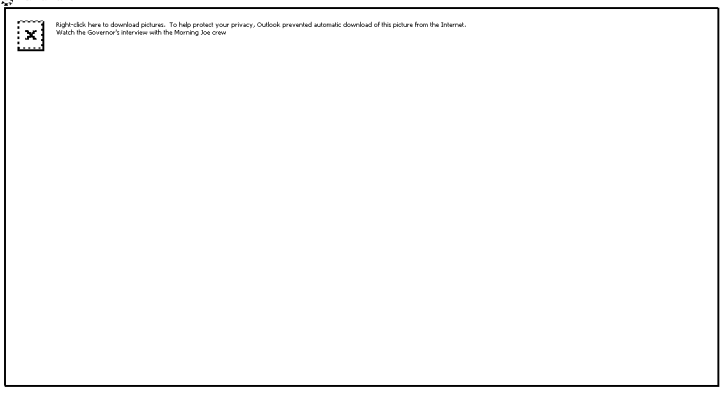
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

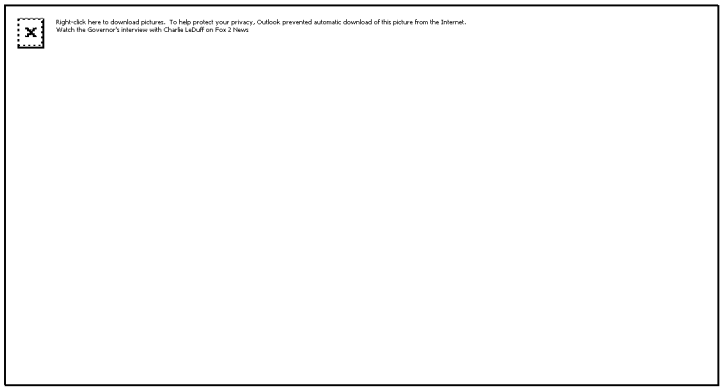
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

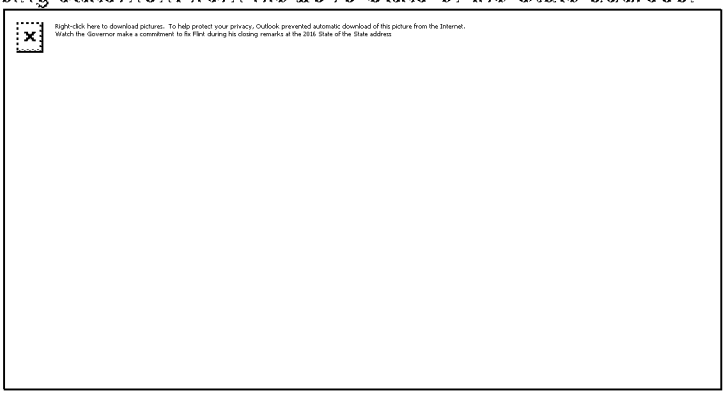
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

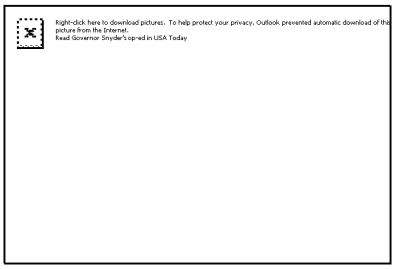


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: RE: State of Michigan/Digital Roots Partnership

Karley,

So glad we are able to work out a meeting time for tomorrow.

I have reserved the Lake Superior Room at the Michigan Library and Historical Center for the meeting. The address is 702 W. Kalamazoo Street, Lansing. There is visitor parking on the south side (Kalamazoo Street side) of the building and the room is located near the north entrance on the 1st (ground level) floor.

Hi Kathy- it was so great speaking with you. I spoke with the team and 2-3pm tomorrow works perfectly. We will just send questions ahead of time for a more efficient meeting, so I will send those over shortly.

Can you please let us know the address/directions to where we will be meeting?

Thanks again! I wish your kids luck with their upcoming tests!

Subject: Re: State of Michigan/Digital Roots Partnership

Hi Kathy- thank you so much for sending over the proposal. I've attached our signed copy.

Please let me know what time would be best for the DTMB team to meet with us tomorrow to learn about the current social monitoring operations and specific search requirements.

Specific topics that we will want to discuss with the DTMB team include:
-How are you currently monitoring with Radian6?
-What other social software are you currently using?
-What keywords and terms are you searching for?
-What are the important topics and individuals to monitor?
-What are you currently reporting on?
-Who are you making the reports for?

We would want to meet with all of the appropriate individuals to make sure that we get an accurate understanding of all of your social objectives.

Also, is there a conference space that our team can use for the day?

Thanks again and looking forward!

Karley Hall

Subject: RE: Hours through 1/21

Kathy –
We are only recording overtime received in support of the Flint Water Emergency, not regular time.

Question for you, per your information, Ryan and I were told we do not accrue overtime until after 40 hours has been worked. Looking at Jeff's time he accrued overtime beginning on Sunday through the week.

Just want to make sure we are providing correct information just in case an audit is performed!

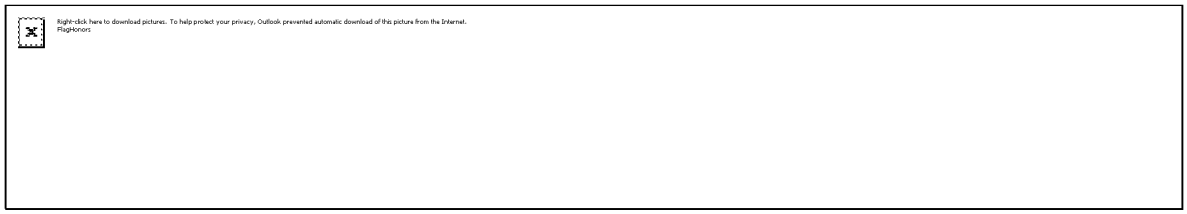
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

Subject: RE: JOC Trash

Rodney,

I apologize that anything was missed. I have already spoken with Doug and assured him that Skyler will be back late this afternoon/early evening when she is done at the job site she is on. When I questioned her about missing the trash in the break room she advised me that a meeting was meeting taking place there. She was uncomfortable with disrupting the meeting, which Doug has stated was the correct thing for her to do. Evidently, the meeting was still taking place when it was time for her to leave. I have advised her that in the future she should let someone of authority know of the situation, prior to leaving. Please let me know if you would like this handled differently.

Thank you for your consideration.

We are going to have a problem if the trash in the break room isn't emptied. We are staffed all weekend and we've had extra staff in because of the emergency in Flint. The trashcan already is already on the over-full side.

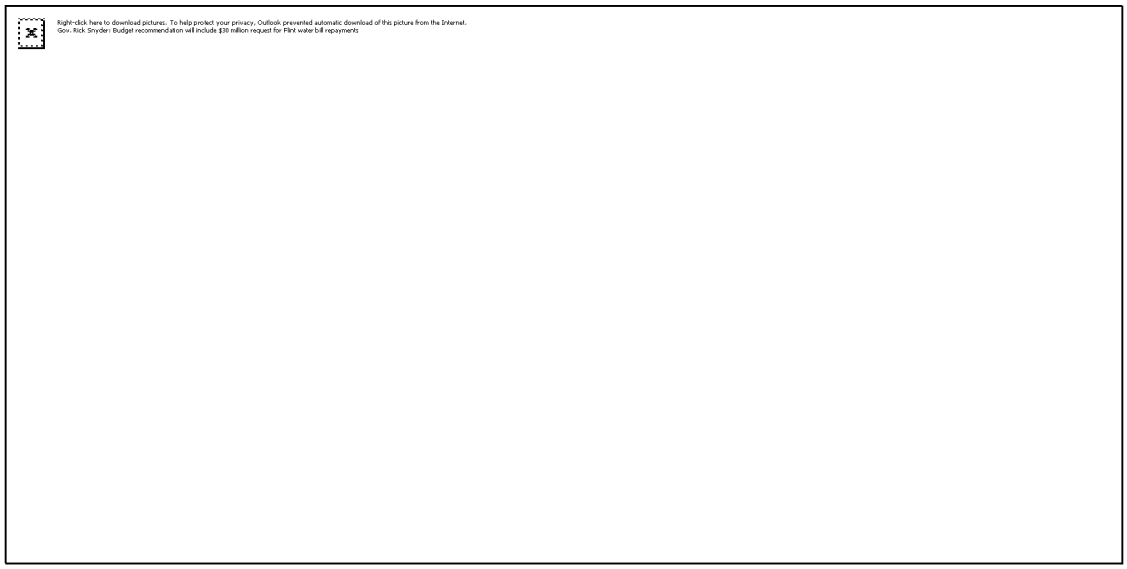
From: Governor's Office <governorsoffice@govsubscriptions.michigan.gov>
Sent: Wednesday, February 03, 2016 6:02 PM
To: Knapp, Kathy (DTMB)
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



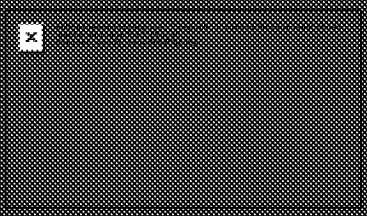
When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion

of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.



We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

Chris –

The SEOC Financial Group Chief has confirmed that DTMB is to provide DTMB expenses accrued (warehouse space, trucks/drivers, etc.) to date to them. Each agency reports on their own expenses to the SEOC FGC.

The attached receipt is for filters purchased on your P-card that DTMB will be reporting (to be reimbursed). The water and filters procured from Home Depot will be DHHS's to report on.

Chris,

Can you confirm the Walmart charge was for bottled water for Flint residents. Water filters (Walmart is to donate them)

Also, can you tell us if you've placed any other orders related to the Flint water crisis. Printing, Temporary Fuel Cards, Rental agreement for warehouse space, 30 tablets

We've heard truckloads of water are coming daily and wonder who may have placed the order and what funds are being used to pay for it. The funds will be taken out of DHHS's supplemental funding to pay for 72 trucks at $5,538.12 a truck, total cost $398,744.64

Hi Kathy,

Please the attached event application and let us know if the event is approved

The City Income Tax Division within the Department of Treasury would like to host a water collection drive for the citizens located within the City of Flint during the week of February 1st through February 5th. The water collection site will be located on the 2nd floor of the Operations Center during normal business hours. Depending on the volume of water collected water may be stored in one of Mail Operations storage rooms located on the 1st floor until it is transported to Art Van Furniture.

Please contact me with any questions.

Thanks for your consideration.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

City of Flint Did Not Meet Treatment Requirements

Our water system was recently found to be in violation of a drinking water standard. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. Samples were collected for total trihalomethanes (TTHM) analysis from eight locations on a quarterly basis (May 21, August 21, and November 20 of 2014). The average of the results at **ANY** of the eight locations must not exceed the maximum contaminant level (MCL) for TTHMs, otherwise our water system exceeds the Maximum Contaminant Level (MCL). The standard for TTHMs is 80 ug/L. The location reporting the highest TTHM level was 81 ug/L, thus, our water system exceeds the TTHM MCL.

What should I do?

- There is nothing you need to do unless you have a severely compromised immune system, have an infant, or are elderly. In that case, you may be at increased risk and should seek advice about drinking water from your health care provider.
- You do not need to boil your water or take other corrective actions. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

What does this mean?

This is not an emergency. If it had been an emergency, you would have been notified within 24 hours.

People who drink water containing trihalomethanes in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous system, and may have an increased risk of getting cancer.

What is being done?

We are currently working on solutions to correct the problem. We anticipate resolving the problem in 2015.

For more information, please contact Mr. Brent Wright or Mike Glasgow at 810-787-6537 or the Water Plant at 4500 North Dort Highway, Flint, MI 48505.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the City of Flint.

CERTIFICATION: F1 S3 WSSN: 02310

I certify that this water supply has fully complied with the public notification requirements in the Michigan Safe Drinking Water Act, 1976 PA 399, as amended, and the administrative rules. Reminder to water supplier: This notice/certification must be sent to the DEQ.

Subject: Flint SOB drinking water notice action

Team,

We have the notices posted and the new water dispensers have been installed at all the drinking fountain locations at the Flint State Office Building in reaction to the City of Flints notice of a violation in the drinking water standard for the water they supply to our Flint Facility. Please see photo attached. The potable water vendor couldn't deliver till Friday so we pick up the equipment and installed to avoid any extra disruption this issue may cause our tenants and visitors to the building. We worked the vendor for a new customer price so the first month rent on the dispensers was free and will only be $7.00 per month after that with a price of $4.00 per 5 gallon container of water. I have made contact with the City of Flint Water Department to gain more information on the corrective action plan and possibly the time line to correct the issue but they were unable to provide any more information at this time. Please let me know if more action is necessary and I will keep everyone posted if I hear any new information on this issue.

Thank you,
Brian

Rob,

Thank you for your understanding. I knew you would.

Chris could meet for lunch on Feb. 1st from 12:30 – 1:30. He is also available on the 5th starting at noon if that would work better.

Thanks again,

Kathy

Kathy,
No problem…the Flint Water Protestors are here right now so it is working out OK.

My future schedule is booked until Feb.1st or Feb. 2nd at this point.

Let me know if those dates work.

Best Regards, Rob.

Subject: Apologies

Rob,

My apologies for cancelling your lunch with Chris at the last minute. Our role at the SEOC in dealing with the Flint water crisis is causing a bit of chaos in our office at the moment. Do you have a free lunch hour sometime after State of the State? I imagine until that is over, you are going to be a bit busy.

Thank you,

Kathy

Amy –

I inadvertently used Jeff's ID for Jeanette's ID – my apologies.

The org chart lists Ryan as a 10; I wasn't aware he is an 11.

Currently Jeanette and Ryan are working on the Flint Water Crisis but there is always potential for another emergency in the future so we would like a year-long exemption as we have done in the past.

A current memo is attached.

Kathy

Amy,

Attached is an overtime exception request for three Office on Infrastructure Protection (TKU 746) employees. I will send a signed copy early next week when Chris is back in the office. However, since Jeanette and Ryan are currently working many overtime hours at the SEOC I wanted to make sure I would be able to request time sheet adjustments for them once the exception has been approved. If you any questions or need more information please let me know.

Thank you,

Kathy

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

January 15, 2016

TO: Amy Miller, DTMB Human Resources

FROM: Chris Christensen, Director, Office of Infrastructure Protection

SUBJECT: Overtime Exception Requests for TKU 746 Employees

Please grant overtime exceptions for the following employees for the year 2016. Currently Jeanette Doll and Ryan McKee are reporting to the State Emergency Operations Center (SEOC) in response to the Flint Water Crisis. However, any of them may need to work overtime hours at any time during the year due to emergencies or incidents impacting State assets or resources.

Jeanette Doll, Dept. Analyst 12 – EID 567608

Jeanette is the Emergency Management Coordinator representing DTMB at the SEOC. In the event of an emergency that causes the activation of the SEOC she must be accessible and available on short notice to report the SEOC. During emergencies she must be available 24/7.

Ryan McKee, Dept. Analyst 11 – EID 1086315

Ryan is the back-up to both Jeanette Doll and Jeff Pratt. During activation of the SEOC he provides relief coverage and assistance as needed. He must be available 24/7 during SEOC activation. When Jeff Pratt is out-of-the-office and unavailable to perform his normal duties Ryan must be available on short notice based on emergencies and/or on-going incidents and must be available 24/7.

Jeff Pratt, Dept. Analyst 12 – EID 207682

Jeff is the Security Program Coordinator for DTMB and is responsible for management of daily security operations at DTMB-managed facilities State-wide. He must be accessible and available on short notice based on emergencies and/or on-going incidents 24/7.

If you have questions or need further information please do not hesitate to contact me.

Subject: DRAFT - Volunteers for Overtime During Flint Crisis

How about something like this?

Chris is looking for OIP employees who are interested in working extra hours to provide assistance for the duration of the Flint Water Crisis. Hours may be before or after regularly scheduled shifts, at night or on weekends. We will request an exception for overtime exempt employees; for the duration for the Flint Water Crisis you would be overtime eligible while working on this particular issue. Employees normally eligible for overtime will be paid for any hours worked beyond their scheduled 40 hours.

At this time, the nature of the work has not yet been determined. Interested employees should let me know by close of business on January 21, 2016 so I can compile a list for Chris. Please note, hours are not guaranteed.

Karley,

So glad we are able to work out a meeting time for tomorrow.

I have reserved the Lake Superior Room at the Michigan Library and Historical Center for the meeting. The address is 702 W. Kalamazoo Street, Lansing. There is visitor parking on the south (Kalamazoo Street) side of the building and the room is located near the north entrance on the 1st (ground level) floor. The attached map will provide a visual of the building location and related visitor parking.

If your team would like to get into the conference room prior to 2:00 p.m. please let me know so I can make appropriate room reservations. If you need a projector for the computer please let me know so I can make appropriate arrangements.

Thank you,

Kathy

Hi Kathy- thank you so much for sending over the proposal. I've attached our signed copy.

Please let me know what time would be best for the DTMB team to meet with us tomorrow to learn about the current social monitoring operations and specific search requirements.

Specific topics that we will want to discuss with the DTMB team include:

-How are you currently monitoring with Radian6?

-What other social software are you currently using?

-What keywords and terms are you searching for?

-What are the important topics and individuals to monitor?

-What are you currently reporting on?

-Who are you making the reports for?

We would want to meet with all of the appropriate individuals to make sure that we get an accurate understanding of all of your social objectives.

Also, is there a conference space that our team can use for the day?

Thanks again and looking forward!

Karley Hall

Hi Chris- Thanks for taking the time to meet with the Digital Roots team regarding the potential trial partnership with us.

Attached we have provided an overview of our proposal for the Flint Water Crisis Emergency Response program. We spoke with Jeff and gave him a verbal overview of the attached document and wanted to send this along to you for your review as well.

We look forward to hearing from you and if you have any questions.

Thanks,

Karley Hall

Karley,

So glad we are able to work out a meeting time for tomorrow.

I have reserved the Lake Superior Room at the Michigan Library and Historical Center for the meeting. The address is 702 W. Kalamazoo Street, Lansing. There is visitor parking on the south (Kalamazoo Street) side of the building and the room is located near the north entrance on the 1st (ground level) floor. The attached map will provide a visual of the building location and related visitor parking.

If your team would like to get into the conference room prior to 2:00 p.m. please let me know so I can make appropriate room reservations. If you need a projector for the computer please let me know so I can make appropriate arrangements.

Thank you,

Kathy

Hi Kathy- it was so great speaking with you. I spoke with the team and 2-3pm tomorrow works perfectly. We will just send questions ahead of time for a more efficient meeting, so I will send those over shortly.

Can you please let us know the address/directions to where we will be meeting?

Thanks again! I wish your kids luck with their upcoming tests!

Hi Kathy- thank you so much for sending over the proposal. I've attached our signed copy.

Please let me know what time would be best for the DTMB team to meet with us tomorrow to learn about the current social monitoring operations and specific search requirements.

Specific topics that we will want to discuss with the DTMB team include:

-How are you currently monitoring with Radian6?

-What other social software are you currently using?

-What keywords and terms are you searching for?

-What are the important topics and individuals to monitor?

-What are you currently reporting on?

-Who are you making the reports for?

We would want to meet with all of the appropriate individuals to make sure that we get an accurate understanding of all of your social objectives.

Also, is there a conference space that our team can use for the day?

Thanks again and looking forward!

Karley Hall

Hi Chris- Thanks for taking the time to meet with the Digital Roots team regarding the potential trial partnership with us.

Attached we have provided an overview of our proposal for the Flint Water Crisis Emergency Response program. We spoke with Jeff and gave him a verbal overview of the attached document and wanted to send this along to you for your review as well.

We look forward to hearing from you and if you have any questions.

Thanks,

Karley Hall

Jeanette,

You were correct, Jeff's hours on 1/15 were for State of the State.

Allie worked 1 hour of overtime.
Elizabeth worked ½ hour of overtime.
Craig B. was the Access control OT.

Brandon, if the above information is incorrect please let Jeanette know.

Thank you,

Kathy

Jeanette,

I was asked to report all hours worked in support of Flint. If more hours are reported to me, I will send you only the overtime hours.

You were provided correct information regarding your overtime hours; you are overtime eligible only after 40 regular hours have been worked in a week. My apologies for not converting Jeff's hours to the same format. Like you and Ryan, he is only overtime eligible after 40 regular hours have been worked.

Kathy

Kathy –
We are only recording overtime received in support of the Flint Water Emergency, not regular time.

Question for you, per your information, Ryan and I were told we do not accrue overtime until after 40 hours has been worked. Looking at Jeff's time he accrued overtime beginning on Sunday through the week.

Just want to make sure we are providing correct information just in case an audit is performed!

Subject: FW: Flint Water Tracking and Reporting

Hi Kathy,

Please see the email that provides a brief description of the purpose of the meeting and invite the appropriate DTMB staff/management that will have knowledge regarding the recording, tracking and reporting of the Flint water expenditures. Also please include, Carol O'Callaghan, SBO; Lora Mikula, OFM; Lisa Shoemaker, SBO; Ryan Doll, SBO; and Bryan Weiler, SBO is optional.

As mention per our phone discussion, we have been asked to have this meeting scheduled by noon today and held by the close of business on Friday, February 19, 2016.

Thank you for your assistance.

Daphne

Subject: Flint Water Tracking and Reporting

Hello, Everyone.

I am following up to the email that Penny Burger, State Emergency Operations Center sent informing you that the Office of Internal Audit would be contacting you to discuss your department's expenditures related to the City of Flint Water Emergency. We have reviewed the worksheets that you submitted to Penny which summarizes the total expenditures to date. We will use these worksheets as a starting point for reviewing the Flint Water expenditures recorded in MAIN. We will be contacting each of you to make arrangements for us to meet and obtain a description of purchases or services you incurred and the MAIN coding used to record the expenditures.

Our objective is to ensure that all agencies are consistent in tracking, monitoring and maintaining sufficient documentation for the Flint Water expenditures.

Carol O'Callaghan, Audit Specialist or myself, will be contacting you this week or early next week. If you have any questions or concerns you may email us or please feel free to contact me at (517) 285-8041 or Carol at (810) 348-4591.

Thank you,

Daphne Hobson
Audit Manager

Subject: Christensen P-Card Statement
Attachments: Christensen Cycle 756.pdf

Frank -

Attached is Chris' statement for Cycle 576. Unfortunately, 2 receipts have been misplaces and two have not yet been received. Please see notes on page two of the statement. I will forward the signed statement and original receipts once the last two receipts have been received.

Thank you,

Kathy

All purchases were made in support of the Flint Water Crisis and should be billed to Index 90055.

The receipts for the Best Buy Purchase and Best Buy Credit in the amount of $69.96 have been misplaced.

We are still trying to obtain the receipt for DTV DirecTV Service in the amount of $99.49 and the receipt for U-Haul Dort HWY in the amount of $173.10. I will send a complete statement once those are received and Chris' supervisor has signed the statement.

Use of iPad constitutes acceptance of the iPad terms and conditions and other third party terms and conditions found in the iPad box, or at http://www.apple.com/legal/sla/

The sales tax for iPad varies by state and may be based on the unbundled purchase price rather than the actual purchase price.

If you are not fully satisfied with your iPad purchase, you can return your undamaged iPad within 14 days of purchase for a full refund with no restocking fee.

If you disagree with these terms and conditions you can return the iPad in accordance with the Apple Store's return policy http://www.apple.com/legal/sales_policies/retail.htm

- The missing equipment charge does not constitute a sale or transfer ownership of equipment. U-Haul is still the owner of this equipment.
- I confirm that during the term of my rental there was not an accident involving the rented U-Haul equipment and no incidence where this equipment struck or otherwise caused damage to any person or property either while on a public road or private property. There was no injury or damage sustained by me or any other drivers or passengers of this equipment.

Subject: Re: Help with Excel

Ben,

I will have Jennifer Gibson and Jonah Allen from DTMB there today around 11:00 to help with Excel.
Let me know if you need anything else.

Thanks Chris

Subject: RE: Records Manager Install - REQ000000789143

All requests for assistance in response to the Flint Water Emergency should be routed through the SEOC. This request should have went through the AGs SEOC rep and not DTMB to provide clearance.

Jeanette

Subject: RE: Records Manager Install - REQ000000789143

Then if this is legal I would assume it would not need to take the SEOC route. What are your thoughts?

Subject: RE: Records Manager Install - REQ000000789143

I called Jennifer and have not heard back from her regarding the resource request. After speaking with John McQuaid, he said this request would need to come from the AGs office and not DTMB. The information provided to the DEQ SEOC rep was not clear and did not clarify what "software" was required, which is why I reached out to Jennifer.

Have you seen this? - Some of this may be related to legal and FOIA and may not need to go through the SEOC. Once you read this let me know.

Chris,
I believe the request for provisioning HP Trim for Barb may have already went through the SEOC. Now they are asking me to help get the software installed. That goes through OA.

Subject: RE: Records Manager Install

Hello,

I don't believe we don't have any other outstanding tickets to rush.

Barbara's security is set up so once the software is in place she can start using it after double checking the dataset. If there are any questions on doing this, please give me a call..

I also just double checked with Andrew Banas and he has the software installed (he was a priority processing from last week and I wanted to make sure that was done). Michael or Kate might want to double check with him on using the system and setting up favorites for whatever they are doing (i.e. orientation).

Thank you for doing this!

Sincerely,

Sean Evans

Subject: Records Manager Install

Hello,

I have activated a new seat in Records Manager for Barbara Schaibly, however an install needs to take place on her machine to use the software. I have issued a Remedy ticket for this, however I have no ability to up the priority of the install and it was indicated that this was a rush. Can you assist me with this?

Ticket Details:

Request Status:	Initiated
ID:	REQ000000789143
Title:	Software Install and Removal
Request Coordinator:	
Submit Date:	2/9/2016 10:23:40 AM
Required Completion:	
Expected Completion:	2/10/2016 10:22:40 AM
Requested By:	Sean Evans
Requested For:	Barbara Schaibly
Company:	Dept of Environmental Quality
Phone:	517 284.5417
Email:	
Request Type:* :	Install / Upgrade Software
Is this request for more than one computer?:* :	No
Computer Name:* :	S6761654QNX1
Is this request for more than 1 software?:* :	No
Software or Application Name(s) and Version:* :	App_RecordsManager
Do others use this software in your area?:* :	Yes
Preferred method of contact:* :	Sean Evans 517-335-9131

Please let me know if you can't do this. I'll try to use some of my contacts at the Help Desk for assistance.

My number is 517-335-9131 if you have any questions.

Sincerely,

Sean Evans

This upgrade is to bring the Unisys DR environment into sync with the Production & Developement Unisys systems. This is only an internal upgrade of the DR environment and the Production system itself will NOT be affected. No user participation will be required, and there will be no networking connectivity during this test to ensure that we do not inadvertently affect production processes. Will be performing Qualys PCI scanning on servers.

15	**82373**	Multi/Telecom Delivery Serv: Telecom will upgrade Lake Superior Hosting Center (LSHC) F5 cluster to Operating System (11.5.3 HF2) *Date changed on 11/6 from 1/10*		**LCAB Approvals: (35)** AG - 11/09/2015, Budget - 11/25/2015, CSES - 11/10/2015, CSC - 11/09/2015, DCO - 11/10/2015, MDARD - 11/10/2015, DCR - 11/23/2015, MCSC - 11/25/2015, DCH - 11/09/2015, DOC - 11/09/2015, MDE - 11/17/2015, LARA-LAN - 11/10/2015, CSSTP - 11/10/2015, LARA-UIA - 11/23/2015, DHS - 12/01/2015, DMVA - 11/17/2015, DTMB - 11/25/2015, DNR - 11/10/2015, DOS - 11/17/2015, DOT - 11/09/2015, E-Mich - 11/10/2015, Lottery - 11/09/2015, Treasury - 11/09/2015, MSHDA - 11/09/2015, MSP - 11/17/2015, OA - 11/09/2015, Telecom - 11/12/2015, TS - 11/10/2015, MEDC - 11/10/2015, MGCB - 11/10/2015, MCS - 11/06/2015, DEQ - 11/10/2015, DIFS - 11/10/2015, ECM - 11/17/2015, MiECC - 11/09/2015	Approved			Venkat Putluri	Telecom	12/6/2015 10:00	Telecom will upgrade LSHC F5 cluster to OS 11.5.3 HF2 as suggested by F5 in view of the recent outage. SSLV3 will be disabled on the F5's after this upgrade. Recent external audits have revealed that many of the F5 devices and corresponding software currently deployed in the SoM network are not compliant with current regulatory standards. The lack of compliance exposes our network to unnecessary vulnerabilities. Additionally, SOM load-balancers are not passing audit scans with the current SW & HW. Finally, the outdated software and hardware prevents the network from utilizing many of the features and functions available in todayâ€™s technology which could result in longer and more frequent system outages. The implementation of state of the art upgrades will make for a more robust, secure and available network for the state of Michigan user community.

22	**84241**	Multi/OA Design Section: Extend schema in Michigan State Police Active Directory (MSPAD) for Local Administrator Password Solution (LAPS)		**LCAB Approvals: (2)** MSP - 12/01/2015, OA - 11/30/2015	Approved			Geoffrey Rook	OA	12/9/2015 17:00	LAPS (Local Administrator Password Solution) has been successfully implemented in SOM and now we plan to implement it in MSP as well. LAPS improves security by randomly assigning unique, complex passwords to every computer and changes them every 30 days. The password and expiration date of the password are stored in Active Directory and can be easily retrieved by staff who have been selected to have the proper permissions. LAPS also provides a simple GUI to make it easier to retrieve the current local Administrator password for any specific computer. This first phase includes extending the schema to include the 2 new fields in MSPAD (ms-Mcs- AdmPwd and ms-Mcs-AdmPwd ExpirationTime) and to add the GPO templates (ADMX/ ADML) and set the configuration (e.g., 14 chars, complex, change every 30 days). The last phase will copy the AdmPwd.DLL file to the computers to make LAPS active. The last phase will be under a different Remedy\RFC after a short pilot.
23	**84284**	Multi/OA Design Section: Move Flexible Single Master Operation (FSMO) roles to Active Directory (hcs084addcpi004) domain controller. 45	**82762**	Multi/Telecom Delivery Serv: Install new F5 Blades in existing viprion chassis at Lake Superior Hosting Center (LSHC) *Date/time changed on 11/10 from 1/24/16*		**LCAB Approvals: (36)** AG - 11/18/2015, Budget - 12/02/2015, CSES - 11/12/2015, CSC - 11/16/2015, DCO - 11/17/2015, MDARD - 12/01/2015, DCR - 11/16/2015, MCSC - 12/02/2015, DCH - 11/17/2015, DOC - 11/16/2015, MDE - 11/17/2015, LARA-LAN - 11/10/2015, CSSTP - 11/10/2015, LARA-UIA - 11/16/2015, DHS - 12/01/2015, DMVA - 11/10/2015, DTMB - 12/02/2015, DNR - 12/01/2015, DOS - 11/24/2015, DOT - 11/16/2015, E-Mich - 11/10/2015, Lottery - 11/18/2015, Treasury - 11/16/2015, MSHDA - 11/18/2015, MSP - 11/10/2015, OA - 11/16/2015, Telecom - 11/24/2015, TS - 11/17/2015, MPSCS - 11/17/2015, MEDC - 11/10/2015, MGCB - 11/10/2015, MCS - 11/12/2015, DEQ - 12/01/2015, DIFS - 11/10/2015, ECM - 11/17/2015, MiECC - 11/16/2015	Approved			Venkat Putluri	Telecom	12/20/2015 10:00	NTSD Telecom will install new F5 Blades in existing viprion chassis at LSHC. Recent external audits have revealed that many of the F5 devices and corresponding software currently deployed in the SoM network are not compliant with current regulatory standards. The lack of compliance exposes our network to unnecessary vulnerabilities. Additionally, SOM load-balancers are not passing audit scans with the current SW & HW. Finally, the outdated software and hardware prevents the network from utilizing many of the features and functions available in todayâ€™s technology which could result in longer and more frequent system outages. The implementation of state of the art upgrades will make for a more robust, secure and available network for the state of Michigan user community.

48	**82374**	Multi/Telecom Delivery Serv: Telecom will upgrade De-Militarized Zone (DMZ) F5 cluster to Operating System (11.5.3 HF2) *Date changed on 11/10 from 12/20*	Skipped for review.	**LCAB Approvals: (30)** AG - 11/18/2015, CSES - 11/12/2015, CSC - 11/16/2015, DCO - 11/17/2015, MDARD - 12/01/2015, DCR - 11/16/2015, DCH - 11/24/2015, DOC - 11/16/2015, LARA-LAN - 11/10/2015, CSSTP - 11/10/2015, LARA-UIA - 11/16/2015, DMVA - 11/24/2015, DNR - 12/01/2015, DOS - 12/01/2015, DOT - 11/16/2015, E-Mich - 11/10/2015, Lottery - 11/18/2015, Treasury - 11/16/2015, MSHDA - 11/18/2015, MSP - 11/24/2015, OA - 11/16/2015, Telecom - 11/24/2015, TS - 11/17/2015, MEDC - 11/10/2015, MGCB - 11/10/2015, MCS - 11/12/2015, DEQ - 12/01/2015, DIFS - 11/10/2015, ECM - 11/17/2015, MiECC - 11/16/2015			**LCAB Skip Requests: (3)** MDE - 12/01/2015, DHS - 11/24/2015, DTMB - 11/25/2015	Meher Kurivella	Telecom	1/10/2016 10:00	Telecom will upgrade DMZ F5 cluster to OS 11.5.3 HF2 as suggested by F5 in view of the recent outage. SSLV3 will be disabled on the F5's after this upgrade. Recent external audits have revealed that many of the F5 devices and corresponding software currently deployed in the SoM network are not compliant with current regulatory standards. The lack of compliance exposes our network to unnecessary vulnerabilities. Additionally, SOM load-balancers are not passing audit scans with the current SW & HW. Finally, the outdated software and hardware prevents the network from utilizing many of the features and functions available in todayâ€™s technology which could result in longer and more frequent system outages. The implementation of state of the art upgrades will make for a more robust, secure and available network for the state of Michigan user community.

Subject: Flint Emergency Management Center - priority calls

Hi –

An Emergency Management center was established in Flint to handle the water contamination crisis there. It is located in the Flint State Office Building on the 5th floor although odds are that the people working there do not have that as their office of record on their Remedy profile.

We need to treat calls from the staff working there as probable priority calls.

We can discuss at Thursday's Scrum meeting. (Brian and Mike, we'll let you know what we talk about.)

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

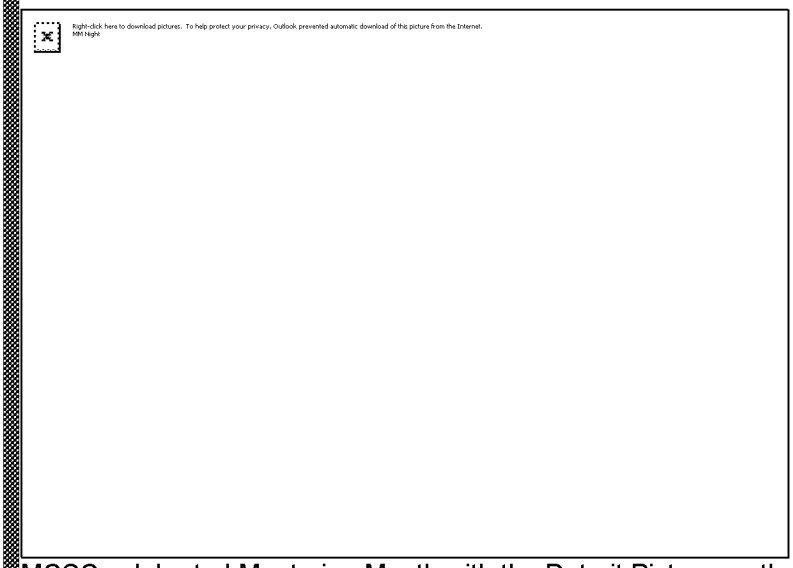
MCSC celebrates Mentoring Month with the Detroit Pistons



MCSC celebrated Mentoring Month with the Detroit Pistons as the two organizations teamed up to host Mentor Michigan Night at the Palace of Auburn Hills. More than 100 people involved with mentoring programs attended the event.

Mentor Michigan redevelops Quality Based Mentoring Standards

In September 2015, MENTOR: the National Mentoring Partnership released the 4th edition of the Elements of Effective Practice for Mentoring. In response, Mentor Michigan has redeveloped Quality Based Mentoring Standards in order to reflect the most up-to-date research in the mentoring field. This new and improved system will enable us to increase our level of engagement with mentoring programs, ensuring that all youth in Michigan receive the level of support they need. Quality Rated Programs will receive special offers and opportunities for national exposure.

MCSC is now accepting nominations for the 2016 Governor's Service Awards. The form can now be filled out online. Nominate a volunteer, organization or national service program today!

Michigan's AmeriCorps

National service agency deploys AmeriCorps team to assist with Flint water emergency

The Corporation for National and Community Service (CNCS) announced it is deploying an AmeriCorps team to Flint, to support state and local efforts to protect the public health of residents facing challenges from increased lead levels in the Flint water supply.

"National service is all about getting things done to solve local problems, and we are committed to supporting Flint at this time of need," said Wendy Spencer, CEO of CNCS.

Funding Alerts

Scotts Miracle-Gro GRO1000 Grassroots Grants

The Scotts Miracle-Gro Company's GRO1000 Grassroots Grants help foster the development of gardens and green spaces in the United States. Grants of up to $1,500 are awarded to local communities throughout the country to help bring edible gardens, flower gardens and public green spaces to more neighborhoods.

Teacher Vision Grants

American Electric Power will combine your teaching talents and creativity with our resources and desire to help you make a difference in your students' lives. Available for teachers of pre-k through grade 12 with projects that have an academic focus and a goal to improve student achievement. Grants range from $100 to $500.

Kars4Kids Grants

Kars4Kids is constantly on the lookout for like-minded charities which share our values and are working hard to make a difference

in the areas of education and youth development. Grants typically range from $500-$2,000, depending on mission alignment and availability of funds.

Walmart Foundation State Giving Program
Applications will be accepted for programs within the scope of one of the following focused giving areas: career opportunity, hunger and healthy eating or disaster preparedness. Grants range from $25,000 to $250,000.

National Arts and Humanities Youth Program Awards
The National Arts and Humanities Youth Program Awards, sponsored by the President's Committee on the Arts and the Humanities, recognizes excellence in after-school and out-of-school arts and humanities programs for underserved children and youth. Twelve winners will receive a $10,000 award and an invitation to accept their award at a White House ceremony.

Volunteer opportunities

Junior Achievement of Mid-Michigan
Junior Achievement offers programs to teach young people career and life skills. JA programs are five to seven sessions usually taught over the course of several weeks to students in K-12th grade.

Willow Farm Therapeutic Riding
Willow Farm Therapeutic Riding serves as a center for continual development, implementation and evaluation of a therapeutic riding program for children and young adults between the ages of 4 and 26, all of whom have a physician-diagnosed disability. Volunteer opportunities include sidewalkers and horse leaders.

Feeding America West Michigan
Feeding America West Michigan Food Bank provides food to 492,100 people in need each year. In one hour, volunteers can help distribute 150 meals.

About the MCSC

The Michigan Community Service Commission utilizes service as a strategy to address the state's most pressing issues and empowers volunteers to strengthen communities. In 2015-2016, the MCSC is granting more than $7 million in federal funds to local communities for volunteer programs and activities. The MCSC is funding 29 AmeriCorps programs and four My Brothers Keeper grantees. The Governor's Service Awards and Mentor Michigan are also premier programs of the MCSC. www.michigan.gov/volunteer

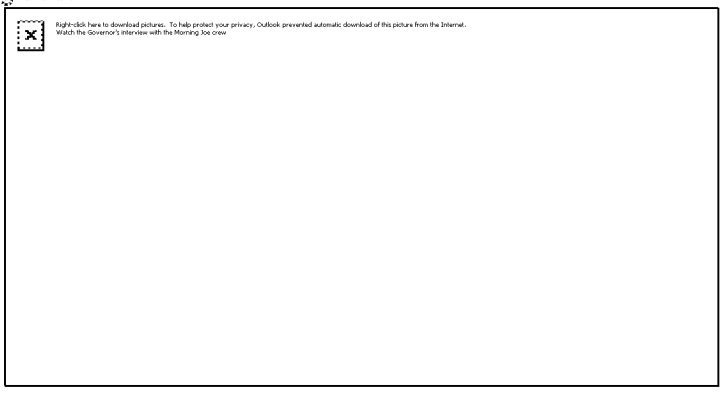
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

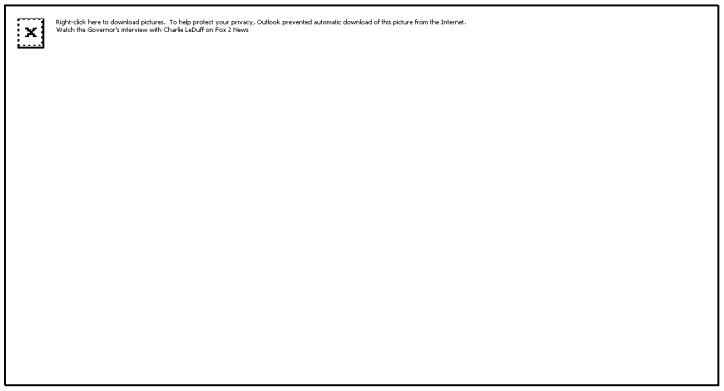
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

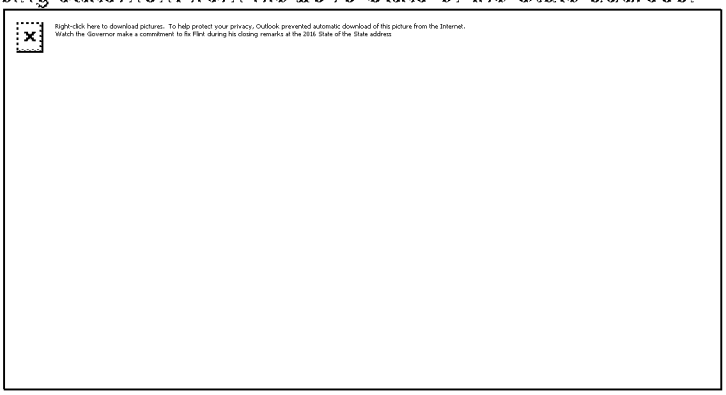
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

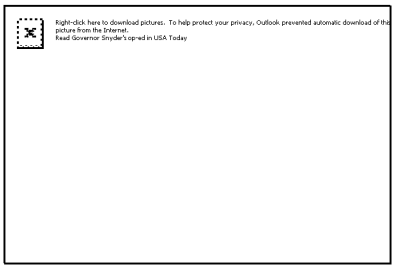


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

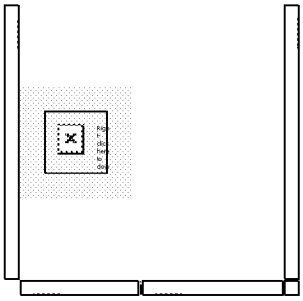
Water Crisis Response Update

Dear Joni,



Residents of Flint and Genesee County continue to be affected by the current water crisis in Michigan. The American Red Cross has been there every step of the way supporting the federal, state, and local government's efforts to help families affected by this emergency. Together with our government and nonprofit partners, the plan is for all agencies to deploy response teams to reach the 45,000 homes in the City of Flint.

Since this crisis began, the Red Cross has connected with over 10,700 homes to distribute supplies and educational materials as part of this collective effort to reach all households in Flint. So far, we have distributed the following government-issued items:

- More than 20,000 cases of water,
- More than 13,500 water filters and replacement filters, and
- More than 10,500 water testing kits.

If you are in need of immediate assistance, get help now.

When you give to disaster relief, it empowers the readiness of the Red Cross by giving us the ability to get involved in any emergency. At the same time as this disaster, we are helping dozens of families throughout Michigan in the aftermath of home fires each day. And across the country – from Texas to Missouri to Mississippi – Red Cross staff and volunteers continue to support relief efforts following severe winter floods and storms.

A gift of any size will help people affected this year by disasters big and small, so please consider making a donation today! Your gift allows us to ensure that communities are prepared for whatever may lie ahead.

Thank you for your ongoing support!

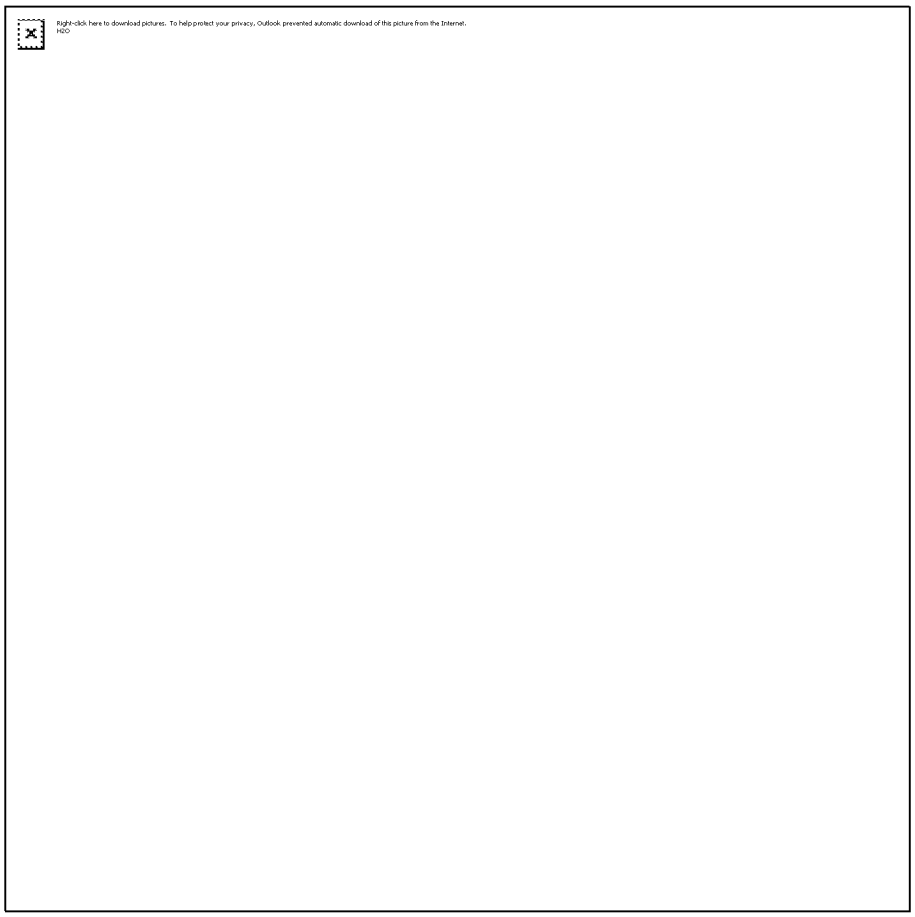
Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

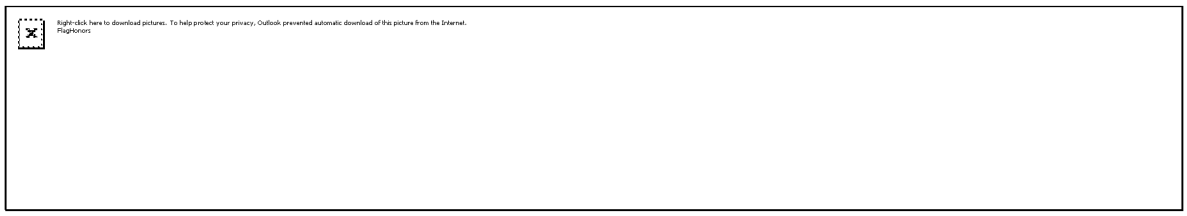
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

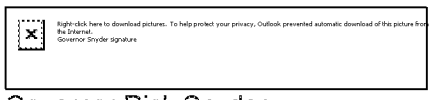
I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,



Governor Rick Snyder

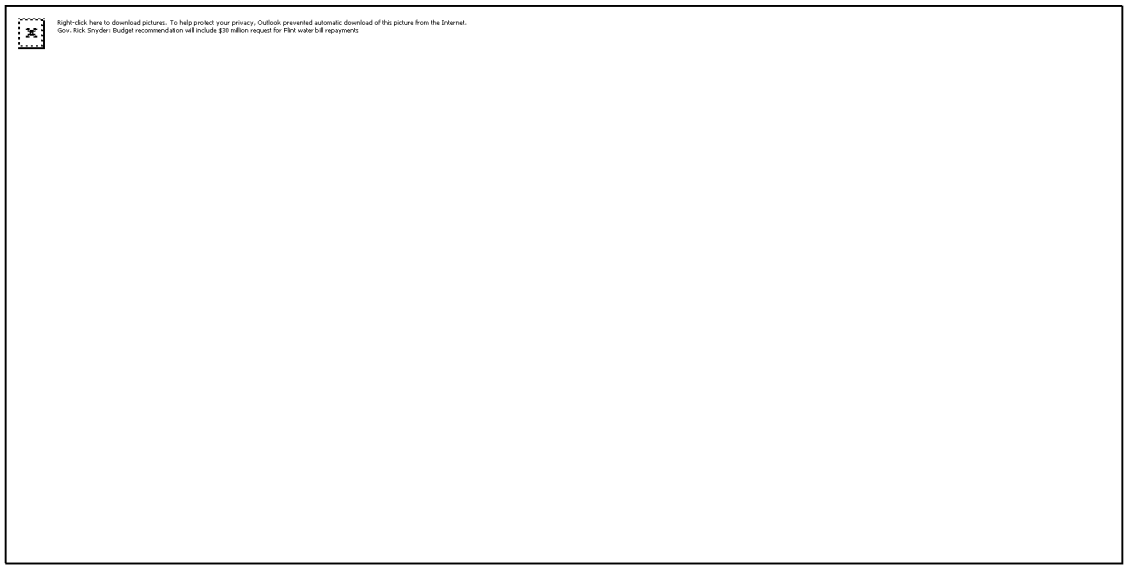
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



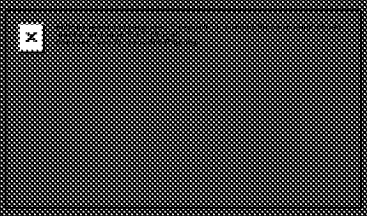
When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion

of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.



We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

Subject: Skype/Lync login issues has returned!
Importance: High

Office Automation informed us late yesterday that the issue with Skype prompting for login credentials has returned. We would ask that you direct your staff to sit tight while a permanent fix is being deployed, and not submit tickets to the CSC for this issue.

Here is what OA had to say about the Skype issue.

There was another patch in this month's Microsoft patches that created that same Skype/credential issue. It looks like we had a few thousand people install it prior to tonight's forced push, so we will be looking for a global solution for them. We did remove this skype patch from tonight's run so others won't get it.

Everyone have a great weekend!

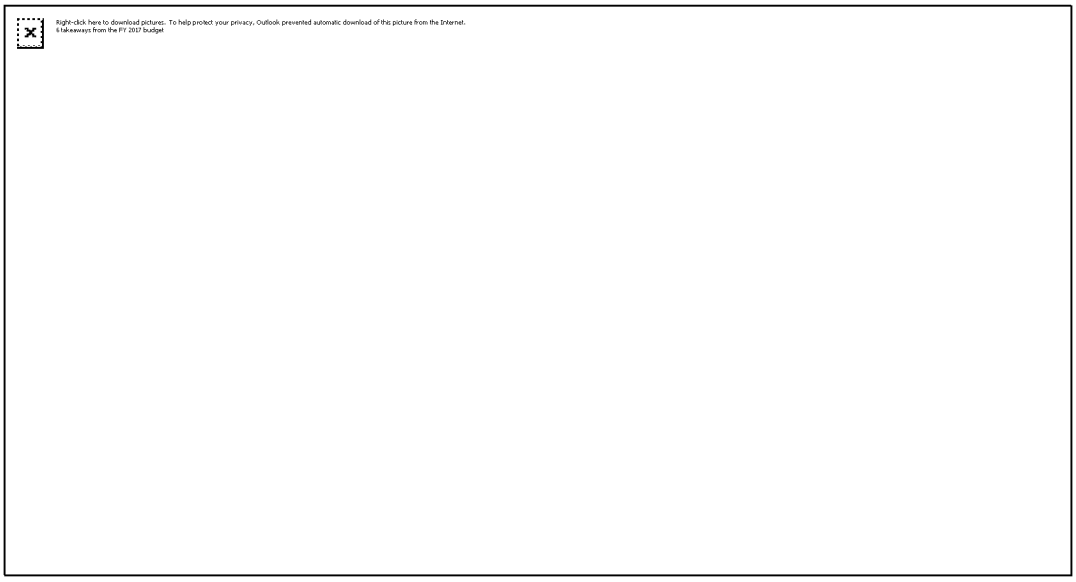
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

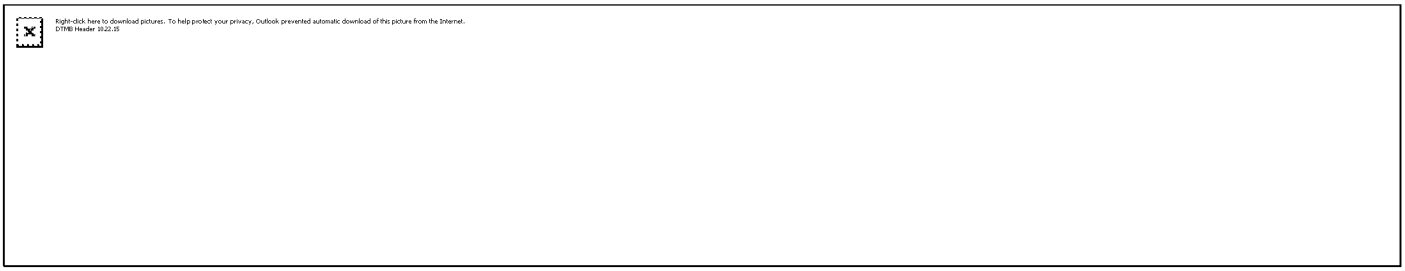
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Subject: RE: Flint SEOC - Escalation Requests - UPDATE

DCO/SMC, Client Service Center, and Design and Delivery personnel have worked to establish a procedure which can be referenced by each area as requests related to the Flint Water Crisis are being made and processed. While this directive was written with front line support staff in mind, it is readily applicable to both Design and Delivery and DCO/SMC. The directive is as follows:

"All calls received by CSC agents are to be handled according to normal operational processes and procedures. In the event that a caller is requesting escalation due to the Flint Water Crisis, agents are instructed to inform the caller that they need to contact their SEOC Liaison who will handle the escalation request, and close the ticket indicating that they did so."

If support staff have any questions or concerns, please **contact your management** who are asked seek answers to their questions from Becki Hudson.

Hi!

Kosloski, Joni (DTMB) 10:16 AM:

hello!

Isaacs, Jan (DTMB) 10:16 AM:

Has your team processed any requests for the Flint Water Crisis response?

Kosloski, Joni (DTMB) 10:17 AM:

2 tokens issued, per an e-mail from pam

not sure they're being paid for

no form

Isaacs, Jan (DTMB) 10:17 AM:

OK

Thanks!

Kosloski, Joni (DTMB) 10:18 AM:

sure

Isaacs, Jan (DTMB) 9:09 AM:

Hi Joni.

Kosloski, Joni (DTMB) 9:09 AM:

hi

Isaacs, Jan (DTMB) 9:09 AM:

Oops. Never mind. I apologize. I figured it out.

Kosloski, Joni (DTMB) 9:10 AM:

ok

Isaacs, Jan (DTMB) 8:10 AM:

Hi!

Kosloski, Joni (DTMB) 8:10 AM:

morning!

Isaacs, Jan (DTMB) 8:11 AM:

are you available to chat about a ticket?

Kosloski, Joni (DTMB) 8:11 AM:

sure, shall I come see you?

Isaacs, Jan (DTMB) 8:11 AM:

or we can phone - whichever works.

Kosloski, Joni (DTMB) 8:11 AM:

I'll stop by, be right there!

Isaacs, Jan (DTMB) 8:11 AM:

thanks!

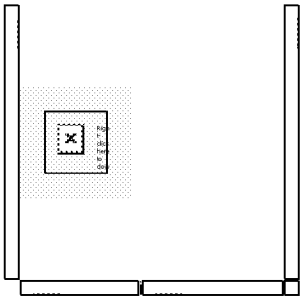
Water Crisis Response

Dear Joni,



Last Tuesday, a state of emergency was declared over the water crisis in the city of Flint. The American Red Cross is on the ground helping--working with local partners, including state and local government officials, community nonprofits, churches and fire stations, to assist with water distribution efforts.

The Red Cross is handing out bottled water, water filters, lead-testing kits and educational materials. To date, approximately 11,500 water filters and 1,500 replacement water filtration cartridges have been distributed by various partner agencies.

If you are in need of immediate assistance, get help now.

When you give to disaster relief, it empowers the Red Cross's readiness by giving us the ability to get involved in any emergency. At the same time as this disaster, we are helping dozens of families throughout Michigan in the aftermath of home fires each day. Across the country Red Cross volunteers continue to support relief efforts following severe winter floods and storms.

A gift of any size can help people affected this year by disasters big and small, so please consider making a donation today! Your gift will help us to ensure that communities are prepared for what lies ahead.

Thank you for your ongoing support!

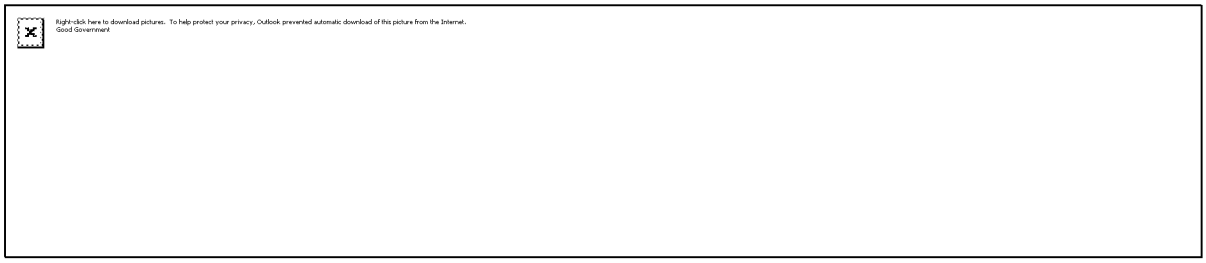
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

Please note this meeting can be attended in person or via conference call-in. Location and Dial in information are provided below.

*please see agenda below
Requested By:
DTMB Executive Staff

Location:
Ottawa Building
Upper Level - Conference Room 4
611 W. Ottawa Street
Lansing, MI 48933

Call-in: 866-390-1828
Access code: [redacted]

Security:
Please have your State Employee ID showing at all times.

Parking:
Metered parking is available along Ottawa and Pine street.

Briefing:
In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Agenda
1) Kickoff - Brom Stibitz, Chief Deputy Director
2) Why you are here - Jean Ingersoll, Interim Chief of Staff
3) What you need to do (February 22, 2016 deadline) - Jean
4) What will be done for you - Jean
5) What's next - Jean
6) Public Information Reminder - Caleb Buhs, Public Information Officer
7) Questions and Answers - Group

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 17, 2016

TO: All DTMB Custodians of Correspondence Related to Flint

FROM: Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

SUBJECT: Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Microsoft 365 – Outlook (*includes emails, calendar items) and OneDrive*

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

Network Drives

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians do *not* need to independently conduct a network drive search for the search terms below.

Non-Network Drives – *includes hard drives, desktop, and thumb/flash drives*

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

Paper Files

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

Home Computer

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

Conclusion

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word.* For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

Search Terms:

- ☐ "Legionnaire"
- ☐ "Legionella"
- ☐ "boil water order" & "Flint"
- ☐ "coli" & "Flint"
- ☐ "bacteria" & "Flint"
- ☐ "microb" & "Flint"
- ☐ "TTHM" & "Flint"
- ☐ "Lead" & "Flint"
- ☐ "emergency" & "Flint"
- ☐ "Karegnondi"
- ☐ "Genesee County Health Department"
- ☐ "Flint" & "utilities"
- ☐ "Lead and Copper Rule"
- ☐ "Detroit Water and Sewerage Department" & "Flint"
- ☐ "DWSD" & "Flint"
- ☐ "Flint River"
- ☐ "Pb" & "water"
- ☐ "KWA"

Search conducted on the email account of: _____

By (your name): _____

Date completed: _____

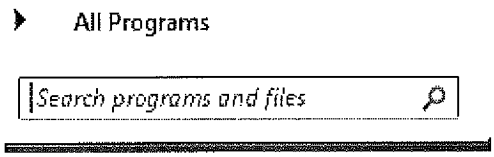
Please return this completed Checklist to DTMB Director's Office staff by February 22, 2016, at DTMB@michigan.gov, or
Directors Office, Cass Building, Second Floor

APPENDIX 1 – Search Guidance

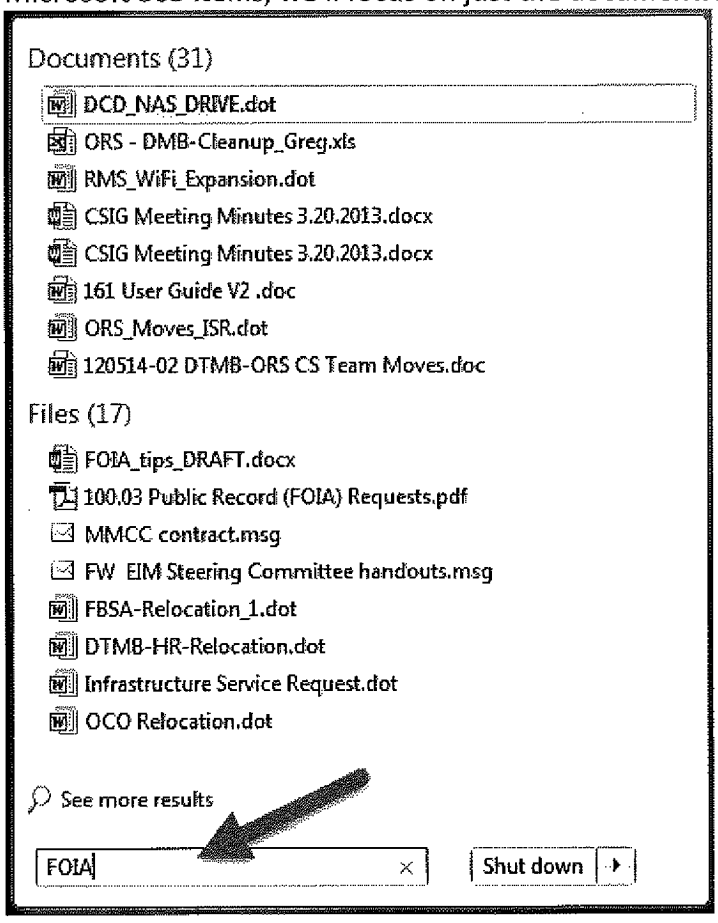
Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it

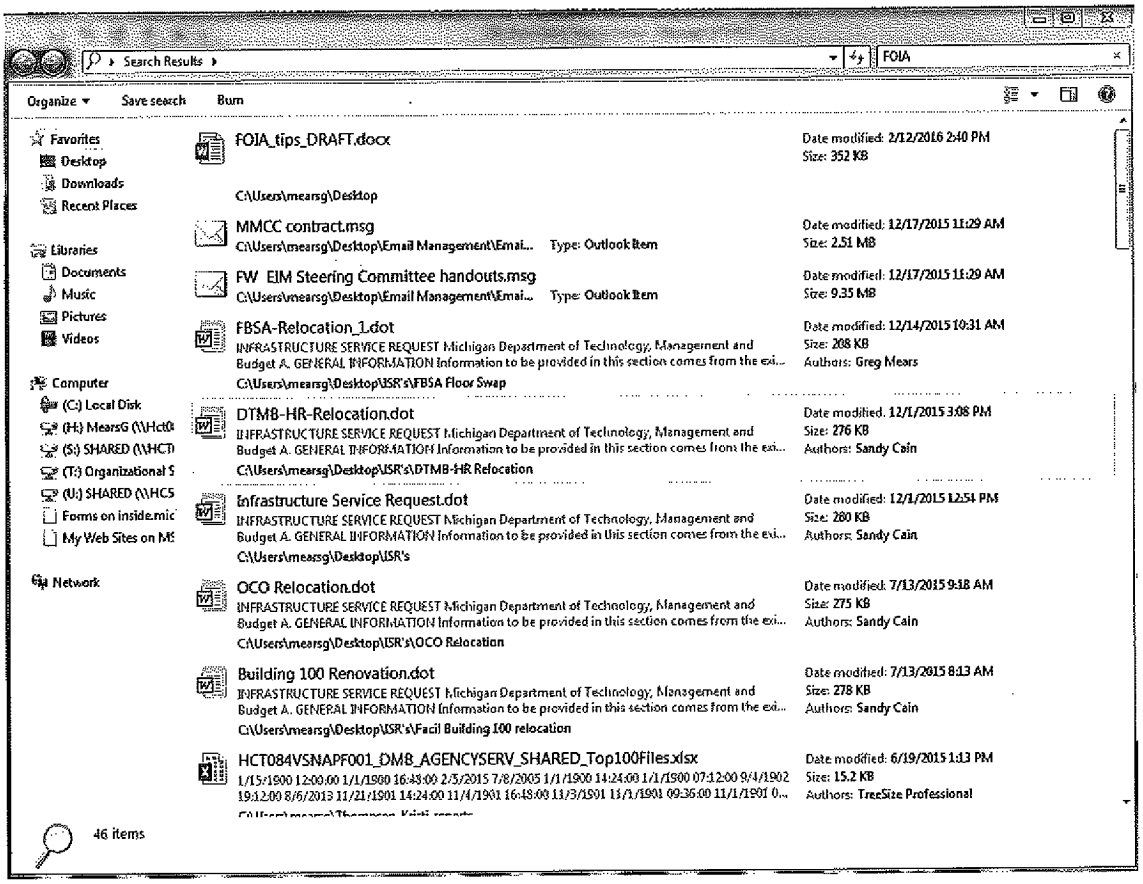


This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.



You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form.
You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.



As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.

Subject: RE: Darlene Harris

Joni,

Thanks. Darlene Harris is DEQ. I sent her a message to find out which division it is so I can get a follow up 51.

Trevor Hawks is in the State Police and someone who is a remote access AR for them should look into it.

Mark, on 2/8, Pam asked me to issue a token to Darlene Harris (wrong name in subject line, see attached), but it isn't being paid for. Should you submit a form for her as well?

Thanks,
Joni

Subject: UPDATED Information on Custodian Search Memo and Guidelines and Meeting Minutes
Importance: High

Good Afternoon All:
After attempting to perform a search, I have some important information for you.

The first search will take quite a while, possibly up to 20 minutes. After some time your computer will recognize the slowness and automatically start to index the search. Once the computer starts to index, the searches will become much faster.

Lastly, on the search instructions for Microsoft 7 and 8, the terms Flint AND water were omitted; however, the checklist that you must return is correct. Please make certain that you are searching the terms Flint AND water. Thank you. Jean

Importance: High

Paul-

Per our discussion, you are aware of the domestic hot water line that was leaking on the 4th floor in which you had your plumber repair. It appears that the leak may have been occurring for some time as there appears to be damage below this area on the lower floors. If you refer to the attached photos, the water flooded some of the areas outside of the plumbing chases and has all caused some level of damage to the adjacent gypsum board, pipe insulation, fire-proofing, ceiling tiles, carpet, etc. on all floors. The initial point of concern, other than the damaged materials, is that there also appears to be mold growth taking place. If the materials are not dried out quickly by use of fans or other methods it could continue to worsen and required full replacement of the damaged materials.

Please review the attached photos and the overall onsite conditions of the areas on each floor and provide us with B&B's intended direction to resolve and remediate the issue. We would appreciate and require an immediate response to insure the safety of the occupants.

Thanks

I waited last night for a response and since I got none and B & B was offsite, I called a restoration company out to bring dryers and air movers.

Let me know where to send the bill.

I believe Drywall will need to be replace in these areas.

Subject: Water Leak Damage

Team,

Today operations noticed that the carpet on the first floor between the public rest rooms was wet upon further investigation we opened up the closet and seen it was completely soaked and dripping water from the ceiling so operations went floor by floor until we located the cause of the water leak. The domestic hot water line was leaking on the fourth floor near the ball valve. Operations turned off the ball valve which seemed to stop the leak and called B&B

immediately to show them the leak and where it appears to be coming from. Paul with B&B called Chad from Long Mechanical and they are routed at plumber to the building. I took multiple photos of each floor but only attached the highlights to show you the damages and flooding. Operations has found mold on each floor on the walls due to the water damage, the wall, studs, floor track, and pipe insulation is soaked from fourth floor all the way down, fire proofing on the ceiling is soaked from third floor down, the carpet is soaked on the first floor which will need to be dried out, re-glued, and should probably be replaced so we don't have any mold growth. If you have any questions or would like me photos let me know and I would be happy to get them over to you.

Thank You,
Eddie Wright

> Per our discussion, you are aware of the domestic hot water line that was leaking on the 4th floor in which you had your plumber repair. It appears that the leak may have been occurring for some time as there appears to be damage below this area on the lower floors. If you refer to the attached photos, the water flooded some of the areas outside of the plumbing chases and has all caused some level of damage to the adjacent gypsum board, pipe insulation, fire-proofing, ceiling tiles, carpet, etc. on all floors. The initial point of concern, other than the damaged materials, is that there also appears to be mold growth taking place. If the materials are not dried out quickly by use of fans or other methods it could continue to worsen and required full replacement of the damaged materials.
>
> Please review the attached photos and the overall onsite conditions of the areas on each floor and provide us with B&B's intended direction to resolve and remediate the issue. We would appreciate and require an immediate response to insure the safety of the occupants.

I really don't think they understand about the water issue or getting the floors done. Absolutely no work is being done on the lobby and very little on sixth floor.

Mike-

I just got off the phone with Marty of ATC. I requested a site walk with him tomorrow morning around 11:00 or 11:30 to review the affected areas due to the water leak to verify the extent of any required environmental remediation that will be required. He will confirm with me on the time later today.

We have also requested a plan for repair from B&B and we can get into further detail at tomorrow's progress meeting.

I waited last night for a response and since I got none and B & B was offsite, I called a restoration company out to bring dryers and air movers.

Let me know where to send the bill.

I believe Drywall will need to be replace in these areas.

Good Morning Keith –

Pictures attached is from a valve at the Flint State office building. Contractors responsibility to correct and cleanup up effected areas. I met with Adam Lach this morning and stressed the completion date of the 6th floor is a firm date. Thanks Mike for the information.

Subject: Water Leak Damage

Team,

Today operations noticed that the carpet on the first floor between the public rest rooms was wet upon further investigation we opened up the closet and seen it was completely soaked and dripping water from the ceiling so operations went floor by floor until we located the cause of the water leak. The domestic hot water line was leaking on the fourth floor near the ball valve. Operations turned off the ball valve which seemed to stop the leak and called B&B immediately to show them the leak and where it appears to be coming from. Paul with B&B called Chad from Long Mechanical and they are routed at plumber to the building. I took multiple photos of each floor but only attached the highlights to show you the damages and flooding. Operations has found mold on each floor on the walls due to the water damage, the wall, studs, floor track, and pipe insulation is soaked from fourth floor all the way down, fire proofing on the ceiling is soaked from third floor down, the carpet is soaked on the first floor which will need to be dried out, re-glued, and should probably be replaced so we don't have any mold growth. If you have any questions or would like me photos let me know and I would be happy to get them over to you.

Thank You,
Eddie Wright

Subject: JC water shut down- Flint SOB 2013.001

Eddie,

The existing faucet in the 6th floor JC (near gang baths) is leaking. Admittedly, it wasn't prior to me taking it off (for FRP install) and reinstalling it. It has stained the new piece of FRP below it.

I know where the shut off is, and can operate it without assistance. As you know though, it shuts off ALL JCs on the west side of the building.

Please give me the "go" when a somewhat convenient time for your cleaning staff arises today.

I'm thinking 10-15 minutes max.

-Thanks

FLINT STATE OFFICE BUILDING - REVISION #2

GENERAL NOTES

1. THE EC-200 SYSTEM IS **NOT A WATER TIGHT SYSTEM**. WATER BARRIER IS REQUIRED.
2. ALL PANELS HAVE A 1/2" JOINT UON.
3. PLEASE USE THESE DRAWINGS IN CONJUNCTION WITH ECMS INSTALLATION INSTRUCTIONS & FIELD MEASURING GUIDELINES TO ENSURE A SUCCESSFUL PROJECT.
4. DETAILS OF ADJACENT WORK ARE FOR REFERENCE ONLY.
5. ECMS RECOMMENDS ALL STUDS AND SUBGIRT FRAMING TO BE MINIMUM 18 GA. & ARE TO BE SPACED @ 16" O.C. MAX.
6. IT IS VITAL THAT THE SUBSTRUCTURE IS INSTALLED CORRECTLY. IF THE FRAMING (EVEN SOLID SUBSTRATE) HAS EXCESSIVE VARIATION FROM THE PLANE OF THE WALL, IT CAN CAUSE UNDUE STRESS ON THE COMPOSITE PANELS, JOINTS & CONNECTIONS.
7. THE MAX DEVIATION OF THE PLANE OF THE SUBSTRUCTURE SHOULD NOT EXCEED ±¼" IN ANY 20 FEET LENGTH, HORIZONTALLY OR VERTICALLY. SUBSTRUCTURE TRANSITION AREAS SUCH AS CORNERS AND SOFFITS SHALL BE WITHIN ±⅛" OF THE THEORETICAL GIRT PLANE.
8. PANELS WILL BE SHIPPED WITH A PROTECTIVE FILM COATING ON THE PANEL FACE. THIS FILM MUST BE REMOVED IN THE FIELD AS THE PANELS ARE BEING ERECTED AND BEFORE INSTALLING ANY SEALANT. IT IS BEST TO REMOVE FILM AS SOON AS PRACTICAL.
9. IT IS IMPERATIVE TO EXERCISE CARE IN ORDER TO MAINTAIN UNIFORM JOINTS ON EACH ELEVATION. USE SPACERS FOR UNIFORM JOINTS.
10. PANEL FABRICATION TOLERANCES: ±⅛"
11. PANEL ERECTION TOLERANCES: ±⅛" IN 10'-0"

FLINT STATE OFFICE BUILDING - REVISION #3

GENERAL NOTES

1. THE EC-200 SYSTEM IS **NOT A WATER TIGHT SYSTEM**. WATER BARRIER IS REQUIRED.
2. ALL PANELS HAVE A 1/2" JOINT UON.
3. PLEASE USE THESE DRAWINGS IN CONJUNCTION WITH ECMS INSTALLATION INSTRUCTIONS & FIELD MEASURING GUIDELINES TO ENSURE A SUCCESSFUL PROJECT.
4. DETAILS OF ADJACENT WORK ARE FOR REFERENCE ONLY.
5. ECMS RECOMMENDS ALL STUDS AND SUBGIRT FRAMING TO BE MINIMUM 18 GA. & ARE TO BE SPACED @ 16" O.C. MAX.
6. IT IS VITAL THAT THE SUBSTRUCTURE IS INSTALLED CORRECTLY. IF THE FRAMING (EVEN SOLID SUBSTRATE) HAS EXCESSIVE VARIATION FROM THE PLANE OF THE WALL, IT CAN CAUSE UNDUE STRESS ON THE COMPOSITE PANELS, JOINTS & CONNECTIONS.
7. THE MAX DEVIATION OF THE PLANE OF THE SUBSTRUCTURE SHOULD NOT EXCEED ±¼" IN ANY 20 FEET LENGTH, HORIZONTALLY OR VERTICALLY. SUBSTRUCTURE TRANSITION AREAS SUCH AS CORNERS AND SOFFITS SHALL BE WITHIN ±⅛" OF THE THEORETICAL GIRT PLANE.
8. PANELS WILL BE SHIPPED WITH A PROTECTIVE FILM COATING ON THE PANEL FACE. THIS FILM MUST BE REMOVED IN THE FIELD AS THE PANELS ARE BEING ERECTED AND BEFORE INSTALLING ANY SEALANT. IT IS BEST TO REMOVE FILM AS SOON AS PRACTICAL.
9. IT IS IMPERATIVE TO EXERCISE CARE IN ORDER TO MAINTAIN UNIFORM JOINTS ON EACH ELEVATION. USE SPACERS FOR UNIFORM JOINTS.
10. PANEL FABRICATION TOLERANCES: ±⅛"
11. PANEL ERECTION TOLERANCES: ±⅛" IN 10'-0"

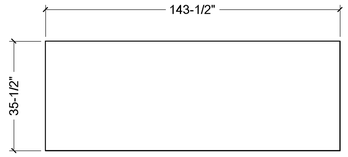
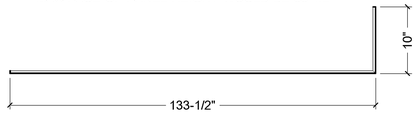
PANEL SYSTEM LIMITATIONS

SIZE: PLEASE BE ADVISED THAT MAXIMUM PANEL FACE DIMENSIONS ARE **35-1/2" x 143-1/2"**



PANEL IN ELEVATION SHOWING MAX PANEL SIZE

PLAN SECTION OF PANEL SHOWING MAX WIDTH
MAX FACE OF PANEL HEIGHT WOULD BE 35-1/2"



PLAN SECTION OF PANEL SHOWING MAX WIDTH WITH A CORNER BEND
MAX STRETCHOUT WIDTH IS 143-1/2"
MAX FACE OF PANEL HEIGHT WOULD BE 35-1/2"

BENDING OF PANELS: TO FABRICATE A BEND IN THE PANEL, THE MATERIAL IS TYPICALLY ROUTED AND FOLDED. FOR PANELS WITH BENDS ON DIFFERENT PLANES, THE FIRST BEND IS ROUTED AND FOLDED, BUT OTHER BENDS MUST BE GLUED. CURVED PANELS ALSO MUST HAVE THE PANEL RETURNS GLUED. ECMS WILL MAKE EVERY EFFORT TO PLACE GLUED BENDS ON THE VERTICAL PLANE. IF GLUED BENDS CAN BE AVOIDED BY ADDING JOINTS, ECMS WILL MAKE SUGGESTIONS ON SHOP DRAWINGS.

Subject: Re: 2 week look ahead- FSOB 2013.001

The meetings will no longer be in the DTMB conference room on the 5th floor.

We have set up another room that was the old civil rights conference room.

West side of the building off of the freight elevator. Sorry I don't know the room number.

I will not be at the meeting tomorrow I have to take my son in to see his doctor after this weekends events.

Since flint is now a state of emergency For the water issues I cannot stress enough of how important that the lobby get done asap.
We have a lot of visitors now from all over.

Good Morning Jan,

We are getting many questions from some of the new tenant staff here dealing with the water crises and existing tenants about the completion of the lobby area and how it fits their operation and planning of business item in their departments. I don't believe they are trying to push but to understand what they can and should plan for. Do you have an realistic and reliable overall project schedule including the completion plan for the lobby? If you do, can we get a copy and if not could you reach out to the general owners and request one? Please let us know what we can expect.

Thanks,
Brian

Subject: Re: Current Proposed Schedule from FSOB

Hi Adam,

The Flint Building is being used as a central point for organizers of the Flint water crises, so extra planning will have to take place to make sure we can allow their access every day and all hours through the night. I am confident it can be worked out but planning is different now that other functions are taking place at the facility. We certainly want Mike involved during this planning. Let's plan to cover all items tomorrow please. We can't have no surprises or delays come regular business hours.

Thanks,
Brian

> Good Afternoon Team-
>
> Please find the current schedule for the FSOB. I have asked for Tony of B&B to review the Main Lobby as it obviously needs to be turned over ASAP. B&B will present this at tomorrow's meeting.
>
> Also, we asked for B&B to provide a draft narrative for the floor finishing of the Main Lobby and wanted to share their initial thoughts:
>
> Items which would be of specific import to the SOM are in red.-
>
> 1. **Thursday-**
>   - (07:00 - 15:30)- Terra Bella will grind the floors in the "construction" portion of the North Lobby. This will involve noise, perhaps a "dusty smell". No health risks of any kind will be presented to occupants. We **must** be allowed to perform this task un-interrupted to retain the plan for the rest of the weekend.
>   - (17:00 - Midnight)- Inside temporary partition will be demolished and removed.
>
> 2. **Friday-**
>   - (07:00 – 15:30)- As the partition will be down, No substantial construction activity will take place in the lobby during this time frame. The SOM needs to keep **all** visitors, employees and tenants off of the portion of floor which was ground the night prior. Should this floor get walked on and become dirty, the process will need to be repeated.

- (17:00 - ?)- Terra Bella will grind the newly available portion of the lobby floor (i.e. where the guard's desk currently sits). The guards will need to vacate the area at 17:00 on Friday night, and they, along with any other SOM employees, contractors, and tenants, cannot return until the next business day after the weekend.
- After the grinding and cleaning is complete, Terra Bella will apply the first coat of sealant to the floor.

3. **Saturday-**
   - (07:00- TBD)- Terra Bella will apply subsequent coats and polish as necessary.

4. **Sunday-**
   - (???)- Reserved if necessary.

5. **Monday-**
   - SOM can return to the area

   Note: After this is complete, and we have removed the partition, there will still be work that needs to be performed in the North lobby (such as Kiosk/security desk). This work was not bid to be performed after hours.

> Good Afternoon Team-
>
> Please find the current schedule for the FSOB. I have asked for Tony of B&B to review the Main Lobby as it obviously needs to be turned over ASAP. B&B will present this at tomorrow's meeting.

Also, we asked for B&B to provide a draft narrative for the floor finishing of the Main Lobby and wanted to share their initial thoughts:

Items which would be of specific import to the SOM are in red.-

1. **Thursday-**
    - (07:00 - 15:30)- Terra Bella will grind the floors in the "construction" portion of the North Lobby. This will involve noise, perhaps a "dusty smell". No health risks of any kind will be presented to occupants. We **must** be allowed to perform this task un-interrupted to retain the plan for the rest of the weekend.
    - (17:00 - Midnight)- Inside temporary partition will be demolished and removed.

2. **Friday-**
    - (07:00 – 15:30)- As the partition will be down, No substantial construction activity will take place in the lobby during this time frame. The SOM needs to keep **all** visitors, employees and tenants off of the portion of floor which was ground the night prior. Should this floor get walked on and become dirty, the process will need to be repeated.
    - (17:00 - ?)- Terra Bella will grind the newly available portion of the lobby floor (i.e. where the guard's desk currently sits). The guards will need to vacate the area at 17:00 on Friday night, and they, along with any other SOM employees, contractors, and tenants, cannot return until the next business day after the weekend.
    - After the grinding and cleaning is complete, Terra Bella will apply the first coat of sealant to the floor.

3. **Saturday-**
    - (07:00- TBD)- Terra Bella will apply subsequent coats and polish as necessary.

4. **Sunday-**
    - (???)- Reserved if necessary.

5. **Monday-**
    - SOM can return to the area

      Note: After this is complete, and we have removed the partition, there will still be work that needs to be performed in the North lobby (such as Kiosk/security desk). This work was not bid to be performed after hours.

FLINT STATE OFFICE BUILDING - REVISION #4

GENERAL NOTES

1. THE EC-200 SYSTEM IS **NOT A WATER TIGHT SYSTEM**. WATER BARRIER IS REQUIRED.
2. ALL PANELS HAVE A 1/2" JOINT UON.
3. PLEASE USE THESE DRAWINGS IN CONJUNCTION WITH ECMS INSTALLATION INSTRUCTIONS & FIELD MEASURING GUIDELINES TO ENSURE A SUCCESSFUL PROJECT.
4. DETAILS OF ADJACENT WORK ARE FOR REFERENCE ONLY.
5. ECMS RECOMMENDS ALL STUDS AND SUBGIRT FRAMING TO BE MINIMUM 18 GA. & ARE TO BE SPACED @ 16" O.C. MAX.
6. IT IS VITAL THAT THE SUBSTRUCTURE IS INSTALLED CORRECTLY. IF THE FRAMING (EVEN SOLID SUBSTRATE) HAS EXCESSIVE VARIATION FROM THE PLANE OF THE WALL, IT CAN CAUSE UNDUE STRESS ON THE COMPOSITE PANELS, JOINTS & CONNECTIONS.
7. THE MAX DEVIATION OF THE PLANE OF THE SUBSTRUCTURE SHOULD NOT EXCEED ±¼" IN ANY 20 FEET LENGTH, HORIZONTALLY OR VERTICALLY. SUBSTRUCTURE TRANSITION AREAS SUCH AS CORNERS AND SOFFITS SHALL BE WITHIN ±⅛" OF THE THEORETICAL GIRT PLANE.
8. PANELS WILL BE SHIPPED WITH A PROTECTIVE FILM COATING ON THE PANEL FACE. THIS FILM MUST BE REMOVED IN THE FIELD AS THE PANELS ARE BEING ERECTED AND BEFORE INSTALLING ANY SEALANT. IT IS BEST TO REMOVE FILM AS SOON AS PRACTICAL.
9. IT IS IMPERATIVE TO EXERCISE CARE IN ORDER TO MAINTAIN UNIFORM JOINTS ON EACH ELEVATION. USE SPACERS FOR UNIFORM JOINTS.
10. PANEL FABRICATION TOLERANCES: ±⅛"
11. PANEL ERECTION TOLERANCES: ±⅛" IN 10'-0"

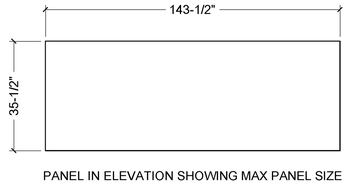
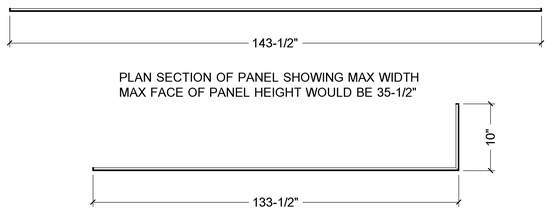
PANEL THICKNESS	4MM
PANEL CORE	FR
PANEL COLOR	ZINC - ZINC
NOMINAL SYSTEM DEPTH	2"
PANEL JOINTERY	APPROVED SEALANT & BACKER ROD AS SUBMITTED BY INSTALLER

PANEL SYSTEM LIMITATIONS

SIZE: PLEASE BE ADVISED THAT MAXIMUM PANEL FACE DIMENSIONS ARE **35-1/2" x 143-1/2"**



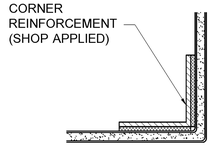
PANEL IN ELEVATION SHOWING MAX PANEL SIZE



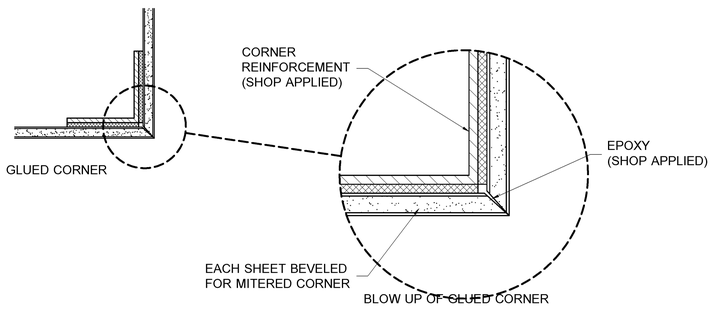
PLAN SECTION OF PANEL SHOWING MAX WIDTH
MAX FACE OF PANEL HEIGHT WOULD BE 35-1/2"

PLAN SECTION OF PANEL SHOWING MAX WIDTH WITH A CORNER BEND
MAX STRETCHOUT WIDTH IS 143-1/2"
MAX FACE OF PANEL HEIGHT WOULD BE 35-1/2"

BENDING OF PANELS: TO FABRICATE A BEND IN THE PANEL, THE MATERIAL IS TYPICALLY ROUTED AND FOLDED. FOR PANELS WITH BENDS ON DIFFERENT PLANES, THE FIRST BEND IS ROUTED AND FOLDED, BUT OTHER BENDS MUST BE GLUED. CURVED PANELS ALSO MUST HAVE THE PANEL RETURNS GLUED. ECMS WILL MAKE EVERY EFFORT TO PLACE GLUED BENDS ON THE VERTICAL PLANE. IF GLUED BENDS CAN BE AVOIDED BY ADDING JOINTS, ECMS WILL MAKE SUGGESTIONS ON SHOP DRAWINGS.



TYPICAL ROUTED & FOLDED CORNER



BLOW UP OF GLUED CORNER

PROJECT NAME
Flint State Office Building Interior Renovation

CONTRACTOR
B & B Construction Services 20816 Eleven Mile Road Suite 202 St Clair Shores, Michigan 48081 586-552-5472

PROFESSIONAL
Wigen Tinknell Meyer & Assoc.

A. WEATHER:

Cloudy and 15

B. WORK FORCE

Supt. and 5 subcontractors.

C. PROGRESS SCHEDULE ACTIVITIES CORRESPONDING TO WORK PERFORMED:

Comments are based from the last acceptable revised schedule dated June 15,2015
The electricians worked on the ceiling can lights on the seventh floor
The carpenters worked on the first floor ceiling grid

D. DELIVERIES TO SITE/WAREHOUSE:

E. WORK DESCRIPTION:

The carpenters worked on the ceiling grid in the first floor lobby
The painters were not on site

. VISITORS TO SITE:

G. MAJOR CONSTRUCTION EQUIPMENT USED:

None

H. INSPECTION/TESTING:

I. ISSUES RAISED:

1. New DC lighting still isn't working properly
2. The project is behind the contractor schedule
3. There continues to be a lack of tradesmen on site to complete the work on schedule
4. The contractor hasn't been submitting daily reports as required by the contract
5. The fire protection spray hasn't been installed on the seventh floor ceilings

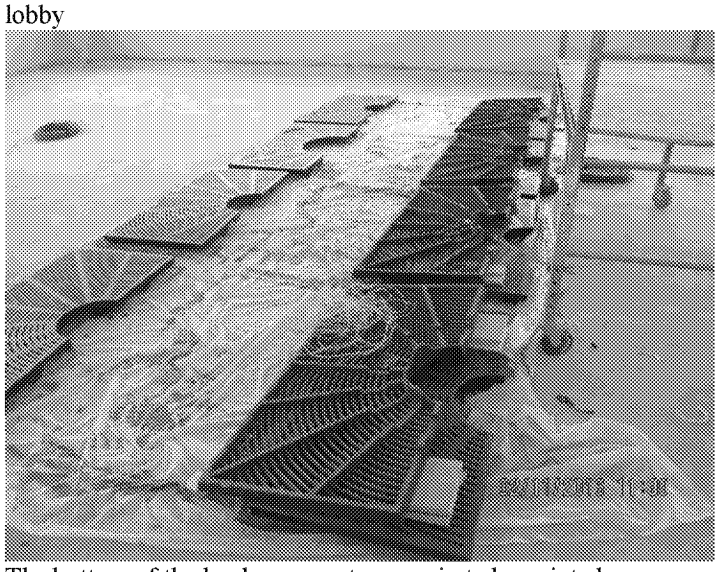
Dan Parker 2-11-2016
Project Field Representative

Copy to: Contractor, Agency, Professional, Representatives Section Manager, Project Director, File

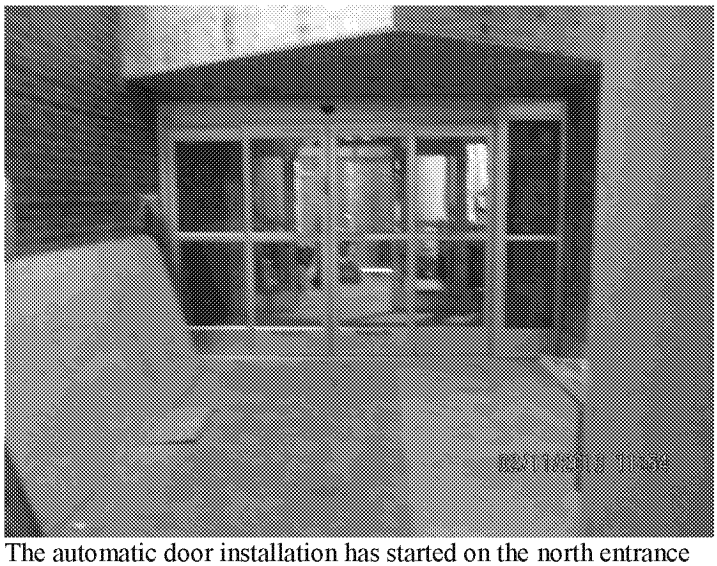
The ceiling grid is being installed in the first floor lobby

The drywall circle has been taped and finished in the first floor lobby

The ceiling grid is being installed in the first floor lobby



The bottom of the landscape grates remain to be painted



The automatic door installation has started on the north entrance

The door frames on the seventh floor have been spray painted

The bathroom mirrors on the seventh floor have been installed

The doors to the pipe chase for the seventh floor bathrooms have been hung

The east stairwell door on the seventh floor hasn't been painted

The welding work for the solar and water storage project has started on the seventh floor

The glass handrails in front of the elevators on the seventh floor have been installed

The ceiling grid is being padded out

FLINT STATE OFFICE BUILDING

ROOF GENERAL NOTES:

1. CONTRACTOR SHALL VERIFY ALL EXISTING CONDITIONS RELATIVE TO THIS PROJECT. IT SHALL BE CONTRACTOR'S RESPONSIBILITY TO REPORT ANY DEPARTURE FROM THE EXISTING CONDITIONS INDICATED ON THESE CONSTRUCTION DOCUMENTS TO THE ARCHITECT.
2. THE ROOFING CONTRACTOR SHALL FIELD VERIFY EXACT SIZE, QUANTITY AND LOCATIONS OF ROOF TOP EQUIPMENT, ROOF PENTRATIONS, ETC. THAT REQUIRE FLASHING.
3. PROVIDE FLASHING PER ROOFING MANUFACTURER'S RECOMMENDATIONS AT VERTICAL WALLS AND ALL TYPES OF ROOF PENETRATIONS, INCLUDING MECHANICAL AND ELECTRICAL EQUIPMENT.
4. MAINTAIN EXISTING DRAINAGE PATTERNS AS INDICATED ON THE DRAWINGS. USE TAPERED INSULATION TO CREATE POSITIVE DRAINAGE AND DIRECT WATER AWAY FROM EXIST. WALLS OR CURBS. REVISE EXISTING IF NECESSARY TO PROVIDE POSITIVE DRAINAGE.
5. ROOFING CONTRACTOR TO INSPECT AND REPLACE DETERIORATED EXISTING WOOD BLOCKING WITH PRESERVATIVE TREATED WOOD BLOCKING AS REQUIRED - SEE UNIT PRICING.
6. ROOFING CONTRACTOR TO INSPECT AND REPLACE DAMAGED OR WATER SATURATED EXISTING RIGID ROOF INSULATION AS REQUIRED - SEE UNIT PRICING.

1. EXISTING ADHERED ROOFING MEMBRANE AND MECHANICALLY FASTENED ROOF INSULATION TO REMAIN, CONTINUOUSLY CUT THE ENTIRE EXISTING MEMBRANE IN A 10' x 10' GRID. REMOVE ALL EXISTING ROOF MEMBRANE FLASHING. INSTALL NEW FULLY ADHERED 60 MIL. ROOFING SYSTEM OVER NEW 1/2" THICK MINIMUM RECOVERY BOARD.
2. EXISTING WINDOW WASHING EQUIPMENT SUPPORT POST. FLASH PER ROOFING MANUFACTURER'S REQUIREMENTS.
3. SHADED AREA INDICATES ROOFING MANUFACTURER'S WALKWAY PADS - PROVIDE AND INSTALL 30" WIDE WALKWAY PADS.
4. EXISTING ROOF SUMP. REMOVE AND SALVAGE THE EXISTING STRAINER AND COMPRESSION RING. FLASH NEW ROOFING MEMBRANE INTO SUMP. REINSTALL STRAINER AND COMPRESSION RING. SEE DETAIL 9/A6.2.
5. NEW ICE STORAGE SUPPORT COLUMN. REFER TO STRUCTURAL DRAWINGS. FLASH PER ROOFING MANUFACTURER'S REQUIREMENTS - TYPICAL (6) LOCATIONS.
6. NEW ICE STORAGE SUPPORT STRUCTURE, REFER TO STRUCTURAL, MECHANICAL AND ELECTRICAL DRAWINGS.
7. REFER TO DETAIL 1/A6.2. CUT OPENING IN EXISTING SCREEN WALL TO ALLOW INSTALLATION OF ICE STORAGE STRUCTURE. PROVIDE AND INSTALL FLASHING AND METAL ENCLOSURE AROUND PERIMETER OF NEW OPENING. PROVIDE STEEL 3 1/2" x3 1/2" x 1/4" BRICK ANGLE WITH 4" BEARING AT EACH END.
8. CAREFULLY LIFT EXISTING COUNTER FLASHING TO ALLOW FOR INSTALLATION OF NEW MEMBRANE ROOFING MANUFACTURER'S REQUIREMENTS. RE-FORM COUNTER FLASHING INTO EXISTING POSITION.
9. EXISTING WINDOW WASHING FALL PROTECTION RAIL SYSTEM TO REMAIN. FLASH NEW ROOFING AT SUPPORTS PER MANUFACTURER'S REQUIREMENTS.
10. EXISTING ELEVATED MECHANICAL EQUIPMENT AND EQUIPMENT PLATFORM TO REMAIN. FLASH NEW ROOFING AT SUPPORTS PER ROOFING MANUFACTURER'S REQUIREMENTS.
11. EXISTING SCREEN WALL SUPPORT. FLASH NEW ROOFING INTO PITCH POCKET PER ROOFING MANUFACTURER'S RECOMMENDATIONS.
12. NEW STEEL GUARD RAIL, REFER TO DETAIL 4/A6.2.
13. EXISTING SADDLE TO REMAIN.
14. EXISTING MECHANICAL EQUIPMENT CURB TO REMAIN. CAREFULLY LIFT EXISTING COUNTER FLASHING TO ALLOW FOR INSTALLATION OF NEW ROOFING, PER MANUFACTURER'S REQUIREMENTS. RE-FORM COUNTER FLASHING INTO EXISTING POSITION.
15. EXISTING VENT PIPE OR STACK TO REMAIN. FLASH AS PER ROOFING MANUFACTURER'S REQUIREMENTS. FIELD VERIFY ALL LOCATIONS.
16. EXISTING ROOF HATCH TO REMAIN. CAREFULLY LIFT EXISTING COUNTER FLASHING TO ALLOW FOR INSTALLATION OF NEW ROOFING PER MANUFACTURER'S REQUIREMENTS. REFORM COUNTER FLASHING INTO EXISTING POSITION.
17. NEW SOLAR PANEL AND CRADLE SYSTEM. PROVIDE ADDITIONAL ROOF MEMBRANE TO BE LOOSE LAID ON TOP OF NEW ROOFING UNDER ENTIRE CRADLE SYSTEM CONTINUOUS. REFER TO ELECTRICAL DRAWINGS AND SPECIFICATIONS.
18. WEATHER STATION ATTACHED TO EXISTING WINDOW WASHING RAIL SYSTEM, REFER TO ELECTRICAL DRAWING. FLASH PER ROOFING MANUFACTURER'S REQUIREMENTS.
19. NEW PITCH POCKET TO RECEIVE APPROXIMATELY 10 CONDUITS THROUGH ROOF SYSTEM AND STRUCTURE. REFER TO ELECTRICAL DRAWINGS.
20. EXISTING PITCH POCKET TO REMAIN, FLASH PER ROOFING MANUFACTURER'S RECOMMENDATIONS.
21. EXISTING GUARD RAIL FLASH SUPPORTS AS PER ROOFING MANUFACTURER'S RECOMMENDATIONS.
22. REMOVE PORTION OF WALL AS REQUIRED TO INSTALL NEW COLUMN, BASE PLATE, BEAM AND PIPING. REFERENCE STRUCTURAL AND MECHANICAL DRAWINGS. PATCH, REPAIR, FLASH AND SEAL WALL WATER TIGHT. MATCH EXISTING FINISHES AND MATERIALS.
23. GALVANIZED STEEL OSHA COMPLIANT SHIPS LADDER WITH RAILING. PROVIDE WITH GATE AND OPEN GRATE TREADS.
24. GALVANIZED STEEL GUARDRAIL, REFERENCE STRUCTURAL DRAWINGS.
25. GALVANIZED GRATING, SEE STRUCTURAL DRAWINGS.

      SNOW EXPOSURE FACTOR, CE = 1.0
      SNOW LOAD IMPORTANCE FACTOR, I = 1.0
      THERMAL FACTOR, CT = 1.2

STRUCTURAL STEEL

1. STRUCTURAL STEEL: FABRICATED AND ERECTED PER THE AISC MANUAL OF STEEL CONSTRUCTION.
   W-BEAMS: ASTM A-992 GR. 50.
   HSS: ASTM A-500 GRADE B.
   STEEL PIPE: ASTM A53, TYPE E, GRADE B.
   ALL OTHER SHAPES: ASTM A-36.
2. ANCHOR RODS: 36 KSI, ASTM F-1554.
3. WELDS: TO BE 70 KSI LOW HYDROGEN FILLER METAL PLACED BY WELDERS CERTIFIED IN WELD AND POSITION BY AWS D1.1, STRUCTURAL WELDING CODE. ALL WELDS SHALL BE APPLIED TO SURFACES FREE OF GREASE, PAINT, DIRT, OR OTHER HARMFUL MATERIAL.
4. BOLTED CONNECTIONS: 3/4" DIAMETER A-325 BOLTS WITH HEAVY HEX NUTS UNLESS NOTED. DESIGNED FOR BEARING CONNECTIONS, TIGHTENED TO (SLIP CRITICAL, PRE-TENSIONED, SNUG TIGHT) CRITERIA UNLESS NOTED OTHERWISE.
5. STEEL PRIMER: SEE SPECIFICATION.
6. BEAM CONNECTIONS SHALL BE DESIGNED TO SUPPORT ONE-HALF THE TOTAL UNIFORM LOAD CAPACITY PER AISC. WHEREVER POSSIBLE, EXTEND CONNECTIONS FULL DEPTH OF BEAM.
7. SHEAR TAB CONNECTIONS TO STEEL BEAMS ARE NOT ACCEPTABLE UNLESS BEAMS OF EQUAL DEPTHS ARE FASTENED ON OPPOSITE SIDES OF THE STEEL BEAM.
8. BEAM BEARING PLATES ARE TO BE LOCATED ON CENTER OF WALL UNLESS NOTED OTHERWISE. BEAR BEAM FULL LENGTH OF BEARING PLATES.
9. PROVIDE FITTED STIFFENER PLATES EACH SIDE FOR ALL CONDITIONS WHERE BEAMS BEAR ON COLUMNS, BEAMS BEAR ON BEAMS, BEAMS HANG FROM BEAMS, OR COLUMNS BEAR ON BEAMS. STIFFENER PLATES MINIMUM 1/4" THICK.
10. GRATING AT PLATFORM: 1" DEEP WELDED STEEL TYPE WITH 1"x1/8" BEARING BARS 1 3/16" O.C. AND CROSSBARS 4" O.C. GRATING WELDED TO EACH SUPPORT MEMBER USING A 1/8" FILLET 1" LONG AT 2'-0" O.C. MAXIMUM. EXPOSED CUT EDGES OF GRATING SHALL HAVE BANDING BARS (EQUAL IN SIZES) WELDED TO THE BEARING BARS.
11. GRATING AT ICE TANKS: 1 1/2" DEEP WELDED STEEL TYPE WITH 1 1/2"X3/16" BEARING BARS 1 3/16" O.C. AND CROSSBARS 4" O.C. GRATING WELDED TO EACH SUPPORT MEMBER USING A 1/8" FILLET 1" LONG AT 2'-0" O.C. MAXIMUM. EXPOSED CUT EDGES OF GRATING SHALL HAVE BANDING BARS (EQUAL IN SIZES) WELDED TO THE BEARING BARS.

NOTE: THERMAL ICE STORAGE SYSTEM CONTROLS SHALL BE BY NELSON TRANE CO. CONTROLS SHALL INTERFACE WITH EXISTING FACILITIES JOHNSON CONTROL SYSTEM VIA BACNETIP

GLYCOL FEED UNIT

GFU-1: FURNISH AND INSTALL ACCORDING TO PLANS AND MANUFACTURER'S INSTRUCTIONS A GLYCOL FEED UNIT AS SHOWN ON THE DRAWINGS AND MANUFACTURED BY WESSELS COMPANY MODEL GMP-15050. UNIT SHALL CONSIST OF ONE TRANSLUCENT POLYETHYLENE RECEIVER INCLUDING: VENT, OVERFLOWS, DRAIN, LEVEL MARKINGS, 50 GAL CAPACITY 28" DIAMETER X 42" HIGH, AND ALL ACCESSORIES AS HEREINAFTER SPECIFIED.

ONE MOTOR 60HZ, 110V, 1 PHASE, 1/2 HP.

THE DIAPHRAGM OPERATED EXPANSION TANK, SHALL BE FACTORY PRE-CHARGED AT 12 PSIG (FIELD ADJUSTABLE), 70 PSIG MAXIMUM OPERATING PRESSURE, 160 DEGREES F OPERATING TEMPERATURE AT THE TANK, AND BAKED EPOXY FINISH. NOTE: TANK TO BE PERMANENTLY MOUNTED TO SYSTEM BETWEEN PRV AND FILL CONNECTION. FIELD SET AT 25 PSIG.

THE PRESSURE REDUCING VALVE SHALL BE DIAPHRAGM OPERATED WITH LOW INLET PRESSURE CHECK VALVE AND INLET STRAINER. THE STRAINER MUST BE EASILY REMOVED WITHOUT SYSTEM SHUT-DOWN. THE VALVE SEAT, STRAINER AND STEM MUST BE REMOVABLE AND OF NON-CORROSIVE MATERIAL. BODY TO BE OF BRASS CONSTRUCTION, FACTORY SET AT 12 PSIG (FIELD ADJUSTABLE 10-70 PSIG).

THE CHECK VALVE SHALL BE SPRING LOADED SILENT TYPE. TO BE MOUNTED ON THE PUMP DISCHARGE.

A MECHANICAL, NON-MERCURY FLOAT SWITCH SHALL BE PROVIDED AS A LOW LEVEL CUT OFF.

A PRESSURE OPERATED LIMIT SWITCH SHALL BE PROVIDED TO MAINTAIN A POSITIVE FILL PRESSURE EQUAL TO OR GREATER THAN 25 PSIG.

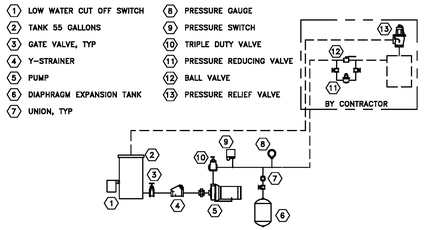
ICE TANK SCHEDULE

T-1 – T-12: CALMAC ICE BANK THERMAL ENERGY STORAGE MODEL 1190C2F 162 TON HOURS, NET USEABLE CAPACITY 100 DEG. F MAXIMUM OPERATING TEMPERATURE, 250 PSI FACTORY TESTED PRESSURE, 90 PSI MAXIMUM OPERATING PRESSURE, 89" DIA X 102" H EACH TANK 2000 LBS SHIPPING WEIGHT, 16,900 LBS OPERATING WEIGHT, 1655 GAL. WATER VOLUME, 157 GAL VOLUME GLYCOL SOLUTION, 4" DIA. OUTLET AND INLET FLANGES.

CIRCULATING PUMP AND MISCELLANEOUS EQUIPMENT SCHEDULE

ICP-1 & ICP-2: CHILLED WATER SYSTEM CIRCULATING PUMP: BELL AND GOSSETT #E-1510 -5AD BASE MOUNTED RATED, 300 GPM AT 35 FOOT HEAD, WITH 5 HP, 1750 RPM, 480/60/3 PREMIUM EFFICIENCY MOTOR. FURNISH #3DS-4S TRIPLE DUTY VALVE, #GE-3X SUCTION DIFFUSER AND (2) FLEXIBLE CONNECTORS WITH PUMP. PUMP SHALL BE VARIABLE FREQUENCY DRIVE CONTROLLED. FURNISHED BY TEMPERATURE CONTROL CONTRACTOR DANFOSS OR ENGINEER APPROVED EQUAL.

NOTES:
1. ALL PUMPS, VARIABLE FREQUENCY DRIVE PACKAGES, VALVES, ETC. SHALL BE INSTALLED IN ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDED INSTALLATION INSTRUCTIONS.
2. FURNISH A PRESSURE GAUGE PACKAGE FOR BASE MOUNTED PUMPS.
3. FURNISH CONCENTRIC PIPE REDUCER AT PUMP DISCHARGE AND SUCTION DIFFUSER AS REQUIRED TO REDUCE FROM LISTED PIPE SIZE ON DRAWINGS TO PUMP CONNECTORS.
4. PUMP AND VARIABLE FREQUENCY DRIVE PACKAGE MANUFACTURER SHALL FURNISH SYSTEM CHECK, TEST AND START-UP NUMBERS AS WELL AS OWNER'S TRAINING.
5. PUMP MOTOR POWER FACTOR SHALL BE MINIMUM OF .9 AND MOTOR EFFICIENCY SHALL BE PREMIUM AS CALCULATED USING IEEE TEST METHOD 112B. MANUFACTURERS NAME AND MODEL NUMBER OF EACH MOTOR SHALL BE PROVIDED.
6. SEE SPECIFICATION FOR FURTHER INFORMATION.



SEQUENCE OF OPERATION:
1. WHEN PRESSURE IN THE SYSTEM DECREASES TO THE MINIMUM ALLOWABLE FILL PRESSURE, THE PRESSURE REDUCING VALVE OPENS.
2. THE GLYCOL STORED IN THE PRESSURE TANK FLOWS TO THE SYSTEM, WHEN PRESSURE SUPPLIED TO THE PRESSURE REDUCING VALVE REACHES THE PUMP CUT-IN PRESSURE THE GMU PUMP WILL START.
3. PUMP RUNS UNTIL THE PRESSURE SWITCH REACHES THE CUT-OUT PRESSURE.
4. SHOULD THE GLYCOL SOLUTION IN THE 55-GALLON RESERVOIR FALL BELOW THE LOW LEVEL POINT IN THE RESERVOIR, THE LOW LEVEL SWITCH WILL TURN PUMP OFF, AN ALARM LIGHT WILL BE SIGNALED.

8 MOUNT OUTDOOR AIR TEMP SENSOR ON NORTHERN EXPOSURE USING A NON-CONDENSATING CONDUIT CONNECTION. MOUNT AWAY FROM EXHAUST VENTS AND OTHER HEAT SOURCES.

7 CONDENSER WATER PUMP COMMAND. CONNECT CABLE FROM CHILLER TO CONTROLLER.

6 SCHEMATIC CONTROL FLOW DIAGRAM ONLY. SEE MECHANICAL DRAWINGS FOR PIPING DETAILS.

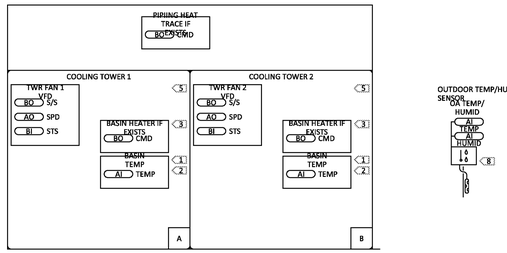
5 WIRE SAFETY DEVICES TO COOLING TOWER MOTOR CONTROLLER INTERLOCK CIRCUIT.

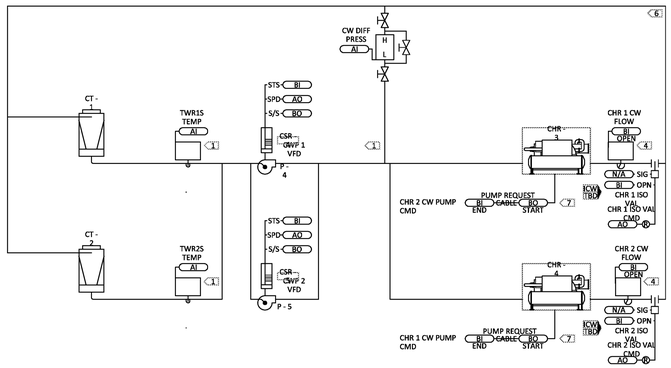
4 WIRE SAFETY DEVICES TO CHILLER CONTROL PANEL.

3 SELECT RELAY TO MATCH COOLING TOWER CONFIGURATION (I.E. PILOT DUTY RELAY).

2 TEMPERATURE SENSOR MUST BE NEMA 4 RATED.

1 GREASE TEMPERATURE SENSOR PROBE WITH THERMAL COMPOUND AND INSERT INTO THERMOWELL.





COOLING TOWER SEQUENCING AND CONTROL

Cooling Tower Fan Control

When the cooling tower basin temperature rises to the tower leaving water setpoint, the cooling tower fans shall be turned on at minimum speed.

The cooling tower fan speed shall be modulated to maintain the cooling tower leaving water temperature at setpoint. Note that the setpoint for ice make operation may be lower than for mechanical cooling as dictated by chiller selection criteria.

When operating fans are running at minimum speed and the tower supply water temperature is 3 degrees below the tower leaving water setpoint, the cooling tower fans shall be turned off.

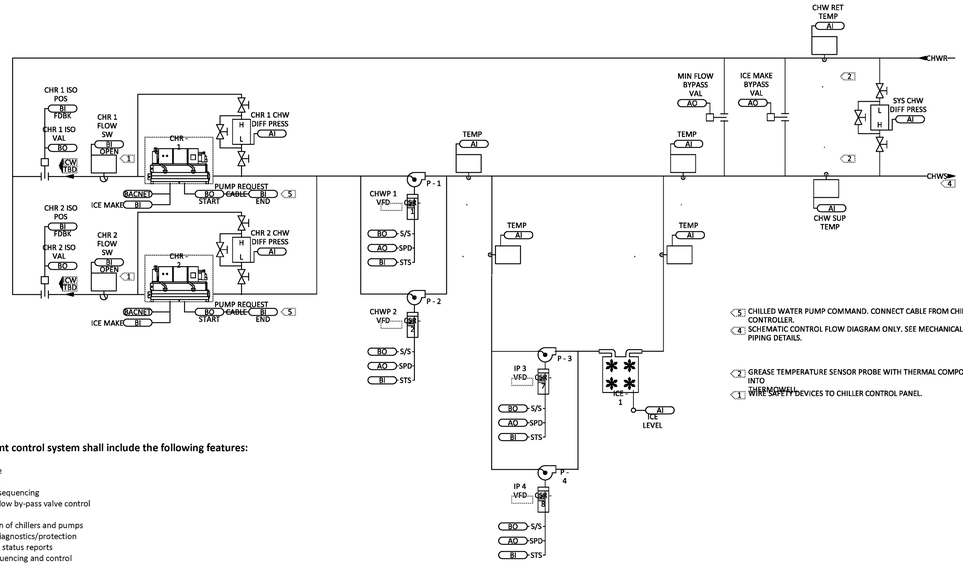
Cooling Tower Basin Heater & Piping Heat Tape Control (If Present)

When the outside air temperature drops below 38 degrees F, the heat tape on the condenser water piping shall be enabled. When the outside air temperature rises above 42 degrees F, the heat tape on the condenser piping shall be disabled. Heat tape is enabled and disabled by BAS.

When the cooling tower sump temperature drops below 40 degrees F, the sump heater shall be enabled. When the sump temperature rises above 42 degrees F, the sump heater shall be disabled.

F:\15-WTM\M2012-1509 Flint State Office Remodel Floors 2 thru 7\2015-1509M-MS-SCHED-DET-NEW.dwg, Model, 11/6/2015 12:24:08 PM, dmcclain, 0.126:12

(CHILLED WATER)



5 CHILLED WATER PUMP COMMAND. CONNECT CABLE FROM CHILLER TO CONTROLLER.

4 SCHEMATIC CONTROL FLOW DIAGRAM ONLY. SEE MECHANICAL DRAWINGS FOR PIPING DETAILS.

2 GREASE TEMPERATURE SENSOR PROBE WITH THERMAL COMPOUND AND INSERT INTO THERMOWELL.

1 WIRE SAFETY DEVICES TO CHILLER CONTROL PANEL.

The chiller plant control system shall include the following features:

Operator interface
System Start/Stop
Chiller and pump sequencing
Chiller minimum flow by-pass valve control
System soft start
Automatic rotation of chillers and pumps
Failure recovery diagnostics/protection
System and chiller status reports
Cooling tower sequencing and control

Automatic Rotation of Chillers and Pumps

Rotation shall be initiated on a scheduled basis or manually by the operator.

Chiller cycling caused by normal system load fluctuations shall cause the chillers to change rotation sequence or at the operator's option chillers may be forced into the new rotation sequence at the time of sequence change.

Rotation will be based on run hours.

Mechanical Cooling Mode

System Start/Stop - The chilled water system shall start in response to a request from the building automation system, with the option to use outside ambient temperature lockout.

When the chilled water system is enabled the chiller plant control system shall:

Send an enable signal to the lead chiller.

Upon receiving the enable signal the chiller shall enable the chiller evaporator isolation valve.

The isolation valve shall be controlled open.

When the evaporator isolation valve is confirmed open, the chiller plant control system shall start the lead chilled water pump.

Upon confirmation of evaporator water flow the chiller shall enable the chiller condenser isolation valve and call for the lead condenser pump operation.

When the condenser isolation valve is confirmed open, the chiller plant control system shall start the lead condenser water pump.

Upon confirmation of condenser water flow the chiller shall continue its pre-start sequence and start its compressor.

During cold start-up the condenser water flow through the chiller shall be modulated per the manufacturer's recommendations to maintain no less than the minimum condenser/evaporator refrigerant pressure differential.

Primary Chilled Water Pumps
One pump will be operated with each chiller.

Pump speed will be modulated to maintain the system differential pressure at the design setpoint. The active pumps shall run at the same speed.

In the event the lead pump fails the lag pump will be commanded on.

Chiller Staging
The chiller plant control system shall initiate the start of the next chiller in the sequence whenever the chilled water load, as determined by the system supply water temperature, is not met for 10 minutes, or the highest evaporator pressure drop of the operating chillers rises to maximum allowable.

The chiller plant control system will unload operating chillers to an operator editable current limit prior to starting a lag

Chiller Minimum Flow By-Pass Valve Control

The "Chiller Minimum Flow By-Pass Valve" shall be a normally open valve.

The "Chiller Minimum Flow By-Pass Valve" shall be modulated to the fully open position when the system is shutdown. This shall be done to prevent water hammer when a pump is started and to allow for minimum flow in the event the chiller calls for pump operation.

Following the confirmed start of the lead chiller and whenever system is enabled, the chiller plant controls system shall modulate the "Chiller Minimum Flow By-Pass Valve" such that the chilled water flow through any operating chiller(s) shall not drop below the manufacturer's recommended minimum flow.

The chiller minimum flow shall be determined based on the pressure drop across the chiller evaporator barrel using a high accuracy pressure differential sensor. The differential pressure setpoint shall be determined based on the manufacturer's chiller pressure drop rating curves.

System Soft Start
The chiller plant control system will have the ability to initiate a "soft start" mode whenever the system chilled water temperature exceeds the specified chilled water system setpoint by 20 degrees F at system start-up. The chiller plant control application will add cooling capacity during soft start mode only if return water temperature is not declining at a rate of at least 0.5 degrees F per minute. This prevents the unnecessary operation of chillers and limits system electrical demand during chilled water loop pull down.

Ice Melt Cooling Mode

Ice melt will occur during electrical on peak hours when building is occupied as scheduled by operator.

System Start/Stop
The chilled water system shall start in response to a request from the building automation system, with the option to use outside ambient temperature lockout.

When the chilled water system is enabled the chiller plant control system shall:

Open the evaporator isolation valve on the lead chiller.

When the evaporator isolation valve is confirmed open, the chiller plant control system shall start the lead primary chilled water pump.

The chiller plant control system shall start the lead ice tank pump.

Primary Chilled Water Pumps
Pump speed will be modulated to maintain the system differential pressure at the design setpoint. The active pumps shall run at the same speed.

In the event the lead pump fails the lag pump will be commanded on.

Ice Tank Pumps
Pump speed will be modulated to maintain the system leaving chilled water temperature at the design setpoint. The active pumps shall run at the same speed.

In the event the lead pump fails the lag pump will be commanded on.

Primary Capacity Staging
The chiller plant control system shall initiate the start of the lag primary pump when the flow through the open chiller reaches it maximum flow limit.

The evaporator isolation valve will be opened on the lag chiller. When the valve is confirmed open the lag primary chilled water pump will be started.

The chiller plant control system shall initiate the shutdown of the lag primary pump when the flow through the chillers equals the design flow rate of one chiller for 20 minutes (adj)

Chiller Minimum Flow By-Pass Valve Control
The bypass valve will remain closed during ice melt cooling.

Ice Making Mode

Ice make will occur during electrical off peak hours as scheduled by the operator.

A request to close AHU cooling valves will issued via BACnet/IP

The chiller minimum flow bypass valve will be fully opened

The chiller plant control system shall follow the same chiller startup process as with mechanical cooling

Both chillers will be enabled to make ice

Primary Chilled Water Pumps
One pump will be operated with each chiller.

Pump speed will be constant to maintain the design chilled water flow for the chillers. Both pumps will run at the same speed.

Ice Tank Pumps
Lead pump will run at constant speed to maintain the design chilled water flow for the ice tanks.

Chiller Minimum Flow Bypass Valve Control

The chiller minimum flow bypass valve shall be fully open.

Ice Make By-Pass Valve Control

The ice make bypass valve shall be fully open.

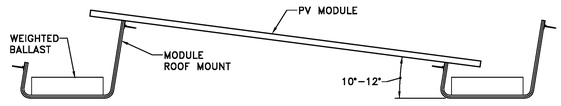
KEYED NOTES

1. EC SHALL INSTALL GALVANIZED RIGID CONDUIT AND JUNCTION BOXES IN ORDER TO CONNECT THE SOLAR MODULES IN THE ARRAY AS SHOWN. THIS SHALL PROVIDE AN ADDITIONAL PHYSICAL PROTECTION TO THE UL4703 MODULE CABLES.
2. THE SOLAR MODULE HAS FACTORY MODULE POSITIVE AND NEGATIVE LEADS THAT CAN BE WIRED FROM MODULE TO MODULE ALONG THE ARRAY. EC SHALL PROVIDE AND INSTALL ALL OTHER ROW TO ROW CABLES AND CONNECTORS AS NEEDED TO WIRE THE ARRAY AS SHOWN.
3. SECURE THE CABLES ON THE BACK OF EACH MODULE TO THE MODULE SUPPORT RACK USING UV RESISTANT NYLON ZIP TIES TO LIMIT MOVEMENT FROM THE WIND.
4. RUN THE PV MODULE ARRAY OUTPUTS FROM EACH ARRAY THRU THE ROOF INTO THE BUILDING TO THE INVERTER WHICH IS EQUIPPED WITH AN INTEGRAL DC DISCONNECT.
5. PROVIDE PERMANENT SIGNAGE AT THE DC DISCONNECT AND ASSOCIATED DEVICES AS REQUIRED BY NEC ARTICLE 690.
6. EC SHALL MOUNT THE WEATHER STATION AND ALL EXTERNAL SENSORS TO THE PV MODULES AS REQUIRED. EC SHALL PROVIDE A 5' RIGID GALVANIZED PIPE AS A MAST THAT THE WEATHER STATION WILL MOUNT TO. WELD THE PIPE MAST TO THE EXISTING WINDOW SUPPORT RAILS IN THIS LOCATION.

SOLAR PANEL STRUCTURAL NOTES

1. Design of solar panel arrays and support system shall conform to Michigan Building Code 2012 and shall be designed by the panel supplier.
2. Design loads
   a. Designed in accordance with Michigan Building Code 2012.
   b. Roof Snow Load:
      Ground snow load Pg = 30 psf
      Flat roof snow load, Pf = 24.5 psf
      Snow exposure factor, Ce = 1.0
      Snow load importance factor, I = 1.15
      Thermal factor, Ct = 1.0
   c. Wind Loads:
      Basic wind speed, V = 120 mph
      Wind exposure C



MOUNTING NOTES

1. GROUND EACH MODULE AT EACH CORNER PER THE MANUFACTURES REQUIREMENTS AND NEC ARTICLE 690.

LOAD SUMMARY

1. INVERTER 1
   - ARRAY 1 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W
   - ARRAY 2 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W
   - ARRAY 3 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W
   - ARRAY 4 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W
   - ARRAY 5 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W

   SYSTEM TOTAL VOC = 14520W

2. INVERTER 2
   - ARRAY 1 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W
   - ARRAY 2 VOC = 553.84V ISC = 7.85A P_{MAX} = 2904W
   - ARRAY 3 VOC = 435.16V ISC = 7.85A P_{MAX} = 2443.71W
   - ARRAY 4 VOC = 593.4V ISC = 7.85A P_{MAX} = 3332.33W
   - ARRAY 5 VOC = 593.4V ISC = 7.85A P_{MAX} = 3332.33W

   SYSTEM TOTAL VOC = 14916.37W

NOTES

STANDARD TEMPERATURE: 25°C
LOW TEMPERATURE: −10°C

TEMPERATURE FACTOR CORRECTION:
25°C −(−10°C) = 35°C DIFFERENCE
35 x 0.0030 = 3.759V
VOC = 35.8C + 3.759V = 39.56V

(14) TOTAL VOC = 14 x 39.56V = 553.84V
(15) TOTAL VOC = 15 x 39.56V = 593.40V
(11) TOTAL VOC = 11 x 39.56V = 435.16V

SOLAR PANEL SCHEDULE

280 WATT PHOTOVOLTAIC PANEL, MONOCRYSTALINE CELL TYPE, TEMPERED GLASS FRONT, ANODIZED ALUMINUM FRAME, 40 LBS OR LESS, OPEN CIRCUIT VOLTAGE MAXIMUM OF 40 VOLTS, SHORT CIRCUIT CURRENT OF 9.5 AMPS OR LESS, PANEL EFFICIENCY OF AT LEAST 15%. PANEL APPROXIMATELY SIZE OF 38"X 66", UL 1703 LISTED, 10 YEAR PRODUCT WARRANTY AND 25 YEAR PERFORMANCE WARRANTY. SUNMODULE PLUS SW 280 MONO BLACK OR EQUAL BY SUNIVA OPTMOS #OPT60.

SOLAR PANEL ROOF MOUNT SCHEDULE

BALLASTED ROOF MOUNT SYSTEM, ALUMINUM FRAME, EQUIPPED WITH ROOF PAD, 10 DEG. MODULE TILT, 14" ROW SPACING, RATED FOR WIND SPEEDS UP TO 120 MPH, STAINLESS STEEL MODULE CLAMPS FOR INTEGRAL BONDING, 20 YEAR WARRANTY, UNIRAC RM SERIES OR EQUAL.

SOLAR INVERTER SCHEDULE

20 KW, COMPACT THREE PHASE SOLAR INVERTER, 200−1000 VDC INPUT RANGE, 6 SETS OF FUSED DC ARRAY TERMINALS, DC SURGE PROTECTED (1) SET OF AC TERMINALS CAPABLE OF TERMINATING #6 AWG, 27 AMP, 480 VAC OUTPUT, 60 HZ, 98% EFFICIENT, NEMA 4X HOUSING, TRANSFORMERLESS TECHNOLOGY EQUIPPED WITH A VARIABLE SPEED COOLING FAN, 4 EXTERNAL DIGITAL RELAYS, EQUIPPED WITH DC DISCONNECT TO COMPLY WITH 2014 NEC, GFCI/AFCI PROTECTED, USB PORT FOR DATA LOGGING, UL 1741 TOTAL HARMONIC DISTORTION OF 3% OR LESS, 15 YEAR EXTENDED WARRANTY, FRONIUS SYMO 20−3−480 OR EQUAL BY ABB. #TR10−200−TL−OUTD−S1−US−480−A

SOLAR DATA LOGGER SCHEDULE

SUNSPEC COMPLIANT DATA LOGGER, EQUIPPED WITH SERIAL AND ETHERNET PORTS FOR EVENT LOGGING, IP ADDRESSABLE. 1−15 MINUTE CONFIGURABLE SAMPLE RATES, SUPPORTS MULTIPLE, 3 PHASE INVERTS, INCLUDE WEATHER STATION WITH AMBIENT, PANEL, GLOBAL IRRADIATE, PLANE OF ARRAY IRRADIANT, WIND SPEED AND DIRECTION.
ABB VSN700−03 / VSN800−14 OR EQUAL BY FRONIUS. DATA LOGGER MUST BE COMPATIBLE WITH INVERTER MANUFACTURER.

KEYED NOTES

1. EC SHALL GROUND ALL FOUR CORNERS OF EACH SOLAR MODULE PER THE MANUFACTURES REQUIREMENTS AND NEC ARTICLE 690.
2. EC SHALL PROVIDE PROPER SIGNAGE AT THE INVERTERS OUTPUT CIRCUIT.

CONTRACT TIME(S)	PROJECT NAME	LOCATION
January 23, 2015 to August 27, 2015	Flint State Office Building Re-Roofing, Ice Storage and Solar Panel Installation	125 East Union Street Flint, Michigan 48502

BID OPENING DATE	FOR AN EXAMINATION OF THE SITE CONTACT:
December 9, 2015 at 2:00 pm Local Time	Site examination will only take place during the Pre-bid Conference.

SEE SECTION 00100 INSTRUCTIONS TO BIDDERS AND SECTION 00700 GENERAL CONDITIONS PROVIDED WITH THE BIDDING DOCUMENTS.
BID: WE PROPOSE TO FURNISH, PERFORM AND COMPLETE THE ENTIRE WORK IN ACCORDANCE WITH THE CONTRACT DOCUMENTS IN CONSIDERATION OF THE BID PRICE (S) STATED BELOW.

FIRM NAME AND COMPLETE ADDRESS	TELEPHONE NUMBER and E-MAIL ADDRESS
	FEDERAL I.D. NUMBER (protected information required for processing payments)
☐ Qualified Disabled Veteran	
BIDDER'S SIGNATURE AND TITLE DATE	WITNESS' SIGNATURE DATE

By signing this bid above, bidder certifies their enclosed Qualified Disabled Veteran and Michigan-Based Business Certifications.

BASE BID FROM BID SCHEDULE (Include specified Allowances):

_____ Dollars $_____
(use words) (in figures)

Alternate1: (Subtract) _____ Dollars $ _____
(use words) (in figures)

☒ **Builders Risk Insurance is NOT provided if marked.**

A PERFORMANCE BOND AND A PAYMENT BOND ARE REQUIRED FOR ALL BIDS OVER $50,000.00. EACH BID MUST BE ACCOMPANIED BY A FIVE (5) PERCENT BID GUARANTEE.

BIDDERS ARE ALSO CAUTIONED TO FAMILIARIZE THEMSELVES WITH ALL OF THE OTHER CONDITIONS OF THE CONTRACT.

Project Scope of Work:
Removal and replacement of roof system. Install guardrail at perimeter of low parapet. Install Ice Storage Tank System and associated structural platform to support the tanks. Install Solar Panel System and related work.

The Bidder must figure its Base Bid on the specified, or Addendum-approved, materials and equipment **only**. No "or equal" or substitution proposals will be permitted after Bid opening, except as provided in the General Conditions.

Addenda: Bidder acknowledges receipt of Addenda: No. ___ dated: _____, No. ___ dated: _____ No. ___ dated: _____

FIRM NAME	TELEPHONE NUMBER and E-MAIL ADDRESS

BID SCHEDULE

Base Bid Schedule - The Bidder will complete the Work and accept as full payment, for the Work items listed, the following Unit Prices and/or Item Bid Prices, as applicable:

Base Bid Item No.	**Bid Quantity**	**Description (Bidder to write price in words)**	**Unit Price**
C.O. Price No. 1	One (1) Square Foot	Remove and replace one square foot by 3" thick wet roof insulation.	ADD $ _____

Base Bid (Sum of Item Bid Prices for all Base Bid Items):

_____ Dollars $_____
(use words) (in figures)

Schedule of Alternates - The Bidder will complete (or deduct from the Contract) the parts of the Work designated by the Alternates that follow and accept in full payment (or allow in full credit) for those parts of the Work the following Item Bid Prices:

Alternate Item No.	**Bid Quantity**	**Description (Bidder to write price in words)**	**Unit Price**	**Item Bid Price**

The Bidder further acknowledges and agrees that the separate prices bid on this "Schedule of Alternates," where they are applicable and deemed acceptable by the **Owner**, will be used if incorporated into the Contract when the **Owner** issues the Notice of Award.

Qualified Disabled Veteran (QDV) Business Representation

'Qualified Disabled Veteran,' means a business entity that is 51% or more owned by one or more veterans with a service-connected disability.

'Qualified Disabled,' means a business entity that is 51% or more owned by one or more with a service-connected disability.

The vendor represents that it IS _____, a qualified disabled veteran.

The contractor represents and warrants that the company meets the above (when checked) and has attached supporting documentation per the following:

Each bid requesting the Qualified Disabled Veterans (QDV) preference, in accordance with Public Act 22 of 2010, MCL 18.1241.3 shall include a DD214 Proof of Service and Discharge, a Veterans Administration rating decision letter, proof of disability (if the disability is not indicated on the DD214), and appropriate legal documents setting forth the 51% natural persons QDV ownership.

Fraudulent Certification as a Qualified Disabled Veteran may result in debarment under MCL 18.264.

Certification of a Michigan Based Business

(Information Required Prior to Contract Award for Application of State Reciprocity Provisions)

To qualify as a Michigan Based Business:

Vendor must have, during the 12 months immediately preceding this bid deadline:
or
If the business is newly established, for the period the business has been in existence, it has:

(check all that apply):

- ☐ Filed a Michigan single business tax return showing a portion or all of the income tax base allocated or apportioned to the State of Michigan pursuant to the Michigan Single Business Tax Act, 1975 PA 228, MCL 208.1 – 208.145; or
- ☐ Filed a Michigan income tax return showing income generated in or attributed to the State of Michigan; or
- ☐ Withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Department of Treasury; or

I certify that **I have personal knowledge** of such filing or withholding, that it was more than a nominal filing for the purpose of gaining the status of a Michigan business, and that it indicates a significant business presence in the state, considering the size of the business and the nature of its activities.

I authorize the Michigan Department of Treasury to verify that the business has or has not met the criteria for a Michigan business indicated above and to disclose the verifying information to the procuring agency.

Bidder shall also indicate one of the following:

- ☐ Bidder qualifies as a Michigan business (provide zip code: _____)
- ☐ Bidder does not qualify as a Michigan business (provide name of State: _____).
- ☐ Principal place of business is outside the State of Michigan, however service/commodity provided by a location within the State of Michigan (provide zip code: (_____).

Fraudulent Certification as a Michigan business is prohibited by MCL 18.1268 § 268. A BUSINESS THAT PURPOSELY OR WILLFULLY SUBMITS A FALSE CERTIFICATION THAT IT IS A MICHIGAN BUSINESS OR FALSELY INDICATES THE STATE IN WHICH IT HAS ITS PRINCIPAL PLACE OF BUSINESS IS GUILTY OF A FELONY, PUNISHABLE BY A FINE OF NOT LESS THAN $25,000 and subject to debarment under MCL 18.264.

PERFORMANCE BOND

SURETY COMPANY REFERENCE No. _____

That "the **Contractor**," _____, a corporation ___, individual ___, partnership ___, joint venture ___ of the State of _____, qualified to do business in the State of Michigan, as Principal, and "the Surety," _____, of the State of _____, as surety, are held and bound unto the State of Michigan, "the **Owner**," as Obligee, in the amount of _____ Dollars ($_____), for the payment of which the **Contractor** and Surety bind themselves, their respective heirs, successors, legal representatives and assigns, jointly and severally, in compliance with 1963 PA 213, as amended, MCL 129.201 et seq.

The **Contractor** has entered into "the Contract" with the **Owner** for _____ _____, "the Work," covered by the Contract Documents, which are incorporated into this Performance Bond by this reference;

If the **Contractor** faithfully performs and fulfills all the undertakings, covenants, terms, conditions, warranties, indemnifications and agreements of the Contract Documents within the Contract Time (including any authorized changes, with or without notice to the Surety) and during the Correction Period, and if the **Contractor** also performs and fulfills all the undertakings, covenants, terms, conditions, warranties, indemnifications and agreements of any and all duly authorized modifications of the Contract Documents, then THIS OBLIGATION IS VOID, OTHERWISE TO REMAIN IN FULL FORCE AND EFFECT.

A. No change in Contract Price or Contract Time, "or equal" or substitution or modification of the Contract Documents (including addition, deletion or other revision) releases the Surety of its obligations under this Section 00610 Performance Bond. The Surety expressly waives notice of any such change in Contract Price or Contract Time, "or equal" or substitution or modification of the Contract Documents (including addition, deletion or other revision).

B. This Performance Bond must be solely for the protection of the **Owner** and its successors, legal representatives or assigns.

C. It is the intention of the **Contractor** and Surety that they must be bound by all terms and conditions of the Contract Documents (including, but not limited to General Conditions and this Performance Bond). However, this Performance Bond is executed pursuant to 1963 PA 213, as amended, MCL 129.201 et seq., and if any provision(s) of this Performance Bond is/are illegal, invalid or unenforceable, all other provisions of this Performance Bond must nevertheless remain in full force and effect, and the **Owner** must be protected to the full extent provided by 1963 PA 213, as amended, MCL 129.201 et seq.

IMPORTANT: The Surety must be authorized to do business in the State of Michigan by the Department of Licensing and Regulatory Affairs – Insurance Bureau, must be listed on the current U.S. Department of the Treasury Circular 570, and, unless otherwise authorized by the **Owner** in writing, must have at least an A– Best's rating and a Class VII or better financial size category per current A. M. Best Company ratings.

Name, Address and Telephone of the Surety:

Address and Telephone of Agent, who is either a resident of, or whose principal office is maintained in, the State of Michigan

PAYMENT BOND

SURETY COMPANY REFERENCE No._____

"the **Contractor**," _____, a corporation ___, individual ___, partnership ___, joint venture ___ of the State of _____, qualified to do business in the State of Michigan, as Principal, and "the Surety," _____, of the State of _____, as surety, are held and bound unto the State of Michigan, "the **Owner**," as Obligee, in the amount of _____ Dollars ($_____), for the payment of which the **Contractor** and Surety bind themselves, their respective heirs, successors, legal representatives and assigns, jointly and severally, in compliance with 1963 PA 213, as amended, MCL 129.201 et seq.

The **Contractor** has entered into "the Contract" with the **Owner** for _____ _____, "the Work," covered by the Contract Documents, which are incorporated into this Payment Bond by this reference;

If the **Contractor** promptly pays all claimants supplying labor or materials to the **Contractor** or to the **Contractor's** Subcontractors in the prosecution of the Work, then THIS OBLIGATION IS VOID, OTHERWISE TO REMAIN IN FULL FORCE AND EFFECT.

A. All rights and remedies on this Payment Bond are solely for the protection of all claimants supplying labor and materials to the **Contractor** or the **Contractor's** Subcontractors in the prosecution of the Work, and must be determined in accordance with Michigan Law.

B. No change in Contract Price or Contract Time, "or equal" or substitution or modification of the Contract Documents (including addition, deletion or other revision) must release the Surety of its obligations under this Payment Bond. The Surety hereby expressly waives notice of any such change in Contract Price or Contract Time, "or equal" or substitution or modification of the Contract Documents (including addition, deletion or other revision).

C. It is the intention of the **Contractor** and Surety that they must be bound by all terms and conditions of the Contract Documents (including, but not limited to this Payment Bond). BIDDING REQUIREMENTS AND CONTRACT CONDITIONS

SECTION 00010 PRE-BID INFORMATION

1. **Invitation to Bid (ITB)** – Your firm is invited to submit a Bid. The State of Michigan as the Owner will receive sealed Bids, delivered to the Department of Technology, Management and Budget, Facilities and Business Services Administration (DTMB-FBSA), General Office Building, 3B, 7150 Harris Drive, Dimondale, Michigan 48821, for **Flint State Office Building Re-Roofing, Ice Storage and Solar Panel Installation, 125 East Union Street, Flint, MI 48502** until 2:00 P.M., local time, on **Wednesday, December 9, 2015**, when all Bids duly received will be opened publicly and read aloud. The State reserves the right to cancel this Invitation to Bid (ITB) or change the date and time for submitting Bids by announcing same at any time before the established date and time for Bid opening. Bids must remain open for acceptance by the Owner for no less than the Bid hold period. Contractor may agree to extend the Bid hold period. However, any such extension must be based upon no increase in the Bid Price and/or Contract Time.

2. **Work Description** – The Work, **Flint State Office Building Re-Roofing, Ice Storage and Solar Panel Installation**, Agency No. **071**, Index No. **071/12354.JAN**,

   DTMB File No. **53322** includes, but is not necessarily limited to:

   Removal and replacement of roof system, install guardrail at perimeter of low parapet, install Ice Storage Tank System and associated structural platform to support tanks, and install Solar Panel System and related work.

   The site is located **125 East Union Street, Flint, Michigan 48502**, as shown on the Drawings.

3. **Bidding Documents** – Sets of Bidding Documents may be obtained at www.Buy4Michigan.com or from the Professional at **WTA Architects, (989-752-8107)**.

4. **Bid Security** – Each Bid must enclose Bid Security, in the amount of five percent (5%) of the Bidder's Base Bid, paid to the "State of Michigan" in the form of a certified or cashier's check or money order drawn upon a bank insured by an agency of the Federal Government or a bid bond with an authorized surety company.

5. **Pre-Bid Conference** – A mandatory pre-bid conference will be held at the **First Floor Lobby Area Flint State Office Building, 125 East Union Street, Flint, MI** on **Monday, November 30, 2015**, at **10:00 am** Local Time. A tour **of the work areas** will be held on the same day, **immediately following the Pre-bid Conference**. All prospective Bidders are required to attend the tour. Other parties interested in the Work are encouraged to attend the tour. Addenda may be issued, in response to issues raised at the pre-bid conference and tour, or as the Owner and/or Professional may otherwise consider necessary.

   The purpose of the pre-bid conference and inspection is to answer questions and provide an inspection tour of the Project site at the scheduled time on the day of the meeting. A representative will be available to assist the Contractors. Individuals needing special services to fully participate in the meeting due to a disability may contact Brian Walts at 517-202-1960. An individual is only permitted to represent one bidder at a mandatory Pre-Bid Conference.

6. **Equal Employment Opportunity** – Covenants to not discriminate in employment by Contractors, Subcontractors and Suppliers required by Law are contained in Instructions to Bidders and General Conditions and are applicable to the Work and any Sub-agreement under the Contract.

7. **Contract Times** – The Contract Times and the associated liquidated damages are specified in the Contract.

8. **Contact Person** – All requests or inquiries concerning the Bidding Documents or the Work must be addressed to: **WTA Architects, 100 S. Jefferson Avenue, Suite 601, Saginaw, Michigan, 48607, (989-752-8107)**. Questions will be accepted until **Wednesday, December 2, 2015** at **4:00 pm** Local Time.

9. **Award** – Subject to any agreed extension of the period for holding Bids, Bids must remain valid for acceptance by the Owner for 60 Calendar Days after the date of Bid opening. In addition, the Owner expressly reserves the right, within the Owner's sole discretion, to reject any or all Bids, to waive any irregularities, to issue post-Bid Addenda and re-bid the Work without re-advertising, to re-advertise for Bids, to withhold the award for any reason the Owner determines and/or to take any other appropriate action.

10. **Performance and Payment Bonds** – A performance bond and a payment bond are required for all contracts over $50,000.00.

END OF SECTION 00010

SECTION 00100 INSTRUCTIONS TO BIDDERS

1. **PREPARATION OF BID:** Execute Bid fully and properly. Bid Summary Form (DTMB -0401D) and Bid Form Attachments must be used and completely filled out for the Bid to be considered responsive and meeting the requirements of the contract solicitation. All Bid prices must be printed or typed in both words and figures.

2. **BID CHECKLIST:** Submit one Bid Summary Form with original signatures plus Bid Form Attachments in a sealed envelope. On the outside of the envelope, identify: i) the Project by name, file number, index number and location; ii) Bidder's name, complete address and phone number; and "Sealed Bid Enclosed" written on the envelope.

A complete Bid will consist of the following forms, which are included immediately following the Bid Summary Form:

Bids	**SUBMIT THESE Bid Forms and Bid Form Attachments**
All Bids	☐ **Signed** and completed Bid Summary Form (DTMB-0401D);
	☐ Bid Schedule;
	☐ Qualified Disabled Veteran (QDV) Business Representation;
	☐ Bid Security in the amount of 5% of Base Bid Price;
	☐ Signature Authorization or copy of the partnership agreement if signed by all partners;
	☐ Other Forms.
Over $50K	☐ Forms listed under All Bids;
	☐ Payment and Performance Bond (upon issuing the Notice of Award).
Over $100K	☐ Forms listed under All Bids;
	☐ Certification of a Michigan Based Business;
	☐ Payment and Performance Bond (upon issuing the Notice of Award).
Over $250K	☐ Forms listed under All Bids;
	☐ Certification of a Michigan Based Business;
	☐ Payment and Performance Bond (upon issuing the Notice of Award).
	☐ Copy of valid Certificate of Awardability (**See Item 5. CERTIFICATE OF AWARDABILITY:** below);

Apparent Low Bidders ONLY (upon request from the Professional)

- ☐ Experience Modification Rating (EMR), or a letter stating why the Bidder does not have one.
- ☐ Identification of the proposed project superintendent, with a resume or list of similar projects handled by that individual.
- ☐ A list of at least three (3) projects completed by the Bidder, within the last three (3) years of similar size and complexity, with contact information for references for each.

3. **BID SUBMISSION**: Deliver Bid package to the Department of Technology, Management and Budget, Facilities and Business Services Administration, Design and Construction Division before the opening time when Bids will be publicly opened and read aloud.

   Your proposal must be received on or before the Bid opening date and the time stated in the Bidding Documents. NOTE: Some express mail services guarantee delivery by 3:00 p.m. However, your Bid WILL NOT BE ACCEPTED if not received at Facilities and Business Services Administration by the 2:00 p.m. time required.

4. **BID GUARANTEE:** Each proposal must be accompanied by either a bank certified or cashier's check on an open, solvent bank or a bid bond with an authorized surety company (the surety must be listed on the current U.S. Department of the Treasury Circular 570) in the amount of five percent of the base bid payable to the State of Michigan, as a guarantee of good faith. If the successful Bidder fails to furnish satisfactory bonds and insurance within fifteen Calendar Days after Notice of Award, such guarantee must be forfeited to the State as liquidated damages. The bid security, exclusive of bid bonds, of all unsuccessful Bidders will be returned when an award is made or upon substitution of a bid bond. The bid security of the successful Bidder will be returned when the performance bond and labor and material bond are approved.

5. **CERTIFICATE OF AWARDABILITY:** The Contractor must not discriminate on the basis of religion, race, color, national origin, age, sex, marital status, height, weight, arrest record or disability. Prior to the award of any Contract of $250,000.00 or more, the Michigan Department of Technology, Management and Budget (DTMB) Contract Compliance Representative will notify the Michigan Department of Civil Rights (DCR) Contract Compliance Representative, providing a bid tabulation and providing a description of the recommended awardee(s) including business(es)' name, business(es)' designated contact person, last four digits of company(ies)' tax identification number, business(es)' address, and business(es)' contact person telephone number. In the event a contractor does not have a valid Certificate of Awardability and is the best value low bidder, the contractor must immediately submit, upon notification by DTMB, their application to DCR. DCR will process the requests as quickly as possible.

6. **MICHIGAN BASED BUSINESS CERTIFICATION**: All Bidders submitting Bids in excess of $100,000.00 must complete the Certification of Michigan Based Business. This information will determine if a Bidder qualifies as a "Michigan" business for purposes of application of reciprocity where applicable.

7. **POST-BID SUBMITTAL: For projects over $250,000, the Professional will request a Post-Bid Submittal from the** Apparent Low Bidders. The Apparent Low Bidders must submit to the Professional, within **two** Business Days after receipt of the Professional's request,

   - Experience Modification Rating (EMR), or a letter stating why the Bidder does not have one.
   - Identification of the proposed project superintendent with a resume or list of similar projects managed by that individual.
   - A list of at least three (3) projects completed by the Bidder, within the last three (3) years of similar size and complexity, with contact information for references for each.

   Failure to provide the submittals may disqualify the Bid.

8. **SIGNATURES:** All Bids, notifications, claims, and statements must be signed as follows:

   (a) **Corporations:** Signature of official must be accompanied by a certified copy of the Resolution of the Board of Directors authorizing the individual signing to bind the corporation.
   (b) **Partnerships:** Signature of one partner must be accompanied by a signed copy of the legal document (e.g. Power of Attorney or partnering agreement) authorizing the individual signing to bind all partners. If Bid is signed by all partners, no authorization is required.
   (c) **Individual:** No authorization is needed. Each signature must be witnessed.

9. **BID PRICES:** The Bidder's Base Bid and Alternate Bid prices must include, and payment for completed Work will compensate in full for: all services, obligations, responsibilities, management, supervision, labor, materials, devices, equipment, construction equipment, general conditions, permits, patent fees and royalties, testing, inspection and approval responsibilities, warranties, temporary facilities, small tools, supplies, Bonds, insurance, taxes, mobilization, close-out, overhead and profit and all connections, appurtenances and any other incidental items of any kind or nature, as are necessary to complete the Work, in a neat, first quality, workmanlike and satisfactory manner in accordance with the Drawings and Specifications and as otherwise required to fulfill the requirements of the Bidding Documents. For each Cash Allowance item, the Bidder must include, within the Bid, all labor costs, construction equipment costs, insurance and Bond premiums and other general conditions costs and Fees (Bidder's and Subcontractors') to complete Work associated with the material, equipment or other designated item to be furnished under the Cash Allowance. For each Provisionary Allowance, the Bidder must include, within the Bid, insurance, premiums (not recoverable as labor burden) and Bond premiums required to complete Work that may be ordered under a Provisionary Allowance.

10. **INSPECTION OF BIDDING DOCUMENTS AND SITE CONDITIONS:** The Bidder must carefully review and inspect all documents referenced and made part of this ITB, site conditions, all applicable statutes, regulations, ordinances and resolutions addressing or relating to the goods and services under this contract. Failure to do so or failure to acquire clarifications and answers to any discovered conflicts, ambiguities, errors or omissions in the Bidding Documents will be at the Bidder's sole risk.

11. **SAFETY REQUIREMENTS AND LAWS:** The Bidder awarded the Contract must comply with all applicable federal, state and local Laws including health and safety regulations, environmental protection, permits and licensing.

12. **INTERPRETATIONS AND ALTERATIONS TO THE BID AND BIDDING DOCUMENTS:** All requests for clarification or interpretation of the Bidding Documents, all proposals for any modifications to the Bidding Documents, all requests for information and all other questions or inquiries about the Bidding Documents and/or the Work shall be submitted in writing to the Contact Person identified in the Bid Documents. Requests or inquiries received less than seven Calendar Days before the date of Bid opening will be answered only if (a) the response can be given through an Addendum made available at least seventy-two hours before Bid opening (counting Business Days only), (b) the Bid opening is postponed by Addendum, or (c) the Work is rebid without readvertising following the issuance of post-Bid Addenda.

Bidders must not rely upon any oral statements or conversations regarding interpretations, clarifications, corrections, additions, deletions or other revisions or information to the Bidding Documents. Any addition, limitation or provision made with or attached to the Bid may render it non-responsive and/or irregular and be a cause for rejection. The Owner reserves the right to issue a post-Bid Addendum after opening the Bids and set a new date for the receipt and opening of sealed Bids. The Bidder acknowledges that any quantities of Unit Price Work given in this ITB are approximate only and payments will be made only for actual quantities of Unit Price Work completed in accordance with the Contract Documents.

13. **MODIFICATION OF RECEIVED BID:** A modification of a Bid already received will be considered only if the modification shows increase or decrease to the original bid and is submitted in writing in the Bid form(s) and received before the Bid opening time and date. Modifications may be submitted by a fax to **(517) 284-7970**.

14. **BID WITHDRAWAL:** Except for timely filed claims of mathematical or clerical errors granted by the State, no Bid may be withdrawn within sixty Calendar Days after the Bid Opening time and date or before the Bid expiration date without forfeiting Bid security. The request to withdraw a Bid due to error must be submitted in writing along with the supporting documents within two Business Days after the date of Bid Opening. The claim must describe in detail the error(s), include a signed affidavit stating the facts of the alleged error(s) and request that the Bidder be released from its Bid. The review of the claim and its supporting documents by the State is only for the purpose of evaluating the Bidder's request and must not create duty or liability on the State to discover any other Bid error or mistake. The sole liability of any Bid error or mistake rests with Bidder.

15. **BID OPENING; OBJECTION TO THE AWARD:** Bids will be opened and publicly read at the opening time and date. A Bidder may file a written protest with the Director-FBSA to object to the Apparent Low Bidder. This objection must be filed within seven Calendar Days after the date of Bid opening and must describe in detail the basis for the protest and request a determination. The Director-FBSA will either dismiss or uphold the protest and notify the protestor within ten Calendar Days after receipt of the written protest.

16. **BID IRREGULARITIES:** The following irregularities on any Bid Form or Bid Form Attachment must be resolved as follows:
    (a) between words and figures, the words must be used;
    (b) between any sum, computed by the Bidder, and the correct sum, the sum computed by the Bidder must be used;
    (c) between the product, computed by the Bidder, of any quantity and Bid Unit Price and the correct product of the Unit Price and the quantity of Unit Price Work, the product extended by the Bidder must be used;
    (d) between a stipulated Allowance and the amount entered, the Allowance must be used;
    (e) any mobilization pay item exceeding the maximum specified must be ignored and the Bid must remain unchanged;
    (f) if any Bidder fails or neglects to bid a Unit Price for an item of Unit Price Work but shows an "Bid Price" for that item, the missing unit price must be computed from the respective quantity and the Item Bid Price shown;
    (g) if any Bidder fails or neglects to show a "Bid Price" for an item of Unit Price Work but bids a unit price, the missing Bid Price must remain as "zero"; and
    (h) if any Bidder fails or neglects to enter a Bid Price in both words and figures, the Bid Price printed or typed, whether in words or figures, must be used.

17. **CERTIFICATION:** The bidder certifies to the best of its knowledge and belief that, within the past three (3) years, the bidder, an officer of the bidder, or an owner of a 25% or greater interest in the bidder:

    (a) Has not been convicted of a criminal offense incident to the application for or performance of a contract or subcontract with the State of Michigan or any of its agencies, authorities, boards, commissions, or departments.
    (b) Has not had a felony conviction in any state (including the State of Michigan).
    (c) Has not been convicted of a criminal offense which negatively reflects on the bidder's business integrity, including but not limited to, embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, negligent misrepresentation, price-fixing, bid-rigging, or a violation of state or federal anti-trust statutes.
    (d) Has not had a loss or suspension of a license or the right to do business or practice a profession, the loss or suspension of which indicates dishonesty, a lack of integrity, or a failure or refusal to perform in accordance with the ethical standards of the business or profession in question.
    (e) Has not been terminated for cause by the Owner.
    (f) Has not failed to pay any federal, state, or local taxes.
    (g) Has not failed to comply with all requirements for foreign corporations.
    (h) Has not been debarred from participation in the bid process pursuant to Section 264 of 1984 PA 431, as amended, MCL 18.1264, or debarred or suspended from consideration for award of contracts by any other State or any federal Agency.
    (i) Has not been convicted of a criminal offense or other violation of other state or federal law, as determined by a court of competent jurisdiction or an administrative proceeding, that in the opinion of DTMB indicates that the bidder is unable to perform responsibly or which reflects a lack of integrity that could negatively impact or reflect upon the State of Michigan, including but not limited to, any of the following offenses under or violations of:
        1. The Natural Resources and Environmental Protection Act, 1994 PA 451, MCL 324.101 to 324.90106.
        2. A persistent and knowing violation of the Michigan Consumer Protection Act, 1976 PA 331, MCL 445.901 to 445.922.
        3. 1965 PA 166, MCL 408.551 to 408.558 (law relating to prevailing wages on state projects) and a finding that the bidder failed to pay the wages and/or fringe benefits due within the time period required.

4. Repeated or flagrant violations of 1978 PA 390 MCL 408.471 to 408.490 (law relating to payment of wages and fringe benefits).
5. A willful or persistent violation of the Michigan Occupational Health and Safety Act, 1974, PA 154, MCL 408.10001 to 408.1094, including: a criminal conviction, repeated willful violations that are final orders, repeated violations that are final orders, and failure to abate notices that are final orders.
6. A violation of federal or state civil rights, equal rights, or non-discrimination laws, rules, or regulations.
7. Been found in contempt of court by a Federal Court of Appeals for failure to correct an unfair labor practice as prohibited by Section 8 of Chapter 372 of the National Labor Relations Act, 29 U. s. C. 158 (1980 PA 278, as amended, MCL 423.321 et seq).

(j) Is not an Iran-Linked Business as defined in MCL 129.312.

A false statement, misrepresentation or concealment of material facts on this certification may be grounds for rejection of this proposal or termination of the award and may be grounds for debarment.

18. REJECTION OF BID: The Bidder acknowledges the right of the Owner to reject any Bids and to waive any informality, defects or irregularity in any Bid received. In addition, the Bidder recognizes the right of the Owner to reject a Bid if:

(a) the Bid is in any way incomplete or irregular;
(b) the Bidder, Subcontractor or Supplier is not responsible as determined by the Owner;
(c) the Bidder's performance as a Contractor was unsatisfactory under a prior Contract with the Owner for the construction, repair, modification or demolition of a facility with the Owner, or under any other Contract, which was funded, directly or indirectly, by the Owner;
(d) there are reasonable grounds for believing that collusion or unlawful agreements exists between any Bidders, that a Bidder is interested in more than one Bid, or that the Bid is not genuine;
(e) the Bid exceeds the funds available; or
(f) the Bidder does not have a valid Certificate of Awardability or does not qualify for consideration given to bids received while final certification is still pending.

19. MATERIALS AND EQUIPMENT SUBSTITUTION: Any Bidder wishing to use manufacturers or materials other than those specified must submit a written request to the Professional not later than seven days before due date for Bids. Request must be accompanied by product data to permit evaluation and comparison with specified products or materials. The Person submitting the request will be responsible for its prompt delivery. The Professional and the Owner will examine and evaluate the product data and if found acceptable, an Addendum will be issued and mailed or delivered to each Person who has received a set of Drawings and Specifications. All Addenda issued must be made a part of the Contract requirements. Contractor will be responsible for any extra work and expense incurred to satisfactorily and completely incorporating each substitute product into the Project.

20. MICHIGAN PRODUCTS AND RECYCLED PRODUCTS: All Contractors and Suppliers are encouraged to provide Michigan-made products and/or recycled products and/or green products and/or environmentally-friendly products whenever possible where price, quality, and performance are equal to, or superior to, non-Michigan products and the requirements of the Contract Documents. A list of Michigan-made products is available at: www.michigan.gov/dcd. The Contractor will be required to use alternatives to landfills for waste disposal such as reuse or recycle of asphalt, bricks, concrete, masonry, plastics, paint, glass, carpet, metals, wood, drywall, insulation and any other waste materials to the extent practical.

21. PRE-AWARD PRODUCT SUBMITTALS: If requested, the Apparent Low Bidders must submit a summary of preliminary technical data on each product listed in _____. The Apparent Low Bidders will furnish this summary data to the Professional within forty-eight hours of the Bid Opening. These submittals will be used to evaluate the Bid before the award. Failure to provide the submittals may disqualify the Bid.

22. CONTRACT AND CONTRACT AWARD: The Owner intends to award a Contract to the responsive and responsible best value bidder, except as provided below relative to veteran's preference.

22.1 Determination of the lowest three Bidders shall be on the basis of the sum of the Base Bid and any additive and deductive Alternates the Owner accepts, in the order in which they are listed only. The Owner will accept an Alternate only if all other previously listed Alternates are also accepted, unless acceptance by the Owner of Alternates in a different order does not affect determination of the lowest three bidders in any way.

22.2 The bids will be evaluated for best value based on price and qualitative components by comparing the qualitative components of the three lowest responsive and responsible Bidders. The comparison may also include other Bidders whose bids are within 10% of the lowest responsive and responsible Bidder.

22.3 If a Qualified Disabled Veteran meets the requirements of the contract solicitation and with the veteran's preference is the lowest Bidder, the Owner will award the contract to the Qualified Disabled Veteran bidder. A determination as to whether the requirements of the bid solicitation have been met will be based solely on the Owner's and Professional's evaluation of the Bid Summary, Bid Attachments, Bidder-provided documents, and interview.

22.4 For the purpose of evaluating and determining the low responsive bid, 10% of the lowest responsive bid (the bid that would otherwise receive the contract award if the preference were not being considered) will be deducted from all QDV bids. If the low responsive QDV bid, less the 10% preference, is less than the lowest responsive bid, then the QDV bid will be declared the official low responsive bid. The original QDV bid amount will be the basis of the contract award.

Example:

Lowest Responsive Bid	$100,000
Lowest Responsive QDV Bid	$109,000
Preference (10% of the Lowest Responsive Bid)	$ 10,000
Lowest Responsive QDV Bid Less Preference	$ 99,000 ($109,000 - $10,000)
Official Low Responsive Bid	**$109,000**

22.5 The Apparent Low Bidders will be evaluated for responsiveness and responsibility based on the following:

- Compliance with the bid specifications and requirements.
- The Bidder's financial resources.
- The Bidder's technical capabilities.
- The Bidder's technical experience.
- The Bidder's past performance.
- The Bidder's insurance and bonding capacity.
- The Bidder's business integrity.

Some qualitative components that may be evaluated are:

- Technical approach.
- Quality of proposed personnel.
- Management plans.

22.6 For contracts under $250,000, best value will primarily be based on the lowest responsive and responsible bid.

23. CONTRACT TIME; LIQUIDATED DAMAGES: Work of all trades as specified in the Contract Documents must be completed in **217** calendar days from the date of Notice-to-Proceed or by **January 23, 2015** based on Notice-to-Proceed except for minor replacement, correction, or adjustment items which do not interfere with the complete operation and utilization of all parts of the Contract Work. This Contract Time is of the essence and liquidated damages for each Calendar Day that expires after this Substantial Completion of the entire Work must be in the amount of **$500.00**. Liquidated damages are not a penalty, are cumulative and represent a reasonable estimate of the Owner's extra costs and damages, which are difficult to estimate with accuracy in advance.

24. MOBILIZATION: If used in the Specifications/Bid schedule, all the up-front costs incurred by the Contractor must be covered by the mobilization. The costs to establish temporary site offices, to obtain required permits for commencing the Work and for bonds and insurance premiums are examples of costs to the Contractor that are covered by mobilization pay item. This cost must not exceed four percent (4%) of the Base Bid, unless otherwise expressly provided in the Bidding Documents.

25. SOIL EROSION AND SEDIMENTATION CONTROL: All Work under this Contract must meet the storm water management requirements of the Project and comply with the applicable Soil Erosion and Sedimentation Control (SESC) rules and regulations and specific provisions for same within the Contract Documents. SESC measures will be monitored and enforced by the Facilities and Business Services Administration, or another authorized enforcing agency if so delegated, through the review of the Contractor's implementation plans and site inspections. Facilities and Business Services Administration or the Professional will notify the Contractor in writing of any violation(s) of the applicable SESC statutes and/or the corrective action(s) undertaken by the Owner and may issue stop work orders. Facilities and Business Services Administration has the right to assess a fine to the Contractor for noncompliance with the provisions of the Contract Documents and/or SESC regulations applicable to this Work and fines must be in addition to any other remediation costs or liquidated damages applicable to the Project and may exceed the value of the Contract.

END OF SECTION 00100

SECTION 00120 SUPPLEMENTARY INSTRUCTIONS

The provisions of this Section amend or supplement Section 00100 Instructions to Bidders and those other provisions of the Bidding Requirements that are indicated below. All other Bidding Requirements that are not so amended or supplemented remain in full force and effect.

END OF SECTION 00120

SECTION 00200 INFORMATION FOR BIDDERS

1. UNDERGROUND UTILITIES

Information or data about physical conditions of existing Underground Utilities, which have been used by the Professional in preparing the Bidding Documents, is shown or indicated in the Drawings and technical Specifications and those Underground Utility drawings itemized immediately below.

2. PERMITS, APPROVALS, LICENSES AND FEES

2.1 If the Owner has secured or will secure any permits, approvals and licenses and has paid or will pay any associated charges and fees, any such permits, approvals and licenses are itemized in this paragraph:

2.2 If any permits, approvals and licenses itemized above have been obtained by the Owner and the fees have been paid, copies of those permits, approvals, licenses and corresponding fee receipts, are attached to this Section 00200 Information for Bidders.

Except for any permits, approvals, licenses and fees identified above, the Contractor shall be responsible for all permits, approvals, licenses and fees applicable to Work.

3. SEQUENCING REQUIREMENTS

Refer to the technical Specifications, including, but not limited to the General Requirements, for information, data and criteria on sequences of Work restraints, construction and maintenance of service to existing facilities, which, if provided, must govern the selection of Work sequences. Each Bidder must be responsible for any conclusions or interpretations the Bidder makes related to the selection of sequences and Means and Methods, based on the technical data made available, and/or those additional investigations or studies made or obtained by that Bidder.

4. SUBSURFACE CONDITIONS

In preparing the bidding documents, the PSC used the reports of explorations and tests of subsurface conditions itemized immediately below. If those reports are listed and not attached to this Section, they are available for purchase ($_____ per copy) from the Professional.

4.1 Information or data contained in those reports that may be properly considered Authorized Technical Data concerning subsurface conditions include (NOTE: All other information or data excluded from the list below represent Non-Technical Information or Data, interpretations or opinions):

4.2 In preparing the bidding documents, the PSC has not used the following reports of explorations and tests of subsurface conditions itemized immediately below. Those reports are available at the office of the Professional for review or purchase. Neither the Owner nor Professional warrants that this list identifies all existing relevant documents.

5. OTHER PHYSICAL CONDITIONS

5.1 The Drawings and technical Specifications and those drawings itemized immediately below contain information or data that have been used in the preparation of the Bidding Documents, and that may be properly considered Authorized Technical Data concerning physical conditions of existing surface and subsurface facilities. If those drawings and specifications are listed and not attached to this Section, they are available for purchase ($_____ per copy) from the Professional.

5.2 The reference documents itemized immediately below have not been used in the preparation of the Bidding Documents, and are available for review or purchase. Information and data contained in those reference documents, including, but not limited to dimensions, locations and conditions of existing surface and subsurface structures, roadways, piping, raceways, equipment, etc. may not accurately or reliably reflect actual conditions. Neither the Owner nor Professional warrants that this list identifies all existing relevant documents.

END OF SECTION 00200

SECTION 00700 GENERAL CONDITIONS

1. **Interpretations:** Any requests for clarifications or interpretations of the Contract Documents must be in writing to the Professional, who will issue written clarifications or interpretations as appropriate. If the Contractor believes that such clarification or interpretation justifies an adjustment to the Contract Price/Time, the Contractor must promptly notify the Professional in writing before proceeding with the Work Involved.

1.1 **Standards**: The Contract Documents describe the entire Work. The provisions of the Contract Documents must govern over any standard specifications, manual or code of any technical society, organization or association but, if lower than the standards set by any Law applicable to the Work or the Project, the higher standards must govern. The Contractor's responsibilities extend to cover Subcontractors and Suppliers if liable as a result of their actions or obligations.

1.2 **Contract Time Computation**: The time to complete the Work must be made in Calendar Days and must include both the first and last day. The first day is established by the Notice-to-Proceed.

1.3 **Technical Specifications and Priority:** The following applies whenever priority is called for in Contract Documents: specifications must govern Drawings; figured dimensions must govern scaled dimensions; detail drawings must govern general drawings; Drawings must govern Submittals.

1.4 **Indemnification:** The Contractor is required to defend, indemnify and hold harmless the Owner and the Professional, their employees, agents, servants, and representatives from and against all claims, suits, demands, actions of whatever type and nature and all judgments, costs, losses and damages, whether direct, indirect or consequential including, but not limited to, charges of architects, engineers, attorneys and others and all court, hearing and any other dispute resolution costs arising from:

(a) any patent or copyright infringement by the Contractor;
(b) any damage to the premises or adjacent lands, areas, properties, facilities, rights-of-way and easements, including loss of use to the business and property of others as a result of Contractor's operations;
(c) any bodily injury, sickness, disease or death, or injury to or destruction of property, including loss of use due to or related to the Work and caused in whole or in part by the Contractor or Subcontractor or Supplier's negligence, omissions or failure to maintain the required insurance and coverage and;
(d) a failure by the Contractor to appropriately handle Hazardous Materials for the Work or the Contractor's operations in compliance with the Owner requirements and/or applicable Laws and regulations.

The indemnification obligations are not affected by the limitation on the amount and types of damages, compensation or benefits payable by or for the Contractor or Subcontractor or Supplier under worker's or workman's compensation acts, disability benefit acts or other employee benefit acts.

1.5 **Contract Documents Ownership:** The State is the owner of the Contract Documents. The Contractor, Subcontractor or Supplier must not reuse any of the documents on any other Project without prior consent of the State and Professional. The Professional will furnish on behalf of the Owner at no cost to the Contractor, up to ten copies of Drawings and Project Specifications.

2. GENERAL PROVISIONS

2.1 **Owner:** the Project Director and/or Owner Field Representative will represent the Owner. Neither the Project Director nor the Owner Field Representative has the authority to interpret the requirements of the Contract Documents or to authorize any changes in the Work or any adjustment in Contract Price/Time. The State will provide the necessary easements for permanent structure and permanent changes in existing lands, areas, properties and facilities. However, the Contractor must obtain, at no increase in Contract Price/Time, permits for any other lands, areas, properties, facilities, rights-of-way and easements required by the Contractor for temporary facilities, storage, disposal of soil or waste material or any other purpose. The Contractor must submit copies of the permits and written agreements to the Owner. The Contractor must engage a registered land surveyor to establish the necessary reference points and/or base lines for construction and must be responsible for protecting them including benchmarks and Project elevations.

2.2 **Professional:** Acting as the Owner's representative during the Contract Time period, the Professional will endeavor to guard the Owner from Defective work and to keep the Owner informed of the progress of the Work. Unless delegated by specific written notice from the Owner, the Professional and the Professional's representatives do not have the authority to authorize any changes in the Work or any adjustment in Contract Price/Time. The On-site Inspections by the Owner Field Representative and/or the Professional do not relieve the Contractor from its obligation to provide the Work in accordance with the Contract Documents or represent acceptance of Defective Work.

2.3 **Contractor:** The Contractor must manage, supervise, and direct the Work competently, applying the management, supervision, skills, expertise, scheduling, coordination and attention necessary to provide the Work in accordance with the Contract Documents with a minimum disturbance to or interference to the business operations on site or adjacent properties. The Contractor must assign and maintain a competent full-time **superintendent** on the Work, as its representative, at all times while Work is being done on site and must not be replaced without the Owner's consent. The Contractor shall enforce good order among its employees and shall not employ on the work any disorderly, intemperate, or unfit persons, or not skilled in the work assigned to them. The Contractor is solely responsible for his Means and Methods, safety precautions and programs related to safety, the Contractor's failure to execute the Work in accordance with the Contract Documents and any act of omissions by the Contractor, Subcontractor or Supplier. The Contractor must **compare Contract Documents for conflicts**, unworkable or unsafe specified Means and Methods and verify against manufacturer's recommendations for installations and handling and must notify the Professional in writing of the discovery of any such conflicts or errors. The Contractor is required to furnish certifications that lines and grades for all concrete work were checked before and after placing concrete, and that final

grades are as required by the Contractor Documents. Wherever required, the Contractor must be responsible for all cutting, fitting, drilling, fixing-up, and patching of concrete, masonry, gypsum board, piping and other materials that may be necessary to make in-place Work and dependent Work fit together properly. The Contractor must restore to pre-existing conditions all walks, roadways, paved or landscaped areas and other real and personal property not designated for alteration by the Contract Documents. The Contractor must maintain at the site one copy of material safety data sheets (MSDS) and one copy of all **as-built/Record Documents** in good order and annotated in a neat and legible manner to show:

(a) all revisions made,
(b) dimensions noted during the furnishing and performance of the Work, and
(c) all deviations between the as-built installation and the Contract Documents, all approved Submittals and all clarifications and interpretations.

The Contractor must maintain and furnish promptly to the Owner and the Professional upon their request **daily field reports** recording the on-site labor force and equipment (Contractor and Subcontractors); materials/equipment received; visits by Suppliers; significant in-progress and completed trade Work within major areas; and other pertinent information. The Contractor is obligated to act to prevent threatened damage, death, injury or loss without any special instruction in **emergencies** and must give the Owner prompt written notice of any changes in Work resulting from the action taken for review and approval.

2.4 **Subcontractors and Suppliers:** The Owner assumes no contractual obligations to anyone other than the Contractor. All trade construction Drawings must be field coordinated before fabrication and/or installation. The Owner reserves the right to reject or revoke, for its convenience, any approved Subcontractor/Supplier. Work performed by any Subcontractor or Supplier must be through an appropriate written agreement that:
(a) expressly binds the Subcontractor/Supplier to the requirements of the Contract Documents,
(b) requires such Subcontractor or Supplier to assume toward the Contractor all the obligations that the Contractor assumes toward the Owner and the Professional, and
(c) contains the waiver of rights and dispute resolution provisions.

2.5 **Access to Payroll Records:** The Contractor and its Subcontractors must comply with the Prevailing Wage Rates for the county where the Project is located, and must maintain and keep, in accordance with generally accepted accounting principles, records pertaining to the bidding, award and performance of the Work, including, but not limited to certified payroll, employment records and all data used in estimating the Contractor's prices for the Bid, Change Order, proposal or claim. The Owner or its representative must have access to those records, must have the right to interview the Contractor's employees and must be provided with appropriate facilities for the purpose of inspection, audit/review and copying for five years after final payment, termination or date of final resolution of any dispute, litigation, audit exception or appeal. The payroll and other employment records of workers assigned to the site must contain the name and address of each worker, correct wage classification, rate of pay, daily and weekly number of hours worked, deduction made and actual wages paid. The Contractor must maintain records that show: (a) the anticipated costs or actual costs incurred in providing such benefits, (b) that commitment to provide such benefits is enforceable, and (c) that the plan or program is financially responsible and has been communicated in writing to the workers affected.

3. Bonds and Insurance:

3.1 Both the Performance Bond and Payment Bond must remain in effect from the date of Contract Award until final completion of the Work or the end of Correction Period, whichever comes later. The surety bonds required for a Construction Contract will not be accepted by FBSA unless the surety bonding company is listed in the current United States Government, Department of Treasury's, Listing of approved sureties (bonding/insurance companies), Department Circular 570. Copies of the current Circular listing may be obtained through the internet web site at http://www.fms.treas.gov/c570/c570.html.

Insurers must have an "A-" A.M. Best Company Rating and a Class VII or better financial size category as shown in the most current A.M. Best Company ratings. Insurance must be provided by insurers authorized by the Department of Insurance and Financial Services (DIFS) to do business as an insurer in Michigan. The insurance company and must attach evidence of the authorization. These certificates must specify the Project File No., Index No., Project Title, and a description of the Project. The Contractor agrees that insurance coverage afforded under the policies as such coverage relate to the State under this Contract as determined by the Contractor will not be modified or canceled without at least thirty calendar days prior written notice to the State. The latest A.M. Best's Key Ratings Guide and the A.M. Best's Company Reports (which include the A.M. Best's Ratings) are found at: http://www.ambest.com. The Contractor must not perform any part of the Work unless the Contractor has all the required insurance in full force and effect.

3.2 The Contractor is required to provide proof of the minimum levels of insurance coverage as indicated below. The purpose of this coverage must be to protect the State from claims which may arise out of or result from the Contractor's performance of services under the terms of this Contract, whether such services are performed by the Contractor, or by any subcontractor, or by anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable.

The Contractor waives all rights against the State for recovery of damages to the extent these damages are covered by the insurance policies the Contractor is required to maintain pursuant to this Contract. The Contractor also agrees to provide evidence that all applicable insurance policies contain a waiver of subrogation by the insurance company.

All insurance coverages provided relative to this Contract/Purchase Order is PRIMARY and NON-CONTRIBUTING to any comparable liability insurance (including self-insurances) carried by the State.

The Insurance must be written for not less than any minimum coverage herein specified or required by law, whichever is greater. All deductible amounts for any of the required policies are subject to approval by the State.

The State reserves the right to reject insurance written by an insurer the State deems unacceptable.

BEFORE THE CONTRACT IS SIGNED BY BOTH PARTIES OR BEFORE THE PURCHASE ORDER IS ISSUED BY THE STATE, THE CONTRACTOR MUST FURNISH TO THE DIRECTOR-FBSA CERTIFICATE(S) OF INSURANCE VERIFYING INSURANCE COVERAGE. THE CERTIFICATE MUST BE ON THE STANDARD "ACCORD" FORM. THE CONTRACT OR PURCHASE ORDER NUMBER MUST BE SHOWN ON THE CERTIFICATE OF INSURANCE TO ASSURE CORRECT FILING. All such Certificate(s) are to be prepared by the Insurance Provider and not by the Contractor. All such Certificate(s) must contain a provision indicating that coverages afforded under the policies WILL NOT BE CANCELLED, MATERIALLY CHANGED, OR NOT RENEWED without THIRTY days prior written notice, except for 10 days for non-payment of premium, having been given to the Director-FBSA Such NOTICE must include the CONTRACT NUMBER affected and be mailed to the Project Director.

The Contractor is required to provide the type and amount of insurance below:

(a) Commercial General Liability Insurance with a limit of not less than $1,000,000 each occurrence. If such CGL insurance contains a general aggregate limit, it must apply separately to this project.

The Contractor must list the State, its departments, divisions, agencies, offices, commissions, officers, employees and agents as ADDITIONAL INSUREDS on the Commercial General Liability policy.

(b) Vehicle Liability Insurance for bodily injury and property damage as required by law on any auto including owned, hired and non-owed vehicles used in the Contractor's business.

The Contractor must list the State, its departments, divisions, agencies, offices, commissions, officers, employers and agents as ADDITIONAL INSUREDS on the vehicle liability policy.

(c) Worker's disability compensation, disability benefit or other similar employee benefit act with minimum statutory limits.

NOTE:

(i) If coverage is provided by a State fund or if Contractor has qualified as a self-insurer, separate certification must be furnished that coverage is in the state fund or that Contractor has approval to be a self-insurer;
(ii) Any citing of a policy of insurance must include a listing of the States where that policy's coverage is applicable; and
(iii) This provision must not be applicable where prohibited or limited by Michigan law.

(d) Employer's Liability Insurance with the following minimum limits:

$1,000,000 each accident
$1,000,000 each employee by disease
$1,000,000 aggregate disease

(e) Pollution Liability Insurance in the amounts of not less than $1,000,000 per occurrence is required.

3.3 **Liability Insurance:** Liability insurance must be endorsed to list as additional insureds the Professional's consultants and agents. Worker's Compensation, Employer's Liability Insurance and all other liability insurance policies must be endorsed to include a waiver of rights to recover from the Owner, Professional and the other additional insureds. The Contractor's liability insurance must remain in effect through the Correction Period and through any special correction periods. For any employee of the Contractor who is resident of and hired in Michigan, the Contractor must have insurance for benefits payable under Michigan's Worker's Compensation Law. For any other employee protected by Worker's Compensation Laws of any other state, the Contractor must have insurance or participate in a mandatory state fund, where applicable, to cover the benefits payable to any such employee. These requirements must not be construed to limit the liability of the Contractor or its insurers. The Owner does not represent that the specified coverage or limits of insurance are sufficient to protect the Contractor's interests or liabilities.

3.4 **Builder's Risk Insurance:** Unless indicated otherwise on the Bid Summary, the Owner will purchase and maintain property insurance for 100% of actual cash replacement value of the insurable Work while in the course of construction, including foundations, additions, attachments, and all fixtures, machinery and equipment belonging to and constituting a permanent part of the building structures. The property insurance also will cover temporary structures, materials and supplies to be used in completing the Work, only while on the building site premises or within five hundred feet of the site. The property insurance insures the interests of the Owner, Contractor and all Subcontractors and Suppliers at any tier as their interest may appear. The property insurance insures against "all risk" of physical loss or damage to the extent usually provided in policy forms of insurers authorized to transact this insurance in Michigan, but will be subject to a deductible of $10,000 for each loss occurrence. A copy of the master insurance policy will be kept at FBSA, for review by the Contractor and Subcontractors. The Contractor must cooperate with the Owner in determining the actual cash replacement value of any insured loss. Any deductible amount must be paid by the Contractor. The Owner may purchase and maintain for its benefit boiler and machinery insurance.

3.5 The Owner and Contractor intend that the required policies of property insurance must protect all the parties insured and provide primary coverage for all losses and damages caused by the perils covered. Accordingly, to the extent that the insurance company pays claims, the Owner and the Contractor and its Subcontractors/Suppliers waive all rights against each other for any such losses and damages and also waive all such rights against the Professional and all other persons named as insureds or additional insureds.

4. Prosecutions; Substantial Completion:

4.1 The Contractor must not start the Work at the site before the first day established by the Notice to Proceed and/or before all insurance is in effect. A pre-construction conference will be held with the Contractor to review its Progress Schedule, qualifications of its key personnel, its proposed access to the site, traffic and parking, procedures for submittal, change orders, etc., and to exchange emergency contact information. The Contractor must use its accepted Progress Schedule when making proposals or claims for adjustment in Contract Time/Price.

4.2 Except in an Emergency, all Work at the site must take place during normal working hours; 6:00 AM to 6:00 PM, during Business Days and in accordance with the special working conditions for the Agency. If the Contract Documents allow work outside the normal hours, the Contractor must provide a written notice to the Owner twenty-four hours before performing such Work and must reimburse the Owner any related increase in the costs incurred by the Owner such as overtime charges of the Professional and payments for custodial and security personnel.

4.3 If, upon inspection and completing all pre-requisite testing of the Work, the Contractor considers that a portion of the work or all of the Work is substantially completed, it must provide a list of items to be corrected or completed to the Owner and the Professional for joint inspection. Within ten Calendar Days of this joint inspection, the Professional will deliver to the Owner and Contractor a list of incomplete/Defective work or a Certificate of Substantial Completion with a Punch List. The certificate must:

(a) fix a reasonable date of Substantial Completion,
(b) fix a date for completion of the Punch List, and
(c) recommend the division of responsibilities between the Owner and Contractor for utilities, security, safety, insurance, maintenance, etc.

Upon issuing the Certificate of Substantial Completion, the Owner will pay for the completed Work subject to (a) withholding of two hundred percent of the value of any uncompleted Work, as determined by the Professional, and (b) any other deductions as the Professional may recommend or may withhold to cover Defective work, liquidated damages and the fair value of any other items entitling the Owner to a withholding. Prerequisites for Substantial Completion, over and above the extent of Work completion required, include (a) receipt by the **Owner** of operating and maintenance documentation, (b) all systems have been successfully tested and demonstrated by the **Contractor** for their intended use, and (c) the **Owner** having received all required certifications and/or occupancy approvals from the State and those Political Subdivisions having jurisdiction over the Work. Receipt of all certifications and/or occupancy approvals from those Political Subdivisions with jurisdiction in and of itself does not necessarily connote Substantial Completion. The Contractor must provide all related operating and maintenance (O&M) documentation to the Owner before training if training is required and not later than Substantial Completion otherwise. The Contractor must give the Owner the final O&M documentation (with revisions made after Substantial Completion) before the request for final payment.

4.4 The Owner may decide to use, at its sole option, any functioning portion of the Work and will inform the Contractor in writing of the decision. The portion of Work to be used must be jointly inspected to determine the extent of completion if it has not undergone the inspection for Substantial Completion. The Professional must prepare a list of items to be corrected/completed and the Owner will allow the Contractor reasonable access to correct/complete the listed items and finish other work.

5. Warranty; Tests, Inspections and Approvals; Corrections of Work:

5.1 **Warranty:** The Contractor must furnish the State with a written guarantee to remedy any defects due to faulty materials or labor which appear in the Work within one year from the date of final acceptance by the State. This warranty excludes defect or damage caused by (a) abuse, modification by others, insufficient or improper operation or maintenance, or (b) normal wear and tear under normal usage. Manufacturer warranties for materials and equipment received by the Contractor must be assigned and promptly delivered to the Owner at Substantial Completion. The warranties period starts from the date of the substantial completion and must be in full force and effect for the entire duration of the Correction Period.

Roof Warranty: For roofing systems, the following warranties are required as minimum:

(a) A two-year contractors warranty against any defects due to faulty materials or labor;
(b) A fifteen-year manufacturer's total system warranty; and
(c) A twenty-year membrane/shingles/tiles warranty.

5.2 **Tests, Inspections and Approvals:** The Owner will perform or retain a professional/agency to perform inspections, tests or approvals for those materials required to meet quality control standards specified in the Contract Documents. However, the Contractor must assume full responsibility for any testing, inspection or approval
(a) required to meet code requirements, as promulgated by code inspecting authorities;
(b) required by Law;
(c) indicated or required by the Contract Documents;
(d) required for the Professional's acceptance of a Supplier, materials or equipment or mix designs submitted for prior approval by the Contractor; or
(e) Defective work, including an appropriate portion of the Delay and costs occasioned by discovery of Defective work. The Contractor must (a) pay all related costs; (b) schedule related activities; and (c) secure and furnish to the Professional the required certificates of inspection, testing or approval. The Contractor must provide proper and safe access to the site for inspection, testing or approval. The Contractor must provide the Professional a timely notice whenever any Work is ready for inspection, testing or approval. If the Contractor covers any Work without proper approval by the Professional as required by the Contract Documents, the Contractor must, at its own expense, uncover, expose or otherwise make available, when requested by the Professional or Owner, for testing, inspection or approval of the covered Work.

5.3 **Correction of Work:** If any testing, inspection or approval reveals Defective Work and the Work is rejected by the Professional, the Contractor, at its sole expense, must promptly, as directed, correct or remove the Defective Work from the site and replace it with non-Defective Work within the Correction Period. The Contractor must bear responsibility for its proportionate share of the Delay and costs resulting from the correction and/or removal and replacement of Defective Work. If the Contractor, within reasonable and agreed upon time after receipt of written notice, (a) fails to correct Defective Work or remove and replace rejected Work, or (b) fails to correct or complete items on any Punch List, or (c) fails to perform Work in accordance with the Contract Documents, or (d) fails to comply with any other provision of the Contract Documents, the Owner, directly or through others, after seven Calendar Days from the date of the written notice to the Contractor, may correct and remedy the Defective Work. To the extent necessary to correct and remedy such Defective Work, the Owner must be allowed to exclude the Contractor from all or part of the site; take possession of all or part of the Work and stop related operations of the Contractor; take possession of the Contractor's tools, plant and office and construction equipment at the site; and incorporate into the Work materials and equipment for which the Owner has paid the Contractor. The Contractor must allow the Owner and the Professional easy access to the site to correct such Defective Work. The Owner must be entitled to an appropriate decrease in Contract Price for all claims, costs, losses, damages and Delay incurred or sustained by the Owner which are attributable to the Contractor. Such costs may include, but not limited to, costs of correction or removal and replacement of Defective Work, costs of repair and replacement of other work destroyed or damaged by the action and related charges of the Professional. If the discovery of the Defective Work takes place after final payment and the Contractor fails to correct and pay the Owner any of these costs, the Owner must demand due performance under the Performance Bond. Until the period of limitation provided by Michigan Law, the Contractor must promptly, and upon receipt of written notice from the Owner, correct Defective Work. In the event of an Emergency or unacceptable risk of loss or damage or if appropriate under the circumstances, the Owner, directly or through others under contract with the Owner, may correct or remove and replace the Defective Work. The specified correction of Work requirements have no limitation on the rights of the Owner to have Defective Work corrected or removed and replaced, if rejected, except as otherwise provided by the Michigan Law.

5.4 **Special Correction Period Requirements:** Whenever the Owner undertakes any portion of the Work because the Contractor's act or omission Delays completion of the Work or it is eligible for Partial Use, the warranties for all materials and equipment incorporated into that portion of the Work must remain in full force and effect between the start of such Partial Use and the date when the Correction Period starts. The Correction Period for any Defective Work that is corrected or rejected and replaced within the last three months of the Correction Period must be extended by an additional six months, starting on the date such Work was made non-Defective.

5.5 **Special Maintenance Requirements:** If the Contract Documents specify that the entire Work, or a portion of the Work, upon reaching Substantial Completion, must not be placed in use by the Owner, the Contractor must maintain the Work, or specified part of the Work, in good order and proper working condition and must take all other actions necessary for its protection between the certified date of Substantial Completion and the date when the Work, or designated part of the Work, is placed in

use. If no separate price for such special maintenance period was requested and made part of the Contract Documents, the Owner will amend the Contract Documents to appropriately increase the Contract Price.

6. Changes:

6.1 **Changes in the Work:** The Owner may, at any time, without notice to sureties, make any changes bilaterally or unilaterally, by a written Change Order, in the Work within the general scope of the Contract, including but not limited to changes in the Specifications, materials, or Contract Time. In a bilateral change order, the Owner may direct the Professional to prepare a Bulletin describing the change being considered. Upon receiving the Bulletin, the Contractor establishes the cost and returns it to the Professional for review within 15 calendar days. The Contractor's proposal must be irrevocable for 60 Calendar Days after it is submitted to the Professional. If the Professional recommends acceptance of the Bulletin and the Owner agrees with the changes, the Owner issues a written bilateral Contract Change Order to amend the Contract Documents. However, the Owner may issue a unilateral Change Order if the Owner and Contractor are unable to agree on the adjustment in Contract Price or Time. If the Contractor disagrees with such unilateral Contract Change Order, the Contractor must complete the Work and may deliver notice of a claim in accordance with the claim submittal process.

6.2 Differing Site Condition: The Owner does not warrant that any technical data, including the Project reference points, provided by the Owner is necessarily sufficient and complete for the purpose of selecting Means and Methods, initiating, maintaining and supervising safety precautions and programs or discharging any other obligation assumed by the Contractor under the Contract Documents. If different or unknown site conditions are discovered, the Contractor must notify the Owner in writing before the conditions are disturbed or before proceeding with the affected Work. Upon review, if the Owner decides to agree with the differing site conditions, with the Professional's advice, the Owner may issue a written Contract Change Order to amend the Contract Price or Time through the Bulletin authorization process. If the Owner decides to disagree with the Contractor and the Contractor disagrees with the Owner's decision, the Contractor must complete the Work and may deliver notice of a claim in accordance with the claim submittal process. No proposal or claim by the Contractor due to differing site conditions will be allowed (a) if the Contractor knew of their existence before submitting its Bid or if those conditions could have been discovered by any reasonable examinations for which the Contractor, as Bidder, was made responsible under the Bidding Requirements and/or (b) unless the Contractor's notice is provided on a timely basis and gives the Owner adequate opportunity to investigate the asserted differing site conditions.

6.3 Responsibilities for Underground Utilities: The Contractor must comply with the 1974 PA 53, as amended, MCL 460.701 et seq., and all other Laws concerning Underground Utilities. Before performing site Work, all Underground Utilities, lines and cables (public and private) must be located and marked. The Contractor must notify MISS DIG to locate and mark utilities on properties that are not State properties. In addition, the Contractor must be responsible for immediately notifying the Owner of any contact with or damage to Underground Utilities, and for the safety, protection of and repairing any damage done to any Work, surface and subsurface facilities. If the Contractor encounters Underground Utilities that inaccurately located by the Contract Documents or not previously located/marked, which could not be reasonably have been seen, the Owner may issue a written Contract Change Order to amend the Contract Price or Time through the Bulletin authorization process.

6.4 Hazardous Material Conditions: If the Contractor encounters material reasonably believed to be Hazardous Material, which was not described in the Drawings and/or Specifications and was not generated or brought to the site by the Contractor, the Contractor shall immediately stop all affected work, give written notice to the Owner of the conditions encountered, and take appropriate health and safety precautions in accordance with all federal, State and local laws. Upon receipt of the notice, the Owner will investigate the conditions and (a) may stop the Work and terminate the affected Work or the Contract for convenience; (b) may contract others to have the Hazardous Material removed or rendered harmless or; (c) issue a written Contract Change Order to amend the Contract Price/Time through the Bulletin authorization process. If the Hazardous Material is brought to site by the Contractor or as a result in whole or in part from any of its violation of any Law covering the use, handling, storage, disposal of, processing, transport and transfer or from any other act or omission within its control, the Contractor is responsible for the Delay and costs to clean up the site, remove and render harmless the Hazardous Material to the satisfaction of the Owner, State and all Political Subdivisions with jurisdiction.

6.5 Incidents with Archaeological Features: The Contractor must immediately notify the Owner in writing of any Archeological Feature deposits encountered at the site and must protect the deposits in a satisfactory manner. If the Contractor encounters such features, which result in an anticipated change to the Contract Price/Time, the Owner may issue a written Contract Change Order through the Bulletin authorization process.

6.6 Unit Price Work: Quantities as listed have been carefully estimated but are not guaranteed. The Owner reserves the right to increase or decrease the quantities of the Work to be performed at the Unit Price by amounts up to 20 percent of the listed estimated quantities. For Unit Price Work, the Contractor must promptly inform the Professional in writing if actual quantities differ from the estimated quantities for any item. For quantities over 120% or below 80% of the estimated quantity, the Owner may negotiate a Unit Price with the Contractor, or direct a unilateral change, or bid that Work under separate contract. Any adjusted Unit Price agreed upon by the Owner will only apply to the actual quantities above 120% or below 80% of the estimated quantity. No adjustment due to quantity variations must be allowed (a) unless the Contractor met the notice requirements, or (b) if any Unit Price increase results in whole or in part from any act or omission within the control of the Contractor (errors in the Contractor's Bid, unbalanced Unit Prices, etc.). If a dispute arise between the Owner and the

Contractor on the adjusted Unit Price, the Contractor must carry on the Work with due diligence during the disputes/disagreements.

6.7 Cash Allowances; Provisionary Allowances: The Contractor must obtain the Professional's and Project Director's written acceptance before providing materials, equipment, or other items covered by Cash Allowance. Work authorized under any Provisionary Allowance may consist of (a) changes required by actual conditions, as determined by the **Professional**, and (b) any other Work authorized and completed under the pertinent provisions of the Contract Documents.

6.8 Changes in Contract Price:

6.8.1 The Contractor's proposals or claims for Work Involved must detail all affected items of Work, whether increased, revised, added or deleted, and must be fully documented and itemized as to (a) individual adds and deducts in Work quantities and labor man-hours; (b) corresponding itemized cost of Work Involved; (c) materials and equipment cost including transportation, storage and suppliers' field services; and (d) Fee.

6.8.2 For Contractor's proposals or claims for adjustments in Contract Price arising from Delays, the Contractor's estimates must be as comprehensive and detailed as may be appropriate to support the proposal or claim. Examples of related information include labor manpower levels, production data and Progress Schedule revision.

6.8.3 If the Contract Documents use lump sum or Unit Prices for the Work Involved, those prices must be used in estimating the price change. Otherwise, the Owner may direct the Contractor to proceed (a) on a negotiated lump sum; or (b) on an actual cost basis with or without a guaranteed maximum; or (c) through a unilateral Change Order on a lump sum basis or a not-to-exceed basis, based on the Professional's estimate of the anticipated Cost of the Work Involved and a fee. Items making-up the Cost of the Work Involved must be allowable to the extent (a) consistent with those prevailing in the Project locality, (b) necessary, reasonable and clearly allocable to the Work Involved, and (c) limited to labor costs, subcontract costs, material and equipment costs, construction equipment costs and general conditions costs.

6.8.4 In estimating any additional cost by the Contractor or its Subcontractor, the rates for the craft labor man-hour used in estimating changes in Contract Price must not exceed the rates in Means Cost Data (Means) or other cost guide acceptable to the Owner. If the rates exceed the acceptable cost guides, the Contractor must provide proper justifications acceptable to the Professional and the Owner. The payroll costs may be used to quote a Bulletin. However, the payroll costs must include wages, labor burdens and a factor for field supplies and purchase costs (less market values if not consumed) of tools not owned by the workers. Labor burdens must be certified by an authorized financial representative of the Contractor and may include social security, unemployment, taxes, workers' compensation, health and retirement benefits, vacation and holiday pay. The factor for field supplies and tools (individually valued at less than $1,000.00) must not exceed 4% of the wages without burdens, unless detailed data, which supports higher costs, is provided. Rates for owned, rented or leased construction equipment must be in accordance with the contract price rates. Otherwise, the appropriate hourly, daily, weekly or monthly rates listed in Means must be used. However, if the total rental or lease cost of an item to the Project exceeds the reasonable purchase price of the rented or leased item, the Owner reserves the right to pay only the purchase price of the item and take title to the item. Operating cost must not exceed the hourly operating rate in Means and for multiple shifts, rates must not exceed the shift work adjustments recommended in the cost guide.
